TRIPLE MURDER AT SEA.

(From the Halifax Herald.) When the crew of the ill-fated ship York to-day with a cargo of sugar valued Herbert Fuller arrived here, U.S. Con- at \$205,503. sul-general Ingraham had them locked up and gave them strict instructions not doubtless well meant, but was ill-ad- that many of the successful applicants the whole continent impatient to know As it is, many absurd things have been

Young Monks, the single passenger on sleeping, and in the dim light afforded the floor. He placed his hand on the companion, and once on their way in body and gets it smeared with blood.

even insisted on pulling an oar. The boat had no rudder, and one of the oars murder has been committed. He has He instinctively knows that a horrible seen the lifeless form of the captain lying next to his own stateroom, and it was the dying scream of the captain's wife that awakened him. He now was educated at St. Mary's school and in the St. Lawrence, near Ogdensburg, He does not go to her room. It was the

Possibly the murderer was then crouching in the cabin waiting to deal a deathblow to him. He groped his way back to his stateroom and grabbed his revol-

How long he stayed there he cannot say. He thinks it was only a few minutes. But minutes seem like hours under such terrible circumstances. But hearing no movement in the cabin, he determined to go on deck. He starts to go up by the fore companion way. But he would have to pass the room occupied by the second mate—possibly the murderer—and he recoils from passing through that dark passage way, crosses the saloon again, and reaches the deck by way of the after companion way. The first thing he knows is an assault upon him by the mate with a billet of deal. His possession of a revolver cowed the assailant and undoubtedly saved his life. Monks does not know what time it was then, but thinks it was about two o'clock.

Brown, who says he saw the mate kill the captain through the chart room window was not at the wheel when Monks reached the deck. He had been replaced by Lohesse, the Frenchman. fitted up for occupancy. Lady Tupper sailed to-day from London.

The plan which has been prepared of the seats in the House of Commons shows that Sir Richard Cartwright has Finance Minister Fielding under his wing and that Hop Mr. Laurier has saved the woman's life. But he did not saved the woman's life. But he did not

Monks thinks it was about 2 o'clock wheel, and he had gone to his berth before he (Monks) reached the deck. From the deck. When told that there had been murder on the ship, the mate ex-pressed surprise, and said if so the crew

Monks might naturally suppose that the atrocities had been committed by the second mate-who was the fourth occupant of the cabin.

'Where is the second mate?" asked the young passenger of the mate. "He is forward among the crew," was the reply.

And as Monks did not know but what the crew had mutinied, and did not know any moment that one of the alleged mutineers might spring upon him, he thought it best to let sleeping dogs lie, and sit there and wait till daylight. During those two terrible hours but few words were exchanged between Monks and the mate. When the mate found that Monks had a revolver, he became a cur and whined and cried all nightwhined for "protection," Monks to save his life. implored the man at the wheel about a murder, nor to the man on the look-out.

At daybreak the steward was called, and he went alone down into the cabin and upon his return Monks for the first time knew the full extent of the horror -that the second mate, as well as Cap-

tain and Mrs. Nash had been killed. So afraid were all on board of each board with branches throughout the other that, later on, it was at Monks' province to act in conjunction with a suggestion that the bloody axe was thrown overboard, that the boathooks were destroyed and the handles were
