## Blue Bird Tea better than ever.

Australia is helping out its fruit growers by a loan of 200,000 pounds, or one million dollars.

With the days getting longer and the price of gasoline rising, who can doubt that Spring is on the way?

Are you reading our serial story, "Treasure Trail"? If not you had better start with this issue as it is going to be a very interesting and exciting story.

Up to last Sunday 962,544 barrels of apples had been shipped to the English market since the season opened last summer.

Four and a half cents a box for oranges and seven cents a box for lemons have been appropriated for advertising in the 1925 budget of the California Fruit Growers' Exchange.

If the buffalo robe taken from the car in front of the church at Gaspereau last Sunday night is returned to THE ACADIAN no action will be taken. Otherwise, the culprit, who is known, will be proceeded against.

The enterprising proprietor of Rand's Drug Store has attached an amplifier to the phonograph in the store and has it connected with a horn on the outside of the building, so that when the phonograph is being played the music can be heard on the street at quite a distance. The innovation is creating a good deal of interest.

We find it again necessary to remind our advertisers that changes for their advertisements should reach us not later than Monday in order that they may appear in that week's issue. We are compelled to operate short handed for some weeks, and it will be of great assistance to us if our advertisers send in their copy early.

The fact that a number of our business houses have not been carrying ads. in THE ACADIAN during the past few issues should not be understood as meaning that they have gone out of business. Meantime the country is being flooded by the attractive catalogues of mail order houses, whose advertising managers never become weary, even in a dull season.

At a dinner recently held at the laboratories of the Merrimack Chemical Co. of North Woburn, Mass., Mr. Edgar M. H. David, formerly of Church Street, who is an employee, was given a prize of \$75.00 as a reward for a suggestion in the way of improving Goulber Salt. Mr. David has been with the company seven years and for two years been acting in the capacity of foreman of that department.—Advertiser.

Another instance of the folly of putting too much confidence in strangers happened recently in Wolfville, when a number of people paid their good money to a travelling canvasser for a popular periodical which has so far failed to make its appearance. The moral is deal with the local Magazine Man, and run no risks. If you need anything in the line of newspapers or magazines consult H. P. Davidson, "The Magazine Man", Phone 217.

## RESIDENCE RULE HAS BEEN ADOPTED BY UNITED STATES

Players Must be Registered By August First.

PITTSBURGH, Pa., Feb. 17.—The much discussed "residence rule" has been adopted by the United States Amateur Hockey Association, Secretary Roy D. Schooley announced here after a mail vote on the matter last night.

The rule requires that a player must reside in the city which he represents on the August First preceding the hockey season, or, at least, be a student at some school in the city.

Officials of the league said passage of the measure will mean a resumption of relations between the Canadian and United States ice forces. Its purpose is to prevent the importation of Canadian players for United States teams.

## MAY BE OPPOSITION TO BUS SERVICE BETWEEN HALIFAX AND YARMOUTH

The application of Mr. Dauphinee to the Board of Commissioners of Public Utilities for a certificate of public convenience and necessity for a motor bus service in summer between Halifax and Yarmouth via the Valley, came before the Commissioners last week, but as the applicant was not ready to proceed with the matter further adjournment was made until March 3rd. It is expected some opposition to the granting of the certificate will be made.

Flynn and O'Leary were employed as extra men in the repair shop of a large hardware concern. The "boys" were all old friends; and they jostled and sang and whistled without a let-up.

Said Flynn—"T is the noisiest place I ever worked, Pat."

Said O'Leary—"I believe ye Mike. Th' only time it's quite here is when somon's starts the gas engine and drowns the noise."

HON. F. M. BLACK

Provincial Treasurer of Manitoba, wants a statement of the revenue produced by the Canadian National Railways within the Province of Manitoba, so that the amount of taxes payable to the province may be determined. The C.N.R. officials have refused to accede to the request, claiming they didn't make any money, with the result of a writ being issued against the railway. The Manitoba Government claims that 2% of the gross receipts of the railways within the province should be paid into the Provincial Treasury.

## NO DRUGS USED IN EYE EXAMINATION AT WEBSTERS

We do not use either DRUGS OR DROPS in any part of our examination. We rely upon more modern, more scientific methods, and upon instruments of precision which tell the true story without the use of drugs. Have your eyes examined by a Professional Optometrist who is not dependent upon the use of drugs for the fitting of glasses. When you receive your glasses from Webster's, you can depend upon it that we stand behind our services.

Paul G. Webster, Kentville, N.S., Graduate of Rochester School of Optometry and Canadian Ophthalmic College of Toronto.
