KOOTENAY FRUIT LAN

Farmer who knew said that if a man did not have the money to buy a manure spreader, he could afford to borrow it, pay 50 per cent interest, and still make money.

Call of the change the rate of feed, return start the machine, or stop it.

Then again there is the view to feature not found on any other space know that when hist starting the

SEPTEMBER 18, 1907

This shows how extremely profitable the not properly loaded the manuuse of a manure spreader is.

yard manure, the only fertilizer produced on this irregular feeding. It the farm, fully 100 per cent, and when you before it reaches the cylinder remember that this barnyard manure is an even and uniform distribution.

worth \$2.00 or more per ton, you know how much money a spreader makes for you on every ton of manure hauled into the field.

Of course, you must be sure and buy a good spreader. We mean a strong, dependable, practical machine—one that you can load up about these spreaders—both wheels are driven about these spreaders—both wheels are driven. after day and drive into the field with wheels, the steel wheels cut under the absolute certainty that it will spread as many the apron never bin

loads per acre as you desire.

The I. H. C. spreaders, Corn King and Cloverleaf, will do this. They can be regulated to spread any number from 3 to 30 loads per acre. The principal point of difference fully. The local is in the apron. The Corn King is a feturn gladly demonstrate t apron machine and the Cloverleaf an endless apron machine. Both spreaders are replete hangers, or other infe

up against the cylinder and clog it. For It will make more than 50 per cent per year great chunks will be thrown out until the on the investment.

It increases the fertilizing value of barn
Cloverleaf and Corn King spreaders preven

with valuable features, not found on other spreaders.

For instance, the single lever on the I. H. C.

OXYDONOR is not a drug nor a medicine, nor does it operate on any principle it operate on any principle known to medication.

OXYDONOR causes disease to disappear because IT TREATS LIFE. By its application, the human organism is fortified to any degree necessary to rid itself of disease, as long as the vital organs can play their part.

Oxydonor

is the cheapest as well as the best way out of disease. It is not difficult to apply. It can be carried in the pocket and used any time. In every form of disease, the action of the OXYDONOR is the same—it intensifies vital force.

Mr. W. B. RRYNOLDS, Halifax, N. S., writes Dec. 23, 1905: "I consider your Oxydonor a little wonder. After using it a few weeks, Rheumatism, from which I was suffering for a year or more, entirely left me. No person afflicted with Rheumatism should be without one."

OXYDONOR is a necessity for every man, woman and child on earth. It will serve the family, and last a lifetime.

Write for our descriptive literature. It is important you should have it.

BEWARE OF PRAUDULENT IMITATIONS. There is BUT ONE CENUINE, Oxydonor—and that has the name of the originator—DR. H. SANCHE—engraved in the metal. Look for the name.
