'Daisy,' remarked John Lester to his PETITE ROCHER, N. B., JUNE 26, 1887.

E. M. ESTEY, Esq., MONCTON. N. B.

Dear Sir—Please send as soon as possible 1 dozen of your Cod Liver Oil Cream. I have l dozen of your Cod Liver Oil Cream. I have been using your preparation in my practice for some time past, and I have had wonderful results from its use, so much so that I have no hesitation in stating that it is the most perfect Emulsion of Cod Liver Oil that I ever saw. The Elegant manner in which it is prepared combined with its pleasant laste commend it to both physician and patient.

In an instant he was on his fee mother's. Hadn't you better run down and cheer her a bit, and—and just see if

Lift the point of the out a supply of fluid. In illustration he What a true, sweet face she has! her. Then, with an air of great import rod, with a strong, steady pull. Put asked, if a person wished to lubricate a nurmured the artist, laying down his ance she introduced: 'Mr. Fleetwood, the force of both arms into it. The sewing machine, how would be choose hasty sketch and watching the girl, with Miss Lester—the gentleman who is go- tough wood will stand the strain. The between oil and sulphuric acid, the one fish must be moved, he must come to the being bland, the other corrosive? With-There was a look of unmistakable de- boat if he is ever to be landed. He gives out doubt the oil would be chosen, betreat. 'I'm half in love with her allight in the handsome dark eyes that ready. What will she do, I wonder, laughingly met hers; and in a few words Then suddenly he gives too much, and meet the requirements of the case. From when she discovers my presence here?—
Shall I try to get up a flirtation with that pretty naiad? Ah, no, sinking back with a half sight in the shadow of a clumn.

I aughingly met hers; and in a few words of greeting that passed between them—
runs straight toward us. Reel in now as swiftly as possible, or else he will get a ley's ears—heart spoke to heart in that slack on the line and escape. Now he is noted that all its functions may be smoothly and proposity that pretty naiad? Ah, no, 'sinking back with a half sigh in the shadow of a clump of water lilies, 'I'll not disturb her innocent pleasure by a word—a look even.—But if fate should will—'

He got no further in his speculations, for just then the boat's keel touched the island and its pretty occupant sprang lightly to the ground; and with scarcely a glance about her, she began to gather 'And—I was thinking, father' she island and its pretty naiad? Ah, no, 'sinking back with a half sigh in the shadow of a clump of water lilies, 'I'll not disturb her innocent pleasure by a word—a look even.—But if fate should will—'

A thoughtful, troubled look was on John Lester's still handsome face—he was not much past forty—when Daisy a glance about her, she began to gather 'And—I was thinking, father' she island and its pretty naid of your and an other ! Truly he is 'a merry one,' as Sir Humphrey Davy a glance about her, she began to gather 'And—I was thinking, father' she islent lauguage of youth and romance stops, shakes his head from side to side, shook he sitops, shakes his head from side to side, shook he gistops in order that all its functions may be shook he gistops in order that all its functions may be show he sitops, shakes his head from side to side, and darts away again across the pool, leaping high out of the water. Drop the point of the rod quickly, for if he falls and darts away again across the pool, leaping high out of the water. Drop the against an exaggeration of the effects of point of the rod quickly, for if he falls alcohol. He showed that it was combustible—would burn alarmingly. He divided foods into two great classes, those containing vegetable and an imal gluten, and those containing starch. The lilies whose dropping white cure it is no order that all its functions may be sitops in order that all its functions may be sitops in order that all its functions may be sitops in order that all its functions may be sitops in the line and escape. Now he sitops in order that all its functions may be sitops in a glance about her, she began to gather the lilies whose drooping white cups dotted the shore so thickly along the water's edge.

Says, and it will go hard with us to hold him. But those great leaps have exhausfullent, and those containing starch. The above positively, clearly, and unformer produce tissue in the human system, and the latter heat and force. He for there was a very confident twinkle in back to the shallow side of the pool unformer produce tissue in the luman system, and those containing starch. #### THE AMERICAN MULE.

Yours truly,

Ask for Estey's Cod Liver Oil Cream and the not of t And there was such a winning smile mule. He is not a bad subject for treat- with rum or other strong drinks would thinking?

