In every paper the mothers were urged to interest them selves in problems outside of their own homes in order that they keep broad-minded and properly balanced. The members decided to assist the teachers of the school in a treat which they are arranging for the children. A very fine vocal solo was contributed by Mrs. Harry Morton, after which a social hour was enjoyed.

"Old English Carols and Mystery Plays" featured last night's meeting of the University Women's club held at Players' Craft, Queen's avenue. In the course of her talk the speaker traced the carol back to its early sources and found the beginnings of the miracle and mystery plays in the church. The talk was happily illustrated by the singing of carols by the members led by Mrs. Albright, with Miss Marlon Wrighton at the piano. Mrs. Albright was also heard in several of the old carols and a lullaby, which were beautifully rendered.

The sketch shows a suit of four pieces—sweater, leggings, mittens and cap—of tan brushed wool with stripes of bright blue, for the little boy or girl of about five. With the increasing disposition on the part of city mothers to dress their children in socks, leaving knees bare even in midwinter, these leggings satishave become increasingly popular. By way of adding warmth without increasing weight or bulk to any considerable degree you may nave a small close-fitting chamois or leather jacket to be put on beneath the wool sweater in very cold weather.

How to Make Pine Cough Syrup at Home

Has no equal for prompt results.

Takes but a moment to prepare,
and saves you about \$2.

.....

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of Pinex in a 16-oz, bottle, and fill up with home-made sugar syrup. Or you can use clarified more and sugar syrup. ounces of Pinex in a 16-oz. bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make 16 ounces—more than you can buy ready-made for \$2.50. It is pure, good and pleasant—children like it.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same-inflamed membranes—and this Pinex and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.
