NOTICES.

Who wants a 4,000-acre farm, especially adapted to sheep and cattle raising? It is all ready to go right along and make money from, being drained, and also well watered, with 400 acres under cultivation. Such a piece of land is offered for sale elsewhere in this issue by A. R. Code, 1103 Majestic Building, Detroit, Mich.

The Maple Leaf churn advertised elsewhere in this issue by Wilson Bros., Collingwood, Ont., is not claimed by its manufacturers to make more butter than the cream contains, nor do they say it will churn to perfect consistency in from three to five minutes. The facts, however, about this simply-constructed churn are that it is easy to work, easy to clean, and makes excellent butter from good cream in the time that the best authorities claim should be taken in churning.

Mr. W. H. Gardner offers for sale in this issue farm lands in all parts of Manitoba on easy terms and low prices. All visitors to the Winnipeg Industrial who are thinking of purchasing farm property in this Province are invited by Mr. Gardner to call on him at 383 Main street, Winnipeg, where they can look over his list and receive information in person. For the convenience of those who cannot call, a list of lands and information will be mailed on request.

As the school holiday season is approaching we would remind teachers and pupils of the special teachers' session to be held at Belleville Business College, of which J. Frith Jeffers, M.A., is principal, during July and August. The full session will cover seven weeks, from July 5th to August 20th, but it is arranged that those who can spend only three to five weeks at the school may accomplish definite work. We would recommend those who desire to thus improve their vacation weeks to write the Principal Belleville Business College at once for a handsome circular containing much information. As the school holiday season is approaching

Capt. T. E. Robson, Ilderton, Ont., has purchased from Mr. H. F. Brown, Minneapolis, Minn., the fine show cow Louan 2nd of Browndale and her calf. This cow, we understand, is a graduate of the Minnesota State Fair, having won all the honors that one animal is permitted to compete for in that Institution, and her being barred there is probably the only reason she could be secured for Canada, the land of liberty, where the best is allowed to win without let or hindrance.

Attention is directed to a change in their advertisement.

They go to the stables of Mr. McKenzie, of Burnside, a horseman who will keep only the best, and a successful farmer of the Portage Plains. It will be remembered these mares were illustrated in the FARMER'S ADVOCATE of October 15, 1897. They are half-sisters by Westfield Stamp (imported) (1819), and out of Boydston Lass 3rd and Kate Hill. Boyston Lass 7th won first as a foal, as a 2-year-old, and as a 3-year-old at the Toronto Industrial, and at the same exhibition Kate Hill 3rd won first as a 2-year-old, as well as the championship over all ages.