'Certainly I'll go, father,' answered Daisy, a look of quick sympathy making her fair, pretty face seem still more winnot forgive myself for having caused you such a sweet, delicate girl to have to such

> severance, and the bird of terror when uninutes the starch was precipitated in never occurred to you that you are a very emblazoned on our banners, we should be to the audience by adding a small r by. So does the mule. We, as a nation, the mixture turning blue; in the other is anything you can do for the poor little ing smile as she raised her blue eyes 'Eh,' exploded John Lester, with a are slow to anger. So is the mule. As no effect was produced, thus showing seamstress.'
>
> Daisy did not need any further urging. She had been strongly attached by the seamstress is a same raised ner blue eyes trustingly to his—'I am not afraid now. And I only stopped here to gather a few water-lilles for a sick friend.'
>
> 'Eh,' exploded John Lester, with a are slow to anger. So is the mule. As blank stare, as he wheeled around; but a nation, we can occasionally stick our that a small quantity of rum has the effect of completely precipitating all starch over his rugged blonde face made Daisy head. So does the mule. We allow which may be present in a solution. In But when any nation sticks spurs into system. He spoke of the division of 'Oh, nothing,' laughed his daughter, our flanks and tickles our heels with a foods into 'crystalloids and 'colloids,' look into the sitting-room and see if poor our ears look to the beautiful beyond, our the membrane which surrounds all the voice is cut loose and is still for war, our internal organs. Alcohol is a solvent of

your system being run down and requiring something to blue muslin gown and wide-brimmed for active type and make you feel all right again. To secure this you should take white hat, she started off like an eager cure this you should take child, on her errand of friendship.

It is said that during the last president the sitting room where, it seemed, lingly dark eyes haunted her silly little the and Theo must have had a very interpondent at Rennes wrote regularly to his powerpaper. Every time the 'political' newspaper. Every time the 'political while thinking of the best way to reach her destination, about two miles up the river. 'That'll be ever so much pleasan
while thinking of the best way to reach the destination, about two miles up the touched shore near the latter's cottage, river. 'That'll be ever so much pleasan
it is all right, little girl, he exclaimed, pinching his daughter's blushing cheek. 'Vou will soon have the 'sweet brown.'

It's all right, little girl, he exclaimed, pinching his daughter's blushing cheek. 'Vou will soon have the 'sweet brown.'

In take the boat, and decided intert until the window have the boat the political police' opened his letters. After a while the plan of registering his letters. 'Inclosure of 100 france' he wrote on the inclosed lay a postal order for 100 france the letter thought that on opening it

#### Can these things be true? They seem Temperance. too astounding to be true. But there is no mistake about it. It seemed to him SCIENTIFIC TEMPERANCE. that the great hope of the temperance ovement was the educating of the peo-

ister of Education. He laid down as a principle that there was a singular adaptiveness in one part of nature to another.

Children Cry for | Pitcher's Castoria.

place. Digesting food with a supply of alcohol in the stomach was like trying to toboggan with the slide covered with

sand. If you mixed enough snow with No monument has yet been erected to bonor the memory of the American Only to the extent that you mixed water

A small quantity of solution of starch 'The bird that should have been select- in water was added to each of two tubes,

to the hearts of all tyrants. So does the degeneration of the heart and apoplexy. Alcohol paralyzed the nerves. Dip the terrible effects of alcohol on the various organs of the body and its functions

PROHIBITION IN MAINE

ple through the children, and he trusted

curse of strong drink would be forever

By careful research, fortified by unquestioned testimony, we find that Probition has made liquor-selling a dis-

It has greatly modified the drinking habits of young men.

It has greatly reduced the number of It has shut up the distilleries and It has largely reduced the amount of

It has virtually relieved the community of tramps and vagrants. It has increased the demand for labor. It has greatly reduced the taxes. It has added largely to the value of all

It has nearly emptied the jails, prisons It has greatly reduced the number of railroad, steamboat, and other accidents.

It has elevated the moral character of It has largely diminished litigation.

It has greatly increased savings-banks deposits and banking capital.

It has reduced the criminal cases be fore the court over 50 per cent., and crimes of all kinds, including murders and violence, have diminished more than

watched her with admiring eyes as the fitted about like a butterfly among the flowers that were scarcely fairer than herself.

The father eagerly, a bright, pleased light in his using his vote and his political opportu-nities when and where the liquor traffic can be crushed out by prohibition.
