

## TO DESTROY ALL MISSIONS

Sensational Statement From  
Hong Kong.

District of Fatsan in an Uproar—  
Discovery of a Fiendish Plot.

Chinese Imperial Household Again on  
the Road—Germany and Japan Will  
Keep Strong Forces in Peking.

New York, Oct. 9.—The District of  
Fatsan is in an uproar, says a hier-  
archical dispatch from Hong Kong. Anti-  
foreign placards are being liberally  
posted.

A plot has been discovered to de-  
stroy all the missions.

London, Oct. 9.—The Shanghai cor-  
respondent of the Times, writing Oct.  
7, says: "It is reported that French  
troops held Lu Ko Chiao, on the Lu  
Han Railroad. The Russians and  
Germans hold the Pei Tang forts, and  
have also taken Tong Shan and the  
Kai Ping mines, thus monopolizing  
the coal supply in Northern China.  
It was expected that Count Von  
Waldersee would maintain an even  
balance between the powers, whereas  
the actual result of the operations  
places all the strategic positions in  
the hands of other nations. A strong  
feeling prevails that the situation is  
daily becoming more gloomy."

### IMPERIAL COURT ON THE GO.

A dispatch received at Washington  
from the southern viceroys state that  
the imperial court is en route from  
T'ai Yuen to Singan, where the imperi-  
al establishment will be set up. The  
minister is also advised officially that  
Viceroy Yu, of the province just vacated  
by the court, has been impeached  
for his anti-foreign tendencies.

The effort to induce the Chinese im-  
perial court to return to Peking has  
fallen after a week's persistent effort  
on the part of the powers. Following  
are the reasons given:

"The departure of their imperial ma-  
jesties for Singan Province was due to  
distressing conditions at T'ai Yuen. There  
is a scarcity of food supplies in the  
Province of Shan Si on account of  
long-continued drought, and the provin-  
cial capital (T'ai Yuen) is almost  
deserted. The trades people having left  
on account of the disturbances caused  
and continued for months by the Boxer  
rebels, who had invaded that province  
with the encouragement of Govern-  
ment Yu. Their majesties therefore  
were obliged to proceed to Singan,  
where telegraphic communication with  
Shanghai and other parts of the em-  
pire is opened, and rapid communica-  
tion with their majesties may there-  
fore be carried on. Thus court and  
official business may be transacted  
more expeditiously by their presence  
in Shan Si rather than in T'ai Yuen."

"The reason for the temporary post-  
ponement of their majesties' return  
to Peking are the presence of the allied  
forces there, on account of which so-  
licitous fear is doubtless entertained,  
besides a dread of the outbreak of an  
epidemic disease which usually follows  
after great disturbances, destruction  
of property and military operations.  
It is hoped the powers will be consid-  
erate in their judgment in this mat-  
ter."

The important feature of the mes-  
sage is the confession that the court  
is restrained by fear of the allied  
forces from returning to Peking. The  
movement takes the emperor and the  
empress dowager about 100 miles fur-  
ther away from Peking.

### A GERMAN VIEW.

Berlin, Oct. 9.—The somewhat opti-  
mistic view of the Chinese situation,  
which prevailed in Germany last  
week, has been unobscured by the  
reports that the Chinese court  
resolved to settle permanently at Sin-  
gan Fu, capital of the Province of  
Shen Si. This the Berliner Tageblatt  
regards as indisputable evidence that  
the Chinese court is as anti-foreign as  
ever. "The failure of the court to  
return to Peking," it says, "makes  
a farce of the proposed peace nego-  
tiations, inasmuch as the Chinese Gov-  
ernment could annul the negotia-  
tions at any moment by revoking the  
credentials of Prince Ching and Li  
Hung Chang."

The Berliner Post considers that  
the latest news shows that the im-  
perial court neither intends to return to Pe-

## A BRITISH SOLDIER

Tells how Milburn's Heart and  
Nerve Pills Conquer Disease.

Like the conquering armies of Britain,  
which are marching to victory in every  
quarter of the globe, Milburn's Heart

and Nerve Pills are everywhere triumph-  
ing over sickness, weakness and suffer-  
ing, and freeing those who are bound by  
the shackles of disease.

Mr. David Walsh, of Carleton Place,  
Ont., a man who has served with dis-  
tinction and credit in the British army, and  
is now an employee of the C. P. Railway,  
says, "While in the army I got broken  
down, and my nervous system was com-  
pletely shattered."

