HOLDING INQUEST

The St. Thomas coroner has decided to hold an inquest into the death of George McCarthy, who died at St. Joseph's Hospital here as the result of injuries received at Ridgetown, while engaged as brakeman on the Pere Marquette Ry. It seems peculiar that the St. Thomas coroner should call for an inquest when the local coroner did not think such was necessary.

Particulars of how the accident occurred were lacking at the time it was first reported, but it is understood that McCarthy met with his injuries while he had his head out of one of the caboose windows. In ssing he struck a post.

BUYING

Examine it carefully in all details, material, tailoring and general character. Try it on. When you have reached that point we are ready to demonstrate that The 2 T's Clothes fit you better, and give you a distinguished appearance than anything in the ordinary Ready-to-Wear Clothes. They can't be bought. Why? Because not many merchants will pay the price to have them made as ours are made.

Because they won't give the same care in the selection of imported material. It costs too much, and because most of them are not favored with our class of customers who demand and appreciate a fine high class article. We invite criticism.
