

Toronto Markets.

PRODUCE.

The movement has been rather small since our last, as is usual at this season; prices have been fairly steady. Stocks were on the 7th inst., as follows:—Flour, 6,246 barrels; wheat, 54,701 bushels; oats, 1,415 bushels; barley, 69,334 bushels; peas, 18,814 bushels; rye, 770; corn, 1,306. There were in sight on the 28th of November, 9,766,000 bushels of wheat, and 1,862,000 bushels of barley, against 7,415,000 of wheat, and 1,833,000 of barley in 1873.

FLLOUR.—There has been but little offered all week, but that little has sold at steady prices. Extra sold at \$4.40 l.o.b. on Tuesday. Fancy sold at \$4.25 l.o.b. on Monday. Spring wheat extra brought \$4.15 last week and on Tuesday. Superfine has been quiet, but sold at about \$3.80. A car-load of fine changed hands on Tuesday at \$3.50 l.o.b. Superior extra has been easy and sold at \$4.92 and \$5.15. The market yesterday closed quiet but steady. Very choice spring wheat extra brought \$4.20 but average quality was offered at \$4.15.

OATMEAL.—It has remained generally steady with car-lots worth about \$5 to \$5.10. Small lots sell at \$5.25 to \$5.75.

WHEAT.—It has been in good demand but scarce all week. No. 1 fall has not been offered. On Friday No. 2 fall, f.o.b. and well and No. 1 spring sold at 97c. f.o.b. all round, and the same price was paid for No. 1 spring alone on Monday. The market on Tuesday seemed rather easier with no movement. Yesterday No. 2 fall sold at 97c. f.o.b., and spring could have been bought at 96c. On the street fall sold at \$1, and treddwell at 94c., and spring at 93c.

OATS.—Prices have been firmer than at our last. Car-lots sold at 41 and 42c. on the track last week; at 42 and 42½c. on Monday, and at 41½c. on Tuesday. Yesterday a car on the Nipissing track brought 43c. Street price 44c.

BARLEY.—An advance in Albany and New York has stimulated the market somewhat. A round lot changed hands last week at \$1.11 f.o.b., and another this week at \$1.10 f.o.b. On Tuesday a car of No. 1 brought \$1.12 on the track, and No. 3 sold at \$1. The market yesterday closed firm and active with sales of several cars at \$1.13 for No. 1, and \$1.11 for No. 2 f.o.b. cars. Street prices \$1.10 to \$1.12.

PEAS.—Have been in active demand at firm prices. Last week car-lots of No. 1 sold at 81c. and 82c. f.o.c. On Monday No. 1 sold at 81c. f.o.c., and about 20 cars of unselected at an outside point at 75 to 80c. No sales yesterday but market steady. Street prices 75 to 79c.

RYE.—Is worth 70c. on the street.

EGGS.—Are rather easier, but sell fairly well at 20 to 21c., if well packed.

PORK.—Is quiet but steady at \$22 to \$22.50.

LARD.—Goes off as soon as offered at 14½ to 15c.; a lot changed hands at 14c.

HOGS.—Car lots have been selling at \$7.85 to \$8, and these prices would be repeated; for one small lot of choice \$8.25 has been paid.

SALT.—Liverpool is unchanged and Gedrelich about 5c. lower.

Special Notice.

ELECTRICITY! THOMAS' EXCELSIOR ELECTRIC OIL!—WORTH TEN TIMES ITS WEIGHT IN GOLD.—Pain cannot stay where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cent's worth has cured an old standing cough. It positively cures catarrh, asthma, and croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years' standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, would be sufficient to satisfy the most skeptical: J. Collard of Sparta, Ontario, writes, "Send me 6 doz. Dr. Thomas' Electric Oil, have sold all I had from you and want more now; its cures are truly wonderful." Wm. Maguire, of Franklin, writes, "I have sold all the agent left, it acts like a charm—it was slow at first, but takes splendidly now." H. Cole, of Iona, writes, "Please forward 6 doz. Thomas' Electric Oil, I am nearly out, nothing equals it. It is highly recommended by those who have used it." J. Bedford, Thamesville, writes, "Send at once a further supply of Electric Oil, I have only 1 bottle left. I never saw anything sell so well and give such general satisfaction." J. Thompson, Woodward, writes, "Send me some more Electric Oil. I have sold entirely out. Nothing takes like it." Miller & Boed, Ulverton, P. Q., writes, "The Electric Oil is getting a great reputation here, and is daily called for. Send us a further supply without delay." Lemoyne, Gibb & Co., Buckingham, P. Q., writes, "Send us one gross Electric Oil. We find it to take well."

Sold by all medicine dealers. Price 25 cents.

PRESBYTERIAN Year Book & Almanac

(FOR THE YEAR 1875). And to be continued Yearly.

Edited by REV. JAMES CAMERON, CHATSWORTH, ONT. WILL BE OUT EARLY IN DECEMBER.

The YEAR BOOK is intended to be a handy book of reference on all important matters connected with the Presbyterian Churches of British North America; a means further of spreading information among Presbyterian people as to the history, work and prospects of the Presbyterian Church in this land and in other lands, as a beginning also in the work of collecting statistical, ecclesiastical and historical materials, that may be useful in after times as a contribution to the history of the Presbyterian Church in Canada to her sister Presbyteries offering, lastly, from Canada to her sister Presbyteries, a means of ascertaining the strength of Presbyterianism in Christendom, of bringing its scattered branches to know each other better, and of uniting them in such work as may be common and profitable to both.

