

Mower Power

Massey-Harris Mowers
Have Ample Power
For the Heaviest Cutting

NOTE THE DRIVE WHEELS—High, broad-faced and liberally supplied with traction lugs, both are drivers. Ratchets have 4 paws and 27 cogs—no lost motion—no "flying start" necessary.

Under Draft

Greatly increases the power by overcoming the tendency of the wheels to lift from the ground in heavy cutting. THE HARDER THE PULL, THE HARDER DO THE DRIVE WHEELS BEAR ON THE GROUND.

Powerful Gearing

Power is transmitted by means of gears which are strong and substantial, and, being properly fitted, they run easily and with a minimum of wear.

GOSSIP.

The Oxfordshire Show, held last month at Headington, this year was a centenary show, and special efforts were put forth to make it a greater event than usual, the result being one of the most successful in the history of the Society. Cattle, sheep and swine, the outstanding features, Shorthorns being the strongest in numbers, with Jerseys a close second.

Volume 32, of the Clydesdale Studbook of Great Britain and Ireland, has been issued, and a copy received at this office, by the courtesy of the Secretary and Editor, Archibald MacNeillage, 93 Hope street, Glasgow. This volume is the largest issued in the life of the Society, and fittingly illustrates the increasing popularity of the breed. The book contains 1,294 pages, and the pedigrees of 577 stallions, numbering from 14889 to 15466; and 2,472 mares, numbering from 21998 to 24470, a grand total of 3,049.

FAIRVIEW HOLSTEINS.

Marked improvement in quality, type and production is the annual order of things in the Fairview Holstein herd of F. Abbot, of Harrietsville, Ont. The chief stock bull in service is Sir Axie Posh De Kol, by Sir Pietertje Posch De Boer, whose dam and sire's dam have records that average 25.67 lbs. butter in seven days, and his dam, Axie De Kol of Riverside, has a record of 22 lbs., and her dam a record of 17.77 lbs.; thus his four nearest dams have records that average 22½ lbs., most intensive breeding, that will surely tell on his offspring. The females of the herd are a right nice lot, two-year-old heifers, with records up to 15½ lbs.; others under two years with records up to 12.99 lbs., and older ones with records up to 18½ lbs. The nicking of such breeding as this must produce something worth talking about. The herd is a large one, the majority of them being young, among which are about a dozen heifer calves and seven bull calves.

FEAST OR FAMINE IN HOG INDUSTRY.

Sanders Spencer, who recently retired after fifty years of pig breeding, has been writing to the Old Country press on the price of hogs and bacon. In Mr. Spencer's opinion, the present scarcity and high price of pigs is simply a periodical one, intensified by conditions which are well known to those who have made an extended study of the conditions affecting the market.

The rises and falls in the market value of pigs come invariably each four or five years, and at each period of depression comes the usual stampede of pig breeders and feeders. Such a stampede came about one and a half years ago, and now matters are tending to another depression within the space of two years, unless the crazy rush everywhere observable brings about abnormal results.

Mr. Spencer adduces, too, amongst the many indications of reduced value, the enormously reduced proportion of female fat pigs sent to market, and the extravagantly high price of fat sows.

TRADE TOPIC.

REGARDING SEPARATORS.—To one interested in the purchase of a cream separator of any kind, it will be interesting to know that the De Laval Separator Co. publish periodically a very neat and quite comprehensive pamphlet on the subject of separators, from which may be gleaned many interesting items. One should learn all that may be learned regarding machines before buying, and, therefore, the reader will do well to write the company for their issue on the subject.

THEIR FINGERS WERE STICKY.

Commenting on the comparatively small salaries allowed by Congress for services rendered in the Executive branch of the Government, and the more liberal pay of some of the officials, a man in public life said:

"It reminds me of the way a gang of laborers used to be paid down my way. The money was thrown at a ladder, and what stuck to the rungs went to the workers, while that which fell through went to the bosses."

GET OUT QUICK

That is what happens to disk filled and other common, complicated cream separators when farmers try them in comparison with simple, sanitary, easy to clean, wear a lifetime

Sharples Dairy Tubular Cream Separators

Why? Because common, complicated machines are out of date with their top heavy bowls containing 40 to 60 disks or other parts as hard to clean. And

because Sharples Dairy Tubulars have suspended, self-balancing bowls containing neither disks nor other contraptions, yet produce twice the skimming force, skim twice as clean, skim faster and wash several times easier than common separators. That is why farmers all over the world call Tubulars "The World's Best".

The manufacture of Tubulars is one of Canada's leading industries. Sales easily exceed most, if not all, others combined. Probably replace more common separators than any one maker of such machines sells.

WALTER HALL, Washington, Ont.

While William Jennings Bryan was in Reading, Pennsylvania, one day a cheerful idiot enquired whether he really believed that advertising paid.

In its terseness and wisdom Mr. Bryan's answer might be likened to the philosophy of one Solomon. Said he: "The fellow who tries to attract business without advertising is like the young man who throws his sweetheart a silent kiss in the dark. He knows what he is doing—but no one else does."

Troubled With Backache For Years.

Now Completely Cured
By the Use Of
DOAN'S KIDNEY PILLS.

Mrs. W. C. Doerr, 13 Brighton St., London, Ont., writes:—"It is with pleasure that I thank you for the good your Doan's Kidney Pills have done me. Have been troubled with backache for years. Nothing helped me until a friend brought me a box of your Kidney Pills. I began to take them and took four boxes, and am glad to say that I am cured entirely and can do all my own work and feel as good as I used to before taken sick. I am positive Doan's Kidney Pills are all you claim them to be, and I advise all kidney sufferers to give them a fair trial."

Let Doan's Kidney Pills do for you what they have done for thousands of others. They cure all forms of kidney trouble and they cure to stay cured.

Price, 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering specify "Doan's."
