CARSCALLEN HOLDS LENNOX

Cross-Appeal of Madole, the Liberal, Abandoned When It Came up.

Deposits not Made to Cover S. Waterloo and S. Wellington Protests.

Toronto, Ont., July 8.—The cross appeal of Mr. Madole in Lennox was dismissed this morning by Mr. Justice Maclellan without argument. Mr. Watson, for Mr. Madole, said the Conservative majority, as given by the judge on the main appeal, was three. The best he could hope to do by going into the cross appeal was to get two votes, and as he could not expect to turn the seat back for Madole he would go on. The appeal was then dismissed.

S. Blake, counsel for the Conservatives, asked for costs, and judgment on this was reserved.

A conference of lawyers of both sides is to be held to consider whether the cross appeal of North Grey shall be gone on with.

PROTEST DROPPED.

No deposit has been made with the South Waterloo petition, and Mr. Kibbe, Conservative, is safe. This is the last day for putting up the deposit in the South Wellington case, and when the hall closed at 12.30 no deposit had been made.

Mr. Downey, Conservative, is therefore likely to hold his seat unmoistened.

SURROUNDED

But Outlaw Tracey Again Succeeded in Giving the Officers the Slip.

Seattle, Wash., July 8.—Harry Tracey was this afternoon at a farm house 1-2 miles east of Renton, a suburb. The news was sent to the city at 2 o'clock by Charles Jerry, who lives at Renton. Tracey and the man Anderson, who has been with him since Sunday night, came to Jerry's house shortly after noon today and gave him two of the watches which they had previously taken from others, and told them to go out and dispose of them. Instead of doing this, Jerry came at once to Renton and telephoned the news to the sheriff's office. Posses were at once organized in the vicinity, and it is thought that Tracey is again fairly surrounded. Some time between Sunday night and Monday night Tracey reached the city of Seattle. A boat identified as the Johnson boat, and which he left at Port Madison, accompanied by the man Anderson, on Saturday night, was found today with a chain attached to it thrown over a boom of logs at the wharf at Newall's mill, south of Seattle. Half a hundred deputies had Tracey surrounded in the Gerald house at Renton, but he gave them the slip, and was gone ten minutes before the deputies knew it. The sheriff then closed in, and found Anderson, the man he kidnapped, tied to a tree back of the house. Bloodhounds are now on his trail.

HONORED TEACHER

One of the social events of the season took place at the home of W. W. Everett, No. 1, Harwich, last Monday evening, the occasion being a farewell party given in honor of Miss Ryeveart, No. 1, retiring school teacher.

The earlier part of the evening was spent in playing ping-pong and various other amusements. This was followed by refreshments, after which Mr. McGarggart, of Andover, Washington, was unanimously elected chairman of the evening.

Miss Ryeveart was then called upon and, on behalf of her many friends in the section, was presented with a nicely worded address, and two beautifully bound volumes—one of "Mrs. Browning" and the other of "Longfellow"—thus showing in a measure the high esteem in which she is held. Miss Ryeveart made a brief and pleasing reply, thanking the donors for the handsome present received, for the many kindnesses extended to her, and concluded by stating that the extremely pleasant, profitable and enjoyable time spent during her brief sojourn in No. 1 would always remain one of her brightest remembrances.

After several speeches and songs, contributed by those present, the guests departed, all voting Mr. and Mrs. Everett ideal entertainers.

Among those present from a distance were ex-Mayor Ed. McGarggart and daughter, Jas. Ross, Seattle; Miss M. Lee, Highgate, and Miss Myrtle Carswell, Bay City, Mich.

GUESTS OF THE QUEEN

London, July 8.—Queen Alexandra's tour to ten thousand London commenced yesterday. The local mayors and officials presided at the various gatherings, and many prominent ladies gave their assistance. Each of the Queen's guests received gifts from Her Majesty, consisting of a box of chocolate and a silver gilt brooch. The proceedings were very enthusiastic.

WASH-OUT

A L. E. & D. R. R. Train Derailed and Passengers Badly Shaken up.

Windsor, Ont., July 8.—The heavy rains yesterday afternoon caused a washout on the Lake Erie & Detroit River Railway near Leamington, and the passenger train that left Leamington for Windsor this morning ran into it, and was derailed. The passengers received a severe shaking up, but no one was seriously injured. The train was going at a slow rate of speed.

TO WELCOME KITCHENER

Reception Similar to That Given Lord Roberts Awaits Him in London.

He Will Be Entertained by Prince of Wales, Acting for the King.

London, July 8.—The program for the reception of Lord Kitchener upon his arrival from South Africa is similar to the one carried out upon the occasion of the homecoming of Lord Roberts, the commander-in-chief of the forces.

After his elaborate welcome at Southampton, Lord Kitchener is expected to reach London at noon, July 12. He will be escorted to St. James' Palace, where he will be entertained at luncheon by the Prince of Wales. The Prince will act for the King, and it is said that his Majesty, were it not for his illness, would have honored Lord Kitchener by entertaining him at luncheon, as he did Lord Roberts when the latter returned.

