Secretary

Six Years of Success in Farm Use

That, we feel, is the most
important word we can
give you about Lalley-
Light.

Six years in successful use
prove it reliable, durable,
economical.

Lalley-Light offers proved
performance—experience.
It assures ample power,
brilliant, unflickering light,
and plenty of it—as own-
ers' letters will tell you.
You risk no doubt, no
uncertainty.

It means labor saved at
churn, separator, washing
machine. It means city
conveniences—running
water, vacuum cleaner,
electric iron. It means a

better home—with bright,
safe, reliable light.

Lalley-Light is a direct-
connected plant. Starts
at the turn of a switch,
located wherever you
choose. Stops when bat-
teries are charged. Runs
on gasoline, kerosene or
natural gas. Needs no
adjustment for starting
or running.

BARGAINS IN USED TRACTORS

We have the following second-hand Tractors, Plow and Separator to
offer for cash F.O.B. Saskatoon, all are in good shape, with the exception
of the five bottom plow which requires a little overhauling. These are
great bargains, all the engines being of English manufacture and it
would pay you well to consider these before buying elsewhere.

Tractors made by **Saunderson & Mills, Bedford, England:**

one fifty horse power four cylinder tractor	\$1,500
one thirty horse power four cylinder tractor	1,200
two fifteen horse power two cylinder tractors, each	875
one eight horse power one cylinder, air cooled, with lorry body,	
tractor	475
one small English threshing machine, capacity about 400 bushels of	
wheat per day	475
one five gang self lift Avery plow with four breaker bottoms	150
two twenty horse power two cylinder tractors, made by the Haris	
shipbuilding and Engineering Co., Ltd., Hull, England, each	975
one sixty horse power two cylinder tractor made by Ruston, Pro-	
ctor & Co., Ltd., Lincoln, England. This tractor has not been used except	
for demonstration purposes and we have instructions to sell same. Price	3,000
includes portable hydraulic hoist, horse power engine, without wheels, wants	
overhauling	50

The British-Canadian Agricultural Tractors, Limited
Ontario Avenue P.O. Box 485 Saskatoon, Canada
