Fast Express on the Grand Trunk Let the Track—No One Killed.

Lansing, Mich., July 9.—The east-bound fast express on the Grand Trunk Railroad, due here at 9:35, left the tracks just as it entered the yard here last night. Every wheel except those of the engine, baggage car and express car left the main track. Three sleepers and three day coaches were derailed. Although the train was badly wrecked, no one was killed and no one injured seriously. The occupants of the Pullmans were badly shaken up, and some of the day coach passengers were thrown against the ceiling of the cars.

There were nearly 400 passengers on the train. The accident was caused by a broken switch. Engineer Williams reversed his engine immediately after the accident occurred, and his prompt action doubtless saved many lives.

Another train was sent off the tracks, and the passengers were transferred and continued their journey. The company's loss will be quite heavy. The trucks were knocked out from under several of the coaches.

DROWNED.

Kirkfield, July 10.—John Perry, the 15-year-old son of Matthew Perry, merchant, was drowned in the Balsam Lake Sunday.

SORE FEET.—Mrs. E. J. Neill, New Armagh, P. Q., writes: "For nearly six months I was troubled with burning sores and pains in my feet to such an extent that I could not sleep at night, and as my feet were badly swollen I could not wear my boots for weeks. At last I got a bottle of Dr. Thomas' Electric Oil, and resolved to try it, and to my astonishment I got almost instant relief, and the one bottle accomplished a perfect cure."