"I was much troubled with liver com-  
plaint, loss of appetite, etc. My rest be-  
came broken and was disturbed by vivid  
dreams. This had been going on for 14  
years, although I took a great many  
remedies to escape from the troubles which  
afflicted me."

"However, I got no relief until I started  
to take Milburn's Heart and Nerve Pills,  
which I used together with Laxa-Liver  
Pills, and now after having used a few  
boxes, I am better than I have been for  
years. My nerves are restored to full  
force and vigor, I eat and sleep well, and  
my entire system has been toned and  
strengthened."

kin nor to punish the guilty adequately.

### NOT IN IT.

Peking, Thursday, Oct. 4, via Tien  
Tsin, Sunday, Oct. 7, and Shanghai,  
Oct. 8.—The American troops will not  
participate in the expedition to Pao  
Ting Fu. Gen. Chaffee and the other  
generals have the assurance of Li  
Hung Chang that if the allies desire  
Pao Ting Fu, the Chinese will readily  
surrender that city. The Americans  
believe that revenge and military dis-  
play are the only objects of the ex-  
pedition, and they hold that it will  
retard the restoration of peace.

An extended Japanese reconnais-  
sance south of Peking uncovered the  
enemy.

The impression is growing that the  
imperial government is making an  
effort to disperse and punish the  
Boxers.

### TO WINTER IN PEKING.

Peking, Oct. 8.—Gen. Yamaguchi will  
retain 10,000 Japanese troops, 2,500 of  
them at Peking and the others at Taku  
and along the line of communication.  
Eight thousand Germans will pass  
the winter in Peking and 1,500 Rus-  
sians. The number of British troops  
who will be retained has not yet been  
decided. Sir Alfred Gaselee will prob-  
ably keep a brigade. The allies are  
storing supplies for six months. Count  
Von Waldersee's headquarters will be  
the buildings in the imperial pleasure  
grounds outside the Purple City.

### TRIADS AT WORK.

London, Oct. 9.—"Five thousand  
Triads," says a dispatch to the Daily  
Telegraph from Canton, dated Oct.  
7, "have defeated the imperial troops  
and occupied several places between  
Ming Bay and Deep Bay. They are  
now moving southwards. The viceroy  
today dispatched Admiral Ho and  
Gen. Tong to oppose them."

### WELCOME TO LORD STRATHCONA.

Montreal, Oct. 9.—Lord Strathcona,  
on his arrival here yesterday, was met  
by the station by about 1,500 McGill  
students. A good number of the C. P.  
R. officials also were on the platform  
to welcome his lordship. He was es-  
corted to his carriage, which was  
driven by the students, notwithstanding  
the rain, through Windsor, St.  
Catherine and other streets to his re-  
sidence in the west end. After reach-  
ing his home, Lord Strathcona re-  
ceived members of the press. He stated  
that the Pacific cable would be built  
within a couple of years. He strongly  
commended the preferential tariff in  
favor of Great Britain.

## DO YOU KNOW

THAT WEAKENED NERVES  
PRODUCE DISEASE AND  
SUFFERING?

**Paine's Celery Compound**  
The Only True Nerve Medicine  
And Nerve Food.

IT BUILDS UP AND KEEPS IN  
PERFECT CONDITION THE  
GREAT NERVOUS SYSTEM.

When the marvelous complexity, deli-  
cacy and power of the mysterious  
nerve system is fully realized, we are  
not surprised at the sweeping assertion  
of Dr. Leonard, Professor of Clinical  
Medicine in Heilmann Medical Col-  
lege, Chicago, that "all diseases are  
due to lesions of the nervous system."

It was the life work of that great  
physician Dr. Phelps to give suffering  
men and women a medicine that would  
act directly on the nervous system. Dr.  
Phelps succeeded nobly and well. He  
placed Paine's Celery Compound be-  
fore some of the ablest physicians that  
ever assembled in Dartmouth Medical  
College. It was with their full ap-  
proval, and they at once prescribed it  
in their practice, and found it a life  
saver when other means failed.

Today, tens of thousands sound the  
praises of Paine's Celery Compound.  
In every city, town and village of this  
continent, people are found who owe  
their life and good health to Paine's  
Celery Compound, nature's nerve me-  
dicine and nerve food.

