At last! The Huns have come nearer to us. Let us not be dismayed over the fact. No, it is the greatest stimulant this vast continent could possibly wish for. Put Muzzle on Farmers

NO MORE SUCH MEETINGS

Inspector of Detectives Says That The Government Must Not Be Assailed

"The farmers will hold no more meetings in Toronto of the character of the one held yesterday," Inspector of Detectives George Kennedy.

Toronto, June 8.—"If I had had any idea that their meeting at Massey Hall was to have been for the purpose of denouncing the Government I would have attended and read their order-in-Council No. 17," declared Inspector Kennedy today, "I would have advised them to go home and continue their work on the farms, and if they had refused I would have given them an opportunity to do some work on the Industrial Farm."

"These men are lying on the fat of the land and are exempt from many of the taxes that others are liable to, and are in a sense a specially preferred class. They are apparently satisfied to let other people do the fighting, and do not want their sons to do their share."

The Order-in-Council

Order-in-Council No. 17, passed April 16th, 1918, reads:

1. It shall be an offense:

(a) To print, publish or publicly express any adverse or unfavorable statement, report or opinion concerning the causes of the present war, or the motives or purposes for which Canada of the United Kingdom of Great Britain and Ireland or any of the allied nations entered upon or prosecutes the same, which may tend to arouse hostile feeling, create unrest or unsettle or inflame public opinion.

(b) To print, publish or publicly express any adverse or unfavorable statement concerning the action of Canada, the United Kingdom of Great Britain and Ireland or any allied nation in prosecuting the war;

(c) To print or give public expression or circulation to any false statement or report respecting the work or activities of any department, branch or office of the Public Service or the service or activities of Canada's military or naval forces, which may tend to inflame public opinion and thereby hamper the Government of Canada or prejudicially affect its military or naval forces in the prosecution of the war.

A Warning

Asked what action would be taken in event of another meeting of a similar character being held, Inspector Kennedy said: "If they attempt to hold another meeting like that, wasting time, when they should be on their farms, steps will be taken to proceed against them under the order-in-Council already mentioned."

District Dashes

The weekly meeting of St. Andrew's British League was well attended on Thursday evening, when the officers and members of the League presented Capt. (Rev.) V. O. Boyle, M.A., who is leaving shortly for Winnipeg to take up duties as a Chaplain for overseas, with a beautiful pocket Bible and an address—Picton Gazette.

At a recent sale in Colborne the auctioneer, Mr. J. R. Battisby announced that while at a sale in Peterborough a soldier's mother had handed him one dollar with the request that he hand it to Colborne women engaged in patriotic work. She explained that during a battle in France her son and a couple of others lay wounded and unable to move for many hours, and were suffering from hunger and thirst, when a Colborne boy passing along, kindly gave them a parcel yet unopened and just received from one of the Women's Associations in Colborne. The boy, who shared it with his wounded comrades, said he believed the contents of that parcel saved their lives. He asked his mother to express his gratitude to the Colborne women and let them know the good done by the timely arrival of their parcel and the boys whom he did not know.—Express.

Lt. Chas. Hastings, who has been overseas since 1914, lately being connected with the Canadian war records staff in London, has arrived in Canada, and he visited in Cobourg this week. An excellent historical record has been compiled of the work of the Canadian forces in this war, and a branch of the war records is to be opened at Ottawa, where Lt. Hastings will be in future.

Lt. Hastings is a former Peterborough newspaper reporter who was on the Examiner staff.

Mr. Arthur Ellison, Picton, who for some time past has occupied the premises on Main street just east of Ed. W. Case's drug store, has moved his gents furnishing and clothing business to the store recently vacated by Mr. J. R. Mulligan. Mr. Ellison now has one of the best locations in town and the store is roomy and most suitable for the display of goods, as well as for the cleaning and pressing department that is also carried on by Mr. Ellison as one of his specialties.

A large industry, employing between 400 and 500 hands is negotiating with the city authorities for location in Peterborough. The officers of this big concern have in view the old Canadian Cordage building recently vacated by the Metal Products Co., as suitable premises for their factory. And it is to be hoped that in the very near future Peterborough may add another important manufacturing concern to her already not inconsiderable number of industries.

Brockville.—The market Saturday morning was not largely attended, as the farmers are busy otherwise. Eggs sold at 40 cents a dozen, potatoes at \$1.00 per bushel, butter 50 cents a pound, strawberries 30 cents a box, onions 5c a bunch and other garden products accordingly.

On Tuesday Abraham Newgany, a Finn, was taken to the counties jail by Chief Jameson, of Colborne, having been committed for six months on a charge of vagrancy by Reeve Robertson of Colborne. He appears to be simple minded, and has been roaming the country with a bag over his shoulder, in which he carried about a bushel of truck.

Cobourg.—Work on the new Grand Theatre is rapidly nearing completion, and it is expected the place will be ready for occupation early in July. The interior of the theatre presents a pleasing appearance, and it is large and airy, with good ventilation. The theatre is practically completed with the exception of the flooring.

Brockville.—The camp at the exhibition grounds where the Engineers Depot is quartered is growing in size every day, a detachment of 150 men arriving last night and this morning including 70 soldiers from Kingston and 90 from London Ont. The kitchen annex of the mess hall is being enlarged to meet the increasing demand for cooking space and a large corps of men are being kept busy preparing meals for the officers and men. The weekly half-holiday of the soldiers was observed this afternoon and the new arrivals spent their leisure hours sightseeing around town.

On Wednesday the road commissioners of the counties council went

Women in All Parts of Canada

TELL OF THE HEALTH DODD'S KIDNEY PILLS BRING.

They Made a New Woman of Mrs. John Mortimer, Who Was a Victim to Kidney Disease.

Glenavon, Sask. June 10.—(Special)—"Three boxes of Dodd's Kidney Pills made a new woman of me." Those are the words of Mrs. John Mortimer, of this place. They are words that have been used again and again by women in all parts of Canada who have suffered, and who have found relief and cure in Dodd's Kidney Pills.

"I feel it is my duty to let you know what Dodd's Kidney Pills have done for me," Mr. Mortimer continues. "I had a pain in my back, and I could not get out of bed without awful pain. I tried everything, but could get no relief. I was advised to try Dodd's Kidney Pills, and I sent to Toronto for them. The day I received them I took three before going to bed, and I felt a lot better next morning."

"I took them according to directions, and in one week I was as well as ever. I am fifty-five, and am doing all my housework. If I overwork and my back feels weak I take a Dodd's Kidney Pill, and feel better in a few hours. I have recommended them to my friends, and they also have been helped."

If you haven't used Dodd's Kidney Pills ask your neighbors about them.
