A COAL STRIKE PRACTICALLY ENDED

Illinois Miners Get Largest Share of Their Demands.

Chicago, Sept. 3.—At the close of a meeting of the coal miners and the operators that lasted until after midnight, it was announced today that the strike situation in the Illinois coal fields virtually had been brought to an end. Although the settlement will have to be ratified by the Illinois Coal Operators Association, that is said to

be a mere formality.

In the settlement the miners get the fargest share of their demands, only a few small details having been changed. The full scale of wages and prices set by the convention will be paid by the operators.

The conflict between the miners and operators has been stubbornly fought for a period of five months.

AYLESWORTH RUMORS

Another Report From Toronto That He

Will Leave Public Life. Toronto, Sept. 3 .- North York party organizations are expectantly waiting for the return of Hon. A. B. Aylesworth from Europe. It is stated that as soon as the Minister of Justice gets back the announcement of his retirement will made. He will not only, it is said, withdraw from the Government, but will give up politics altogether, resigning the North York seat.

Friends of two prominent Toronto Liberals have fixed their eyes on North York, with the probable result that an effort will be made to run either T. C. Robinette, K. C., or H. H. Dewart, K. C., in Sir William Mulock's old riding. Any influence that Mr. Aylesworth's following may have in the constituency is not expected to be cast in favor of Mr. Dewart, in view of the latter's outspoken criticism of the minister last spring.
