**WINTER WEATHER**  
**HARD ON LITTLE ONES**

Our Canadian winters are exceedingly hard on the health of little ones. The weather is often so severe that the mother cannot take the little one out for an airing. The consequence is that baby is confined to overheated, badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little one healthy. They are a mild laxative which regulate the stomach and bowels and thus prevent colds. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ontario.

**Wool's Cotton Wool Composts.**  
A safe, reliable, vegetable matter. Sold in three degrees of strength. No. 1, 50¢; No. 2, 45¢; No. 3, 35¢ per box. Sold for all districts. Write for free pamphlet. Address: **THE WOOL MEDICINE CO.,** 221, Broad Street, Montreal.

## SOILS AND COMPOSTS

Best Suited for Pot Plants, Hot Beds, Seed Sowing, Etc.

Well-rotted, Tough, Fibrous Sod the Best Basis—How to Prepare It—Substitute Potting Soil—Bone Meal a Valuable Fertilizer.

(Contributed by Ontario Department of Agriculture, Toronto.)

**S**ECURING suitable soil or compost for all features of horticulture or horticulture is a very important matter if the best results are to be obtained.

The best basis for all ordinary potting soils is well-rotted, tough, fibrous sod, taken from loamy or light clay loam soils. Sod from an old pasture field, or from the roadside, from where the grass has been kept fed or cut down constantly, will give the closest growing sod, with lots of fibrous roots attached. These fibrous roots are one of the very necessary essentials to a good soil. To keep the soil open and friable, the sod should not be cut from heavy clay soils, or where noxious weeds, especially "couch," "sparr" or "twitch" are growing. The sod should not be cut from near pine or cedar trees as the turpentine in the leaves or pinnae of these trees is very detrimental to plant life. It is also best not to cut the sod from very swamp soil. Well-rotted, barnyard manure such as from an old hot bed, or cow manure, are both good fertilizers to use for a soil compost. Horse manure alone is not a good fertilizer for a compost. About one-third horse manure and the balance cow manure will be suitable. Late in autumn or early in spring the best time to prepare the soil compost, autumn preferred.

**How to Prepare.**—The sod should be cut about four inches thick, and about eight to ten inches square. It should be stacked out of doors in an out-of-the-way part of the garden or grounds. A space six or eight feet long by five or six feet wide would be a good size for a small greenhouse, or for a few hot beds for a year or two. Start by placing one layer of sod packed close together with the grass side downward over the space selected. Then add a second and third layer on top of the first layer. About four or five inches in depth of either of the fertilizers should be spread over the sod, and evenly over the third layer of sod. Another three layers of sod should then be placed on top of the fertilizer as before. Then another layer of the sod should be placed on top, until the pile is four or five feet in height. About two inches in depth of soil should be placed on top of the pile to finish off with. Place some good turf on top of the pile (pine or cedar) all over the top of the pile to keep off chickens or animals. Keep the pile quite level while building, and draw it in slightly narrower toward the top. It should be flat on the top when finished. It may be necessary to give the pile one or two good soakings with water after it is finished, or during dry weather in the winter months.

Preparing for Use. When ready for use, turn, or slice down with sharp spade, the quantity required from top to bottom of the pile so as to secure the proper proportions of soil, sod, and fertilizer. For potting purposes this should be put through a coarse sieve having a 3/4-inch mesh. All the decayed fibrous part and the fertilizer, should be worked through the sieve. The part consisting of fibrous or organic matter that will not pass through the sieve readily should be chopped or pulled finely to pieces and put into the soil, if at all decomposed.

**Tempering or Mixing Soils.**—If the soil is of a heavy clay loamy nature about one part sand should be mixed at the time of using, with eight or ten parts of the soil compost for potting purposes, for plants such as geraniums, roses, chrysanthemums and similar plants. If the soil is of a light loamy nature, or very fine sand, if any, will be required.

**For Begonias, Coleus, Callias (Arun Lilies), Gloxinia, Salvia, Ferns and similar plants** one part of leaf soil (rot of leaves) or black soil from the bush (decayed leaves) may be added to the compost and sand before mentioned. Black leaf soil from the bush alone does not make a good potting soil for potting purposes. It should be mixed with other soil as stated.

