350 The al to ivine is is as no Their progress in temporal matters has been marked and decided. No band of Indians in Canada West, considering the time they have been under the care of Missionaries, have made greater progress in liabits of industry and self-reliance. I send you the subjoined extract from the Report of the Commissioners appointed by the Government to visit the several Indian Stations throughout Canada. (See Report, page 57.) The number of acres on the Island, cleared, amount to 2,139, and the produce raised there by the Indians, in the last year (1857) was as follows:—

Wheat (bushels) 1,517	Peas(bushels)	377
Corn "	6,388	Potatoes "	3,965
Oats "	547	Buckwheat "	74
Beans "	418	Hay(tons)	294

They have no regular village, but live more or less scattered on their several clearings. They have 4 frame and 94 log houses, while 41 families still live in wigwams. They have, besides, 28 barns, of which 6 are frame buildings, the remainder being constructed of logs. Their live stock, to the raising of which they pay considerable attention, consists of

Cows	75	Young Horses	150
Yokes of Oxen	41	Pigs	514
Young Cattle	132	Sheep	11
LTaygog		170	

Their farming implements are the same as those in use among the whites, and comprise

The frame barns were erected entirely at the cost of the owners, and during the last year four good log houses have been completed with but small assistance from the Indian Department. The whole of the work was done by the Indians.

There are at present on the Island,-