If you are sleepless, irritable, de-  
pendent, morose, or have flushes,  
chills, coldness of hands and feet, de-  
fective vision, indigestion and intes-  
tinal trouble, bear in mind your nervous sys-  
tem needs attention and repairing. No  
other medicine but Paine's Celery Com-  
pound can do the good work for you,  
and make you what you should be,  
vigorous, strong and happy.

Delays are dangerous. The little  
aches and pains of today may tomor-  
row develop into agonies and miseries.  
One bottle of the wonderful compound  
will work a mighty and happy change.

## ELOPED WITH THE BRIDESMAID

Husband of Four Months Tired of His  
Wife.

Detroit, Oct. 9.—Mrs. Della Munger  
arrived in the city yesterday from To-  
ledo to have her husband, Charles, age  
38, a railroad conductor, arrested, and  
this noon Detectives Stanton and Buhr  
locked him up. He was found at the  
Detroit Street Works, where he has  
been working since his sojourn here.  
With him Laura Caswell, 26, was taken  
into custody.

The couple have been living at the  
Seaman's Home as man and wife.  
Mrs. Munger told Capt. McDonnell  
that she had been married only four  
months, Munger being a widower with  
eight children. Mrs. Caswell is a sister-  
in-law of Munger by his first mar-  
riage, and for a time kept house for  
him, till he married his present wife.  
She acted as one of the bridesmaids  
at the ceremony. Mrs. Munger fur-  
ther said that some ten years ago her  
husband shot a man in a saloon row  
and was sent up for life, but after four  
years of imprisonment he was paroled.

A complaint will be asked for against  
him and the Caswell woman.

### PERISHED IN THE FLAMES.

Cannington, Ont., Oct. 9.—Mr. James  
Bryan's barn, southwest of this town,  
was destroyed by fire on Saturday,  
and his daughter, Catherine Mary,  
aged about 26, perished in the flames.  
Miss Bryan had not been in her right  
mind for some time, and when she  
heard that her father was contem-  
plating taking her away for treatment,  
she evaded her mother's vigilance, and  
entering the barn, set it on fire.

## THE RIGHT THING.

A New Cataract Cure Which is Rapidly  
Coming to the Front.

For several years, Eucalyptol, Gual-  
acol and Hydragrin have been recog-  
nized as standard remedies for catar-  
rhal troubles, but they have always  
been given separately, and only very  
recently an ingenious chemist suc-  
ceeded in combining them, together with  
other antiseptics into a pleasant, ef-  
fective tablet.

Druggists still the remedy under the  
name of Stuart's Cataract Tablets and  
it has met with remarkable success in  
the cure of nasal cataract, bronchial  
and throat cataract and in cataract of  
the stomach.

Mr. F. N. Benton, whose address is  
care of Clark House, Troy, N. Y., says:  
"When I run up against anything that  
is good I like to tell people of it. I  
have been troubled with cataract more  
or less for some time. Last winter  
more than ever. Tried several so-  
called cures, but did not get any bene-  
fit from them. About six weeks ago  
I bought a 50 cent box of Stuart's  
Cataract Tablets and I am glad to say  
that they have done wonders for me,  
and I do not hesitate to let all my  
friends know that Stuart's Cataract  
Tablets are the right thing."

Mr. George J. Casanova of Hotel  
Griffin, West 9th street, New York  
City, writes: "I have commenced using  
Stuart's Cataract Tablets and already  
they have given me better results than  
any cataract cure I have ever tried."

A leading physician of Pittsburgh ad-  
vises the use of Stuart's Cataract Ta-  
blets in preference to any other treat-  
ment for cataract of the head, throat or  
stomach.

He claims they are far superior to  
inhalants, calves, lotions or powder, and  
much more convenient and pleasant  
to take, and are so harmless that  
little children take them with benefit  
as they contain no opiate, cocaine or  
any poisonous drug.

All druggists sell Stuart's Cataract  
Tablets at 50 cents for full sized pack-  
age and they are probably the safest  
and most reliable cure for any form  
of cataract.

## VICTIMS OF A TORNADO

Nine Persons Killed and Many Others  
Injured.

Blwabik, Minn., Oct. 9.—A path-  
way 150 feet in width has been torn  
through this town by the most furious  
tornado ever seen in this section.

William Hilstrom, Mr. and Mrs.  
Marowitz, and an unknown family of  
six were killed. Andrew Anderson, lo-  
comotive fireman, was severely scalded.  
P. Murray, locomotive engineer, was  
scalded and otherwise injured. Andrew  
Debbio, laborer, received a  
severe scalp wound. John Morrison's  
foot was badly crushed, and about 25  
others were more or less severely cut  
and bruised.