The resolution adopted by the London County Council to tender Lord Kitchener the congratulations of London upon the successful termination of the South African war was opposed by labor members of the council and by Lord Russell, Liberal, who remarked that he could not forget or forgive the judicial murder of Commandant Scheepers. The resolution was passed with only a dozen dissenting votes.

IMPERIAL DEFENCE

Duke of Devonshire Says The Question is Paramount—Laurier's Views.

London, July 8.—Presiding at the annual meeting here yesterday of the British Empire League, the Duke of Devonshire (Lord President of the Council and leader of the Liberal Unionists), discussing the conference of the colonial premiers, and the question of imperial defense was paramount. The question of imperial commercial relations would solve itself at no distant day in accordance with economic laws which will inevitably assert themselves, and which he did not think would present any obstacle to the consummation of that which they all now desire, namely, free trade within every portion of the empire. Imperial defense, however, could not wait. If they waited for it to solve itself they might wait until there was no British empire to defend.

Referring to the conference at the meeting of the British Empire League last night, the Duke of Devonshire said it was almost impossible that definite results should be obtained until further opportunity is afforded the representatives to consult with the respective colonies. He thought the commercial relations would be solved in accordance with these economic laws which he now regarded, but which will inevitably adhere themselves. Regarding imperial defense, that was a question which could not amaze the conference. Consideration must be given to the state of the colonies, whether they are, as now organized, of the greatest value to the Empire, or whether the present Empire is to remain inviolate or the colonies become independent, providing for their own security.

Sir Wilfrid Laurier, and those of his ministers who were in London, were entertained at a complimentary banquet at the Constitutional Club last night. They were given a grand reception, and the applause which followed Sir Wilfrid's utterances was most pronounced. He said nothing about imperial conference. He observed that while some thought the British Empire must be preserved by measures of war he believed it could be well defended by arts and peace. Britain, Sir Wilfrid declared, is the one Empire of Europe which will never be carried away by the spirit of militarism.

ALL THAT CAN BE DESIRED

Is The Progress Being Made by King Edward—His Majesty Insists

That Coronation Be as Soon as Possible and May Remain in London Until Then.

London, July 8.—The bulletin regarding the condition of King Edward posted at Buckingham Palace at 10 o'clock this morning says:

"The King's progress is all that can be desired. (Signed) Treves, Laking, Barlow."

THE CORONATION.

The news that the coronation of King Edward was to be held before the middle of August was published in the United States and Canada before it was known here. But the London Times and other papers this morning confirm the announcement. From the same source it is learned to-day that the pressing forward of the coronation was due to the personal insistence of the King. His doctors were at first opposed to such an early date, but the King declined to agree to any other plans until he is crowned, and the doctors finally realizing that more danger was likely to arise in opposing his Majesty on this point, agreed to it. They now see the King was right, and that it is far better for him to get through the turmoil of the coronation as soon as possible than to have it hanging over him for months. King Edward has determined not to break up the court at Buckingham Palace until after the coronation. He may go on board his yacht for a few days' cruise, but he is more likely to remain in London till the affair is over and then take a prolonged holiday.

THE PRINCE AND THE NURSES.

The Prince and Princess of Wales opened the Henriette Raphael Nurses' Home at Guy's Hospital yesterday. The Prince took the opportunity to explain how much the King, Queen and members of the royal family had been supported in their time of trial by the deep sympathy which had been displayed in all parts of the marked that he could not forget or forgive the judicial murder of Commandant Scheepers. The resolution was passed with only a dozen dissenting votes.

FINE STREET

Ex-Mayor Smith Favors Permanent Improvement of Victoria Ave.

"Why don't you property owners get to work to improve Victoria avenue?" ex-Mayor T. A. Smith was asked this morning.

"Yes, why not?" was the characteristic response. "As far as I am concerned I am perfectly willing to petition the Council for a vitrified brick pavement."

"My scheme would be to bring the boulevard out six feet on each side, leaving 20 feet of vitrified brick pavement on concrete foundation. Then from the pavement to the boulevard have small cobblestones, such as would pass through a five inch ring."

"This, I believe would prove a cheap and lasting pavement and enhance the value of the property on the street, while the widening of the boulevard would save much wear and tear on the street."

Quantities of gravel are being put on the 5th concession, Harwich, and a good road is being made of it.

SANDFORD WORSE

Well-Digger May Yet Die as a Result of His Terrible Experience

Paris, Ont., July 7.—This morning a consultation of medical men was held at the Skelly homestead, Sandford having taken a turn for the worse. A large abscess on the head and a smaller one on the arm, with an alarming rise in his temperature, have caused uneasiness as to the outlook for recovery, although the physicians express every confidence.

At a public meeting held to-night, D. Brown, R. Thompson, J. H. Fisher, T. Scott Davidson, and Franklin Smoke were appointed a committee to investigate the claims of the Sandford rescuers for Royal Humane Society medals, and also to receive subscriptions for Sandford and his rescuers. Mr. Franklin Smoke is the secretary-treasurer of the committee. Resolutions of sympathy with Sandford in the grip he displayed and of admiration for the heroic band of workers were passed. It was decided to have the Humane medals presented at an open air meeting.
