MEMORANDUM CONCERNING DIRECTORY CORRESPONDENCE C 11018

A considerable number of organizations did not reply to my questions by letter but instead sent a circular or pamphlet or other publication. When such a publication really contained a reply to my questions it was used as the basis of the directory card, but a considerable portion of the organizations have apparently not been doing work of a kind that would lead to their being properly included in the directory, and, therefore, in many cases the publications have not been attached to the correspondence.