The shaft houses and buildings of  
three mines which stood in the path of  
the storm were reduced to kindling  
wood. The property loss is estimated  
at from \$75,000 to \$100,000.

Three deaths occurred at a little Fin-  
nish settlement northwest of here,  
where a number of buildings were de-  
stroyed.

The duration of the tornado was  
less than five minutes. It was pre-  
ceded by an unusually severe thunder  
and rain storm. The heavy rain has flood-  
ed many of the open pit mines, and  
they will be unable to operate for  
some time.

## REV. MR. SHELTON

Talks to the Christian Endeavorers at  
Guelph.

Rev. Charles M. Sheldon was one of  
the speakers who addressed the Chris-  
tian Endeavor convention at Guelph on  
Thursday. Hundreds who went to  
Chalmers Church in the evening to  
hear the author of "In His Steps" were  
unable to gain admission.

"The entrance of Mr. Sheldon was  
signaled by a Chautauqua salute and  
the singing of 'Blessed be the God that  
binds.' The reverend gentleman's face  
seems to have gained strength since  
his appearance in Toronto nearly a  
year ago, while his hair is slightly sil-  
vered. He is a man of a commanding  
presence, and his own theme was much more ready  
than when he appeared in Toronto.

Rev. Mr. Sheldon, whose subject was  
"The Open Door," said: "There is  
only one standard of conduct for all  
men and women alike in the world,  
and that standard of conduct is sum-  
med up in the two words of Christ to  
his disciples: 'Follow Me.' My mes-  
sage is simply an appeal for the ideal  
of life. The command of Christ to  
follow him is binding upon all men alike.  
I am not compelled by any law of God  
or man, because I am a minister, to  
be any better than you, a business  
man. There is no law in the word of  
God which says that because I am a  
preacher of the Gospel I must live on  
a higher plane than have other men."

## PROVINCIAL PROHIBITION

### New Plans of the Dominion Alliance

Brookville, Oct. 9.—On Sunday Rev.  
Dr. McKillop, secretary of the Quebec  
branch of the Dominion Alliance,  
preached in Brookville, and in the  
course of his sermon made a very im-  
portant announcement concerning the  
plans of the alliance for the future.  
Said he:

"The alliance has given up all idea  
of further attempts to secure prohibi-  
tion through a Dominion act, but is  
turning its attention to securing the  
abolition of the liquor traffic, province  
by province, through enactments in the  
various legislatures. I am from Que-  
bec," said he, "and am only sent to  
Ontario for a few weeks; but we ex-  
pect to get a prohibition law passed  
through the Ontario Legislature next  
winter. Quebec will undoubtedly be the  
last province to fall in line, but it  
will eventually do so if such an act is  
passed by the other provinces."

### TRINIDAD AT THE PARIS EXPOSITION

A Gold Medal Awarded to Dr. J. G. B.  
Siebert & Son's Angostura Bitters.

It was not sufficient that this little  
Island, the pearl of the Lesser Antil-  
les and the richest of Great Britain's  
crown colonies, should have a pitch-  
lake yielding enough to supply the  
world with asphalt streets for centuries  
to come. Besides its vast agricultural  
wealth Trinidad is the seat of the  
manufacture of the ANGOSTURA  
BITTERS, which has been awarded  
the gold medal for highest excellence  
at the present Paris Exposition. For  
over half a century this article, laden  
with the fragrant aromas of the  
tropics, has been winning its way more  
and more into popular favor. In com-  
petition with similar articles at the  
international exhibitions of the last 40  
years, it has, in every instance, ob-  
tained from impartial judges the high-  
est awards they could bestow, thus  
bringing richly deserved honors and  
renewed to its manufacturers, the well-  
known firm of Messrs. Dr. J. G. B.  
Siebert & Son, of Port of Spain, Trin-  
idad, B. W. I.

### QUICK CALL TO A MINISTER.

Hamilton, Ont., Oct. 9.—Probably the  
quickest ministerial call on record in  
this section of the country was that  
given to Rev. Thomas Shields, of Del-  
hi, by the congregation of Wentworth  
Street Baptist Church, on Sunday  
evening. It was Rev. Mr. Shields' first  
visit to the church, and he preached  
morning and evening, making so favor-  
able an impression that a meeting of  
the congregation was held after the  
evening service and the call decided on.
