## They're Safe From "Flying Sparks" When Protected With Brantford Roofing

TRENTON COOPERAGE MILLS, Limited

MANUFACTURERS OF

HOOPS, HEADING, STAVES

Read the letter of the Trenton Cooperage Mills. Learn how the buildings covered with Brantford Roofing were saved from fire. Certainly Brantford Roofing was given a severe test at this fire.

Here is another proof of the fire-resistant qualities of Brantford Roofing: Along with slate and iron, Brantford Roofing is accepted by the City Architect and Chief of the Fire Department for use in the most congested district in Toronto. We have a certificate to that effect. Do you know of any other ready roofing that has such a certificate? We think not.

The Toronto officials recognize a real fire-resistant roofing when they find one. So do the fire insurance companies. They will give you lower rates for buildings covered with Brantford Roofing. This is a consideration worth thinking about when buying roofing material.

You can put Brantford Roofing on your home or barn or any other building and feel sure that it has a fire-proof roof. You can erect the building right beside the railway track. "Flying sparks" are no menace to a roof protected with Brantford Roofing.

You have your choice of three different finishes of Brantford Roofing. ASPHALT has a silica sand finish. RUBBER has a smooth, rubbery surface, but contains no India Rubber. CRYSTAL has a mineral surface, like rock crystals. Brantford Asphalt and Rubber are made in the heavy grades. Brantford Crystal in heavy weight only.

You cannot also get a roofing material so cheap by its price. Lower-grade materials cost you at least the same price as Brantford Roofing.

Get our big Brantford Roofing Catalogue, showing you in Brantford Roofing, high quality, and the reasons. They procure today's materials, and are ready to ship by next mail. We will send you a copy of the book by next mail. We will also send you a copy of the book by next mail. We will also send you a copy of the book by next mail.

Brantford Roofing Co., Ltd., Brantford, Canada

Messrs. The Brantford Roofing Co.,  
BRANTFORD, ONT.

Gentlemen,-

We have much pleasure in telling you frankly, that your Brantford Roofing, proved in our recent fire to be practically fire-proof.

The buildings that surrounded the burned barrel Factory, were covered with your one ply Roofing, and stood the intense heat, and shower of cinders, blowing directly on them by a very strong wind, splendidly, and saved the sheds from catching.

We might say, that no water was used on these sheds, and if your Roofing had not been fire-proof, they certainly would have burned.

We assure you, that you do not exaggerate the quality of your goods, and Brantford Roofing, has been to us, all you claimed for it.

WAB.

Yours faithfully,  
TRENTON COOPERAGE MILLS LIMITED
