WAR CLOUDS WILL BREAK SATURDAY

Bulgarian Minister Must Leave Athens—He is Under Guard of Soldiers.

GREEKS ARE WARLIKE

Guard Had to be Provided For Prisoners Arriving at Port.

(Canadian Press Despatch)

NEW YORK, July 4.—A cable from Athens says the Bulgarian minister at Athens has been recalled and will leave for Sofia on Saturday. Before giving notice of his recall, the Bulgarian minister again called on the Greek government to order a cessation of hostilities. He also protested against the capture of the Bulgarian detachment at Salonika. In his first declaration to the premier Mr. Venizelos, the minister maintained that a Greco-Bulgarian condominium had been established at Salonika, but Mr. Venizelos protested energetically against this point of view.

Steamships conveying a number of Bulgarian prisoners from Salonika, arrived from Piraeus yesterday. A large crowd was waiting on the quays and to prevent disorder, the harbor master refused to allow the steamships to enter port. There was a demonstration in Athens last night, throngs parading and cheering Mr. Venizelos and Mr. Boskovich, the Servian minister.

The Bulgarian legation is guarded by Greek troops.

Greeks Massacred

LONDON, July 4.—King Constantine of Greece telegraphed per-sonally to-day to the Greek minister in Athens confirming the report of the massacre of Greek soldiers by Bulgarians in Macedonia, and of the extermination of the most horrible nature in the villages through which the Bulgarians retreated.

BUILD A DYKE FOR HOLMEDALE

Board of Works Took Matter Up at Meeting Last Night.

At the meeting of the Board of Works held in the Mayor's office last night the question of raising the bank on either side of the mill-race in the Holmedale was discussed. It is estimated that the cost of doing the work would amount to about \$1500. The Kingsly Company and the Watson Lumber Company agreed to pay half the cost. The work will likely be started in the near future, and when completed will give the mills more motive power.

The members of the Board take exception to the remarks made at the meeting of the Trades and Labor Council in reference to the rolling of a road on Eagle avenue. One of the aldermen stated this morning that the work recently completed on that street was as good as any of the kind in the city.

May Down Stalk

Mr. Lewis gave orders to the men on Carriage Co. yesterday to clean up their old smoke sack, and to be standing in a very dangerous position.

Made Happy

John Brady united in marriage Miss Louise and Agnes Rossiski yesterday last at St. Basil's church.

Return Match

John Ryan and his government official rink will play the return match with the G. S. and M. office staff quartette at the Postime green to-night.

Will Trim Trees

Mayor Hartman and Overseer Howie were on the war path this morning and held an interview with Ald. McEwen, chairman of the Buildings and Grounds committee in reference to having the trees on a number of the streets trimmed. It is claimed that on some of the streets branches of shade trees on private and city property and no more than four feet from the ground—this, they claim, is a public nuisance. The mayor says he will see that the work is done just as soon as a competent man can be secured to do the work.

Veede Health Machine Was Shown at Victoria Hall.

Last night at Victoria Hall the demonstrators of the Veede Health Machine, a marvellous British invention, demonstrated the machine and one of the company gave an excellent lecture, dealing with the powers of the machine. The Veede is a small instrument, containing no electricity and is used either upon the skin or through the clothing. The treatment given by the machine is not harsh, in fact it is not at all unpleasant.

Successful Lawn Social.

A very successful lawn social was held on the grounds of Mr. and Mrs. James McRobb, Palmerston Avenue last night in aid of the fund which is being raised for the purpose of placing stained glass windows in St. Andrew's Presbyterian church. During the evening the St. Andrew's Sabbath School orchestra rendered several selections. There was also a short programme consisting of a solo by Miss Hurley, recitation by Miss Nellie Berry, and piano solos by Miss Ferguson and Mr. Stanley Stevens. The receipts of the evening amounted to \$41.

MONTREAL, July 4.—The incident arising over the intimation of Archbishop Bruchesi which resulted in the non-appearance of Gonzalve DeSaulniers, K.C., at the recent Soiree de la Pensée Française held in Laval University Convocation Hall, has now been closed, correspondence between His Grace the Archbishop and Mr. DeSaulniers having brought out the fact that the whole affair arose over a misunderstanding. Mutual regrets are expressed, and both the Archbishop and Mr. DeSaulniers intimate that they hope the incident will be considered as closed.

France May Have Big Military Revolt

Socialists Stiring Up Trouble—Strongly Protest Against Three Years Service Law—Both Sides Have Strong Argument.

(Associated Press Despatch)

NEW YORK, July 5.—A Paris cable says: According to news reaching here from all parts of France, a general military revolt, accompanied by wholesale desertions, has been organized by the Socialists, especially those of the Labor party, in protest against the three years law. It is said that the revolt will break out as soon as the law finally passes into effect.

The recent incidents at Toul, Belfort and Roulez, according to official information, were only preludes to a general outbreak and this is why the government is now acting so rigorously against the anti-militarists.

With the Central Labor Council dissolved and most of the officials of the confederation in prison awaiting trial, it is hoped that the movement against the safety of the Republic has been checked. There is a general fear, however, that the conspiracy is so widely ramified that more dangerous mutinies will have to be quelled even should the plan for a simultaneous rising by the dissatisfied Socialists in the army fail in their threat of incarceration of the political leaders.

Canadian Securities Gilt-edged Says Sir William.

(Canadian Press Despatch)

WINNIPEG, Man., July 4.—"I consider that Canadian securities are gilt edged," said Sir William Mackenzie, president of the C.N.R., speaking here in reference to recent utterances of Horne Payne in England.

