PROGRESS OF THE WAR

[April 12 to April 18] O week of the war has produced results more satisfactory to the Enente Allies than the period under review; and it would almost seem that the beginning of the end of the conflict was coming in sight. That another nation, Bolivia, ishing further proof of the widening isola-

from Dixmude to the Meuse the British and the French made most important advances and secured large numbers of prisoners and much war material. The British operations extended from Dixmude to a point northwest of St. Quentin, and they made gains over almost the entire front. They approached much nearer to Lens, which they were closely investing on three sides, and its fall was momentarily expected; and they made ing from north of Soissons eastward to every part of it. The facilities for receiving the Meuse, Reims being the centre of the and entertaining a large number of visitactivities. They met with very great success in spite of the tremendous opposition to have a big demonstration in one part they encountered, taking the enemy's first of the County, let St. Andrews be the line of trenches on nearly the whole front, place to be chosen. and securing over 17,000 unwounded If, however, the observance of the day