**Substitute Potting Soil.**—A good substitute potting soil or compost may be made by mixing about seven or eight parts of good, light, loamy garden soil, or loamy sub-soil taken from underneath sod, with one part sand and one part leaf soil as before mentioned, mixed well together. One part of dry cow manure, which can be secured from the fields where cows have pastured, or one part of pulverized sheep manure should be added as a fertilizer for this substitute potting soil. The pulverized prepared sheep manure can be purchased at almost all large seed stores for about one cent per pound, or one pound of fine bone meal or bone flour to each bushel of soil may be used as a substitute fertilizer to those named.

Sheep and cow manure are two of the best fertilizers to use in connection with all horticultural work, whether incorporated in potting composts as stated, or used out of doors as liquid solutions for flower borders on the vegetable garden during summer, if the ground is not rich enough in fertilizers. Seepage from the barnyard where the manure is stored makes a good liquid fertilizer for outdoor use where the soil is poor.—Wm. Hunt, O. A. College, Guelph.

## A New Blood-Food Has Been Discovered That Works Wonders

For years doctors have been searching for a combination that would enable them to inject into thin blood the elements it lacked. This can now be done, and any weak-blooded person can quickly be made stronger and well.

Already a small army of ailing people have proved the merit of taking after each meal with a sip or two of water two chocolate-coated Ferrozone tablets. This is easily done, and even one week's use of this wonderful blood-food will prove how nourishing and strengthening and flesh building the treatment is.

Just think of it—Ferrozone uplifts the entire nervous system, removes the blood, makes it rich and red—gives the sort of aid that's needed in throwing off weakness and languor.

Tens of thousands enjoy the advantages of renewed health through Ferrozone; if you'll only use it, you will surely grow strong, too; its beneficial action is noticed even in a week. You see it goes right to work, removes the causes of the trouble and then quickly makes a cure.

For those who sleep poorly and have nervous apprehensions, Ferrozone cases.

Where there is paucity, poor appetite and languor, Ferrozone makes the patient feel like new in a few days.

In tired, nervous exhaustion, spring fever and debility, the power of Ferrozone is known from coast to coast and universally used with grand results.

Let Ferrozone build you up, let it win you back to robust health—it will do so quickly if you give it the chance. Sold by all dealers. 50 cents per box or six boxes for \$2.50. Remember the name Ferrozone.

It was unofficially announced on Saturday that the Newcastle United soccer team will accept the invitation of the D.F.A. to tour Canada this coming summer.

## EMPLOYERS THE EMPLOYMENT SERVICE OF CANADA

The PROFESSIONAL and BUSINESS SECTION has been established to assist professional, business and technical men and women.

Many officers, soldiers, sailors and war workers, who sacrificed their positions during the war, now desire to secure employment in the occupations for which they have been specially trained.

Employers should not wait until increasing business forces them to employ anybody they can obtain, but should look ahead and avail themselves of this unusual opportunity to enlist the services of highly trained workers, ordinarily secured only with difficulty. On application there can be referred to you, for example:—

- ENGINEERS
- ARCHITECTS
- BUSINESS EXECUTIVES
- ACCOUNTANTS
- SECRETARIES
- TEACHERS
- LAW CLERKS
- COMMERCIAL ARTISTS
- SALES MANAGERS
- TRAVELLING SALESMEN
- CHEMISTS
- YOUNG COLLEGE GRADUATES

These workers are returning to civil occupations with increased initiative, a broader view of life, and a greater capacity for work.

**EMPLOYERS**  
Please state your requirements to the nearest office of the **EMPLOYMENT SERVICE OF CANADA** PROFESSIONAL AND BUSINESS SECTION

In each office the **INFORMATION AND SERVICE BRANCH** DEPARTMENT OF SOLDIERS' CIVIL RE-ESTABLISHMENT has a representative to render special service in the re-establishment of the returned soldier.

TORONTO, 43 King St. West

Sold by all druggists, or mailed in plain pkg. on receipt of price. New pamphlet mailed free. THE WOOD MEDICINE CO., TORONTO, ONT.

## DOCTOR WARD, The Specialist

**SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA, AND BLOOD CONDITIONS.** The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

**NERVE EXHAUSTION**  
A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.

There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

**RHEUMATIC AILMENTS**  
**SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS.**

Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering until old agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attached by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

**Quick and Lasting Results Assured the Ailing Man.**  
**BLOOD** YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD, any "building process" of the body and mind, of the muscle and tissue formations, of any of the various vital organs, can be accomplished only by working direct through the blood stream.