Sir William arrived in the city on what he termed an administrative trip. He stated that the ever increasing population of towns and cities in Western Canada amply justify any borrowing which they have done in the past.

Asked regarding the reported negotiations for the sale of the C.N.R. to the Government, Sir William said: "It is all rot; the government has no such intention, and I think that I would know about it if they had."

NORTH COBALT OUT OF DANGER

Message Received To-Day That Fires Have Abated Up North.

(Canadian Press Despatch)

TORONTO, July 4.—That their station at North Cobalt was now out of danger from bush fires, was the assurance which A. J. McGee, secretary of the Temisging and Northern Ontario Railway Commission, received this morning from Superintendent W. A. Griffin. This relieves the anxiety caused by Mr. Griffin's message last evening stating that a bad bush fire was endangering the railways building.

No other information is conveyed in the message, but Mr. McGee infers from it that general conditions at least in the Cobalt district have taken a turn for the better since the somewhat alarming reports of last night were sent out.

DEMONSTRATION WAS A SUCCESS

Veede Health Machine Was Shown at Victoria Hall.

Last night at Victoria Hall the demonstrators of the Veede Health Machine, a marvellous British invention, demonstrated the machine and one of the company gave an excellent lecture, dealing with the powers of the machine. The Veede is a small instrument, containing no electricity and is used either upon the skin or through the clothing. The treatment given by the machine is not harsh, in fact it is not at all unpleasant.

There was quite a large audience which was very much impressed by the straightforward talk.

At the conclusion of the lecture there was an interval of five minutes, after which the lecturer treated a number of sufferers.

JULY FOURTH IS CELEBRATED QUIETLY

Americans Read the Declaration of Independence in New York Today

SANER AND SAFER

Is Observance of Holiday—No Fireworks in the Capitol.

(Canadian Press Despatch)

NEW YORK, July 4.—New York city's celebration of Independence Day, designed to be saner and safer than ever before, began at 4.33 o'clock with thirteen sunrise guns booming from Van Corlandt Park, the reading of the Declaration of Independence, at historic McGowan's Pass in Central Park, an hour later, and the ringing of most of the city's bells for an hour between 8 and 9.

A slight abatement of the heat wave and fair skies brought out record crowds for the rest of the day's celebration, which was crowded with patriotic exercises and sporting events, notwithstanding that the occasion from the city was reported by the railway and steamship lines as the largest they had ever known.

The official observance by Manhattan Borough consisted of a great morning gathering at the city hall, an unusual and interesting feature of which was the invitation extended to Dr. J. Soyeda, representing the Associated Chambers of Commerce of Japan, to join Mayor Gaynor and other city officials in making addresses.

The afternoon program was crowded with athletic meets, baseball games in practically all of the open spaces in the city and special illumination of public buildings, monuments and parks, on a scale never before attempted here, was planned for the evening.

Although the day opened with the removal of two boys to hospitals for the treatment of serious burns from fire crackers, the list of the day's accidents was expected to be kept down to a record low number.

Quiet in Washington.

WASHINGTON, July 4.—While regarding as an act of patriotism to-day to have a "fireworks festival" Fourth of July because its citizens failed to loosen their purse strings sufficiently to permit of the expenditure. Instead two pageants on the streets of Pennsylvania avenue, tests, patriotic exercises and band concerts will mark the 137th anniversary of the signing of the Declaration of Independence.

No parsimonious have been the citizens of Washington that the proposed celebration of Pennsylvania avenue's broad expanse to-night is impossible. It is the first time in the history of the celebration of the day, according to authorities, that no night program has been arranged.

Strict orders have been given by the police in spite of the total absence of any civic preparations for fireworks display, that the exploding of fire crackers or bombs or of the firing of guns, revolvers or pistols are absolutely prohibited.

The Kaiser Proves That He Is An Expert

He Goes From Stem to Stern Through Italy's Finest Battleship—Knows the Ropes of the Ocean Bull Dogs.

NEW YORK, July 4.—A cable from Berlin says:

Kaiser Wilhelm gave another proof of his thoroughness yesterday at Kiel when his royal visitor, King Victor Emmanuel of Italy, accompanied by Queen Elena, took the German Emperor aboard the Italian battleship, Amalfi, representing the most powerful type of Italian war craft afloat.

King Victor and his flag admiral made the round of the ship's usual when a little amazement, complimented the Kaiser on his perfect knowledge of every item in the make-up of the battleship. The Kaiser, on his part, expressed his satisfaction that King Victor, his ally, possessed ships and men o fit for any emergency.

TORONTO, July 4.—According to the Monetary Times, Canada's fire losses during June amounted to \$3,869,446, this not including losses from forest fires in northern Ontario and New Brunswick. Losses for the same month last year were \$4,229,412. Eighteen lives were lost. The Times' estimate of fire losses for the first half of this year is \$14,325,436 with Ontario leading the provinces with \$3,620,260.

CAUGHT IN ACT OF STEALING IRON

Theft Case at Massey Harris Cleared Up by the Police.

Two foreigners, Ziga Boles and his cousin, John Boles, were arrested yesterday morning at 11 p. m. by P. C. Smith in the act of stealing some valuable tools from Massey-Harris shop. Their homes were searched, and a great quantity of tools and other stolen goods were found. Evidently it was not the first time they had stolen property. It is a good illustration of the proverb of the pitcher going once too often to the well. They were allowed to go on bail of \$100 each. The case will come up in police court on Monday.

The police have received many complaints about the smoke and dust caused by speeding automobiles, and Chief Slemin declares that if the practice does not stop prosecutions will follow.
