Dear Mr. Reiner:

I thank you most heartily for your kind letter of congratulation. Had I not been called away rather unexpectedly from Berlin, it should have received an early acknowledgment.

It is not my victory so much as it is yours, for it is owing entirely to the splendid work of the boys throughout the riding that the triumph of a week ago is due. I appreciate more than I can say, the splendid showing made by Wellesley, both the township and Wellesley Village. I look forward to visiting Wellesley some day next week, when I shall have an opportunity of thanking in person many of the good friends who have worked so hard on my behalf. In the meantime please accept again my sincere thanks for your letter and its good wishes, and with renewed regards, believe me always,

Very faithfully yours,

E. K. Reiner Esq.,
