Lacto-Preparata.

A PREPARED HUMAN MILK PERFECTLY STERILIZED.
ESPECIALLY DESIGNED FOR INFANTS FROM BIRTH TO
SIX OR EIGHT MONTHS OF AGE.

Made wholly from cow's milk, with the exception that the fat of the milk is partially replaced by cocoa butter. Cocoa butter is identical with milk fat in food value and digestibility, being deficient only in the principle which causes rancidity. The milk in Lacto-Preparata is treated with Extract of Pancreas at a temperature of 145 degrees, a sufficient length of time to render twenty-five per cent. of the casein soluble, and partially prepare the fat for assimilation. In this process the remaining portion of the casein not peptonized, is acted upon by the pancreatic ferment in such a manner as to destroy its tough, tenacious character, so that it will coagulate in light and flocculent curds, like the casein in human milk.

THREE SIZES:—25c., 50c., \$1.00.

CARNRICK'S SOLUBLE FOOD

For Children over age mentioned above.

During the past season a large number of Physicians and eminent Chemists visited our Laboratory at Goshen, N. Y., and witnessed every detail connected with the production of Carnrick's Soluble Food. This invitation to witness our process is continuously open to Physicians and Chemists. All expenses from New York to Goshen and return will be paid by us. The care used in gathering the milk, its sterilization, and the cleanliness exercised in every step, cannot be excelled. Soluble Food has been improved by increasing the quantity of milk sugar and partially replacing the milk fat with cocoa butter.

THREE SIZES:—25c., 50c., \$1.00.

Phospho-Caffein Comp.

(GRANULAR EFFERVESCENT.)

A SEDATIVE NERVE AND BRAIN FOOD.

This preparation has been thoroughly tested, and found to produce the happiest effects in Headaches, Neuralgias, Sleeplessness and General Nervous Irritability. We are confident that above combination will be found superior to any of the various preparations that are used in nervous affections. It is not only a nerve sedative but a Brain and Nerve Food. The depressing effects of the sedative ingredients are fully overcome by its reconstructive constituents.

As a harmful and positive remedy in Headaches and Insomnia, it has no equal.
