N. S. CURLING BONSPIEL

The Chatham curlers are planning a big north shore bonspiel for this winter. There are eight or nine clubs in the north shore counties and all of them are to be invited to send rinks to compete for prizes. It is proposed to flood the exhibition building rink for the occasion. Hotel-keepers and citizens generally will unite in providing suitable prizes, and a grand gathering of jolly curlers may be expected.

SMELT FISHING

Good smelt catches are still reported by fishermen and the indications are that the season will be an extra good one. One night about \$2,500 worth of fish were caught and Tuesday's haul was also a good one. One fisherman with three nets took in over three tons of smelt, and as fish were selling at 5 cents per pound he netted over \$350. Prices have ranged from five to six cents, which is higher than in previous years. An average smelt season is worth \$30,000 to the fishermen of the Miramichi and it is now expected that this season will be better than usual.

PRESENTATION TO H. P. MOSS

That Mr. H. P. Moss has become very popular since coming to Moncton was evidenced a few days ago when he was presented with an address and a travelling bag. The presentation was made on behalf of Mr. Moss's many friends at the I. R. C. new shops, Mr. Moss has been in Moncton for some time, being the representative of the Westinghouse Co., Pittsburg, and has had charge of the installation of the engines at the I. R. C. power house. He leaves shortly for his home in Pittsburg and in view of his departure his many friends grasped the opportunity of showing their high regard for him. Mr. Moss has made many friends since coming to Moncton. Last winter he was the manager of the hockey team at the I. R. C. new shops. —Transcript.

WRITER IN NEW BRUNSWICK

Bob Dunbar, sporting editor of the Boston Journal, drops the following: "A letter reached me from a youth from New Brunswick, who signs his name, and it was so funny I must tell you about it. He styles himself the 'Fighting Writer,' and claims that a millionaire mine owner from Nevada, now living at Newcastle, N. B., (the mine owner's name is given), will bet \$5,000 that the 'Fighting Writer' can defeat Abe Attell, and the letter also states the millionaire will give a purse 18,000 dollars if the bout takes place in New Brunswick. The 'Fighting Writer' goes on to state that he can edit a paper as well as fight, but he would have to edit his own copy to get it by most desks that I know of."

DEATH OF RAY IRVING

Ray Douglas Irving, youngest son of Deputy Sheriff and Mrs. Irving, who has for the last few weeks, been suffering from brain trouble passed peacefully away last evening. The little fellow, was just eleven years old on Wednesday last, he had borne his illness patiently, while he expressed a desire to live, he was quite reconciled to go. Ray was an exceptionally bright little fellow, a great favorite among his school mates and a general favorite with young and old. He contracted fever early in the spring and has never been real well since. All that loving hands and medical aid could do was done. He leaves to mourn besides a broken hearted father and mother three sisters and one brother. The family have the deep sympathy of the entire community in their sad bereavement. The funeral will be held Sunday afternoon at 1.30. Services in St. James' Church at 1.45.

UNCAN MORRISON

The death of Duncan Morrison, one of the oldest and most respected residents of the Miramichi, occurred on Saturday, at his home at Oak Point. Deceased was 81 years of age, and up to a few years ago, was Lighthouse keeper on Sheldrake Island, which position he then resigned in favor of his son. He leaves a widow, formerly Miss Murray, of Tabusintac, and the following children, John A., at home; George, of Colorado; Albert, of Chippegan; and Mrs. Wm. Loggie, of Ferryville. Deceased, who was born in this county, was the son of the late Finlay Morrison, a native of Scotland. W. S. Loggie, M. P., is a nephew of deceased, and Hon. Donald Morrison is a second cousin. The funeral was held at Moore field, on Monday, Rev. F. C. Simpson officiating in presence of many mourners and friends.

More Than You Expect in Soap

You who are used to ordinary soaps will be surprised when you first try Taylor's Infants' Delight Soap.

No other soap compares with it for every toilet purpose—the bath, massage, shampoo, or for washing baby's rose-leaf skin.

For we make this soap of pure coconut oil from the isle of Ceylon, and vegetable oils from France.

We clarify and blend these oils and mill them by our own special process. Nothing is left undone to make this soap supreme.

Infants' Delight Soap

is the product of forty-four years of conscientious effort and costly experiment. Over a million Canadian families find it superior.

Its use prevents chapping, roughness and other skin complaints.

Containing a small amount of boracic acid, it combines the healing qualities of this much used antiseptic and cleanser with the stimulating and nourishing action of pure vegetable oils and essences.

It makes a rich, creamy lather, cooling and delightfully refreshing.

Prove for yourself that a cake will outlast any ordinary soap. See how delightful it is to use three times a day. Get a cake from your dealer today.

Rural Phones

Solve These

Every-Day Problems

Problem I. Bad Roads:—

The old way was to curse nature and idly await sun's return.
 The new way is to telephone for what you want, and smile because you get the information in a thousand part of the time.

Problem II. Weather Forecasts:—

The old way was to work on belated information, and to excuse the losses with "That's what the farmer has to put up with."
 The new way is to telephone every morning to the weather man and overcome much of the needless haste and bustle of the old way.

Problem III. Prices Current:—

The old way was to ask a neighbor or trust to the newspaper.
 The new way is to get information in the nick of time over the phone, thus knowing when to sell and when to hold.

Problem IV. Emergencies:—

The old way was to procure when someone took sick, was to harness up the "driver" and make all haste for the doctor. Effort in this direction often procured as its only result the information: "doctor is out."
 The new way is to call up the doctor on the phone, and know instantly what can be done pending the medical man's arrival.

Problem V. Help:—

The old way was to allow men to go on boys' errands—waste half a morning walking to Smith's only to find that his harrow was already loaned.
 The new way is to make the phone your errand boy—loy, borrow, begot by means of the "silent partner."

We have prepared a Booklet describing fully a rural phone system. Haven't you better instruct us to send you this interesting bit of information, seeing it costs you nothing.
