STR. DOROTHY N. LAUNCHED.

Messrs. Russell's New Boat Now in the Water.

12 KNOTS AN HOUR.

A First-Class Vessel That Will Carry 150 Passengers.

The steamship which has been built by Messrs. John Russell & Co. during the past few months, was launched at 10.15 Wednesday morning. The launch was a very successful one. The boat slid off the ways without a hitch, and rode upon the water in perfect trim.

There was no formal christening ceremony, but the boat is to be named "Dorothy-N." She is named after little Miss Dorothy Nicholson, daughter of Dr. Nicholson, and Mr. Matthew Russell's eldest granddaughter.

The Dorothy N. is 72 feet over all 17 feet beam, and 5 feet hold. She is fitted with the most modern type of twin-screw engines, there being two pairs of fore-and-aft compound engines, with cylinders 6 x 12 x 8 inch stroke. The engines drive two 3-foot propeller wheels, calculated to turn at the rate of 250 revolutions per minute. The engines were built by the Polson Iron Works, of Toronto. The boiler is one of the Robb Engineering Co's. vertical type, tested to 125 pounds working pressure. The engines are as neat a piece of machinery as can be seen on the Miramichi. They are what one would expect to find on a fast private yacht, and Mr. Robertson, chief engineer of the steamer Bangor, who examined them carefully, said they were as fine a set as he had ever seen in his years of experience.

The boat is built for light draft, having been meant for the Redbank route. She draws less than 3 feet. It will take about a week's work yet to finish the carpenter work on her houses. When completed she will compare favorably with any craft on the Miramichi. She will be licensed to carry 150 passengers.

Master builder George Henderson, with Messrs. Watty Green, Peter A'Haran and John Wright, his assistants, are entitled to much credit for turning out such a trim piece of work. Mr. Matthew Russell, the veteran steamboat man, supervised the work, and comes in for no small share of the credit. This is the fourth boat Mr. Russell has built on his own account, the others being the "Master," "Lady Dufferin," and "Maggie B." Mr. Russell was for a number of years master builder for Gilmour & Rankine and superintended the construction of many vessels.

The Dorothy N. is a fine acquisition to the fleet on the Miramichi. She is admirably adapted for the passenger service, has excellent freight accommodation, and is a handsome boat in appearance. She will probably be the fastest steamboat on the river, as it is confidently expected that she will run up to 12 knots an hour. She is well suited for the up-river service, and it is now up to the business men of the town to see that she goes on that service, and is not sold to outside parties to leave the River.

C. GATES, Son & Co.,
Dear Sirs:
I can highly recommend GATES' No. 1 Syrup for dyspepsia and indigestion, and also a great remedy, if not a positive cure, for piles, when they are induced by constipation.
I can also recommend your LIFE OF MAN BITTERS as a purifier of the blood, and speak from experience, as I have used your remedies in my family for many years.
Yours very truly,
C. W. SHORT

The Anderson Furniture Co. have completed their large order of 15,000 chairs for the new Grand Stand of the Toronto Exhibition. It is noteworthy that many of the chairs that were destroyed by fire with the Grand Stand last autumn were supplied by Mr. Anderson about eighteen years ago from his Ontario factory.

FOR AN IMPAIRED APPETITE.
To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price 25 cents. Sample free.

A large steam pleasure boat is being built at Hilyards shipping St. John for Mr. Thos. Foley of the Hotel Miramichi. The boat is being constructed by contract with James Fleming & Sons, and F. S. Heant is doing the carpenter work. The boat measures 45 feet in length and 9 feet beam. A 20-horse power Essex engine is to be installed. The boat is expected to be very fast. The wood work is being done in native cedar and oak. The boat will be shipped to Newcastle by rail.

The hay crop is good in New Brunswick, but in Nova Scotia and Prince Edward Island the crop will not be as good, being largely winter killed in both of these provinces. All other crops promise fairly well in the three Maritime Provinces. Future prices also promise to be better than usual owing to the shortage in Europe and the West. Altogether the prospects for farmers in the Maritime Provinces never were better. Only the continuation of the wet weather through haying can spoil the farmers' prospects.

The hardware establishment of A. E. Alexander & Co., Campbellton was broken into at 1 a. m. Thursday by a couple of burglars. Charles Alexander was awakened by the burglar alarm and he and his brother-in-law, Fred Campbell, ran to the store. The burglars tried to make their escape but they were pounced upon and after a struggle, lasting about twenty minutes, were reduced to submission, and taken to the lock-up. One of them drew a razor during the scrap, but his brother-in-law, Mr. Campbell, so far as can be learned both men are strangers in the town.

The preliminary examination in the Seelye-Fontaine case was continued at Dalhousie on Wednesday before Police Magistrate Windsor. Doctor Ferguson, coroner, and Dr. Disbrow were the only witnesses heard and the prosecution closed its case. At the request of Mr. Mott, for the defence, the court adjourned till to-day.

ECZEMA.
For the good of those suffering with eczema or other such trouble I wish to say, my wife had something of that kind and after using the doctor's remedies for some time concluded to try Chamberlain's Salve, and it proved to be better than anything she had tried. For sale by all druggists.

The persons at Marysville, who found the Spanish gold coins have also found a copper anchor, apparently a charm, carried by a Spanish sailor. It was found at the same place that the coins were picked up and has aroused fresh interest in the minds of the lucky men. It is said that the finds amount to in excess of \$5,000, instead of \$2,000 as mentioned in the Gleaner some days ago. The people of Marysville are naturally somewhat excited by learning of there being so much hidden wealth in the place.

THE PROOF.
The following is a sample of thousands of testimonials to the wonderful merits of PSYCHINE in the most difficult cases. Doctors are prescribing PSYCHINE in their practices with the most satisfactory results.

"Several years ago my wife was so seriously ill of lung trouble as for months to be unable to walk, at which time a noted physician told me that the next dress that I would buy for her would be a shroud. She used PSYCHINE and is now reasonably well."

USED PSYCHINE 20 YEARS AGO.
"Years ago I was almost a physical wreck, and was suffering with lung trouble. Friends and neighbors thought I would never get better. I began to despair myself. Lacking faith in my physician, I procured another who recommended the use of PSYCHINE. It was surprising beyond description the effect it had. I seemed to gain with every dose. Inside of two weeks I was able to attend to my housework again. There are no symptoms of consumption about me now."