The YEAR BOOK will therefore, contain a calendar marked with days famous in Presbyterian history; the officers and members of the Church; names of ministers, and members of the four Churches now existing in the Dominion, with the Presbyteries, Colleges in the Dominion, with the names of Professors and subjects of study; sketches of the origin and progress of some of our leading Presbyterian Congregations; a glimpse of the work of the Presbyterian Church in other parts of the world; objects of Presbyterian benevolence in Canada; and during the past year, together in Canada and elsewhere, of practical articles of practical interest, such as Presbyterian Literature, the Dominion, Pastoral Sustentiation Fund, Mission Work, and Ecumenical Council of Presbyterian Churches.

Correspondence has been opened up with leading men in various countries for obtaining official documents and personal information, and our replies have been prompt and cordial.

Neatly bound in silk paper, wrapper, 25 cents. In Limp Cloth, 40 cents.

A REPRESENTATIVE & CHAMPION OF AMERICAN ART TASTE!

Prospectus for 1876—Eighth Year.

THE ALDINE.

The ART JOURNAL of America.

ISSUED MONTHLY

"A Magnificent Conception Wonderfully carried out."

The necessity of a popular medium for the representation of the productions of our great artists has always been recognized, and many attempts have been made to meet the want. The successive failures which so invariably followed each attempt in this country to establish an art journal, did not prove the indifference of the people of America to the claims of high art. So soon as a paper approached the want and an ability to meet it, it was shown, the public at once rallied with enthusiasm to its support, and the result was a great artistic and commercial triumph—THE ALDINE.

THE ALDINE, while issued with all the regularity and interest of any other art journal, is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number adds to the pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it is bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and an American art journal, and always given to the American art-lover, absolutely without competition in price or character. The possessor of a complete volume can not duplicate the quantity of fine paper and engravings in any other shape or number of volumes for the same cost; and then, there is the artistic feature of THE ALDINE must be taken in no narrow sense. True art is cosmopolitan. While THE ALDINE is a strictly American institution it does not confine itself entirely to the reproduction of native art. It is anxious to cultivate a broad and appreciative art taste, one that will discriminate only on grounds of intrinsic merit. Thus, while placing before the patrons of THE ALDINE, as a leading art center, the productions of the most noted American artists, attention is also given to specimens from foreign masters, giving subscribers all the pleasure and instruction obtainable from home or foreign sources.

The artistic illustration of American scenery, original with THE ALDINE, and its plates are of a size and proportion to the satisfactory treatment of details than can be afforded by any inferior page. The judicious interposition of landscape, marine, figure, and animal subjects, sustain an unabated interest, impossible to give to the copy of the work done in a single style of subject.

The literature of THE ALDINE is a light and graceful accompaniment, worthy of the artistic features, with only such technical discussions as do not interfere with the popular interest of the work.

PREMIUM FOR 1875.

Every subscriber for 1875 will receive a beautiful portrait, in oil, of the same noble dog whose picture in a former issue attracted so much attention.

MAN'S UNSELFISH FRIEND

will be welcome in every home. Everybody loves such a dog, and it seems the veritable presence of the animal itself. The Rev. T. De Witt Talmage tells that his own Newfoundland dog the finest in Brooklyn barks at it! Although the animal is a dog, he is a man's friend, and will have the slightest touch of his hand.

Besides the chronic, every advanced subscriber to THE ALDINE for 1875 is constituted a member, and entitled to all the privileges of

THE ALDINE ART UNION.

The Union owns the originals of all THE ALDINE pictures, which, with other paintings and engravings, are to be distributed among the members. To every series of 5,000 subscribers, 100 different pieces, valued at over \$2,500 are distributed as soon as the series is full, and the awards of each series are to be published in the next succeeding issue of THE ALDINE. Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation of this excellent medicine enjoys, derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous diseases, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the venereal contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease manifest themselves, or ultimately cured by its action. Persons afflicted with the following complaints, should immediately resort to its use, at length, cure, by the use of this Sarsaparilla:—Leucorrhoea, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions of visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and the various Ulcerous affections of the muscular and nervous systems.

Syphilitic or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhoea or Whites, Uterine Ulcerations, and Female Diseases, are commonly soon relieved, and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Intermitting Fevers, Biliousness, Constipation or Jaundice, and all the various ailments, when arising, as they often do, from the rankling poisons in the blood. This Sarsaparilla is a great restorer for the strength and vigor of the system. Those who are languid and listless, despondent, sleepless, and afflicted with nervous prostration or Fevers, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild, but efficient purgative medicine.

The obvious reason is, that it is a more reliable and more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands of certificates of cures of the most remarkable cases of the various humors, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel nor any deleterious ingredients, it may be taken with safety by anybody. Their pleasant taste, makes them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood, and cleanse the stomach, bowels, liver, and other organs of the body, restoring their regular action to health, and by correcting wherever they exist, such derangements as are the first origin of disease.

Minute directions are given on the wrapper on which are the following complaints, which these Pills rapidly cure:—

For Dyspepsia or Indigestion, Loss of Appetite, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fever, they should be judiciously taken, to correct the disordered action or remove the obstructions which cause it.

For Dysentery or Diarrhoea, but one mild dose is generally required.

For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Head and Lungs, they should be judiciously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For Dropsy and Dropsical Swellings they should be taken in large and frequent doses to produce the effect of a drastic purge.

For Suppression a large dose should be taken as it produces the desired effect by sympathy.

As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels languid, often finds that a dose of these Pills makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

CELEBRATED

LIVER PILLS,

FOR THE CURE OF

Hepatitis or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE.

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder-blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for a rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. M'LANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.
