

Town and Country

A meeting of the Curling Club was held on Tuesday night.

The October term of the Supreme Court, opened on Tuesday.

We are glad to see Alderman Simmons out again after his illness.

Moncton, Truro and Yarmouth have water works, and why not Fredericton?

Geo. E. Foster, Esq., has been elected a life member of the Nova Scotia Historical Society.

A number of new buildings have been erected in Gibson, this season, than in Fredericton.

Patrick Bradley paid his fine of \$100 into the Police Court for a second offence against the Street Act.

Prof. Tripp had a small but select audience to his course of interesting lectures on recent European history.

The annual election of Councilors for the Municipality of York will be held next Tuesday, the 18th inst.

Annual meeting of the Stockholders of the Gibson Leather Company, Tuesday Nov. 1st. See advertisement.

Mr. W. T. Whitehead has been elected Secretary of the New Brunswick Land and Lumber Company for the current year.

It now appears there was no foundation in fact for the statement regarding the object of the Hon. Attorney General's visit to Boston.

York County Teachers' Institute is in session to-day in Fredericton.

Mr. J. H. Barry, who was severely injured by a blow from a stick on the day of the Sports, is, we are happy to say, much improved.

We have received McMillan's Almanac for 1882, a volume well filled with valuable information, which everybody should have. See Advt.

Mr. Andrew Callahan, of Gordonville, was in the city last week engaging men for the lumber woods. It is thought that good wages will rule this season.

Application has been made to the Government at Ottawa for the ground in erecting a Sinking and Curing Tank.

One of the men employed on the Westmorland Street sewer, named Linn, was seriously hurt on Wednesday morning by falling into the excavation on some lumber.

Owners of crafts plying on the river have been notified, that the dredge, "New Dominion," is now operating in the channel between Crooked and Hatch Islands.

Two or three juveniles at the Tea Meeting in the Exhibition Building, relieved several of the ladies of their pocket books. They were too young to be taken charge of by the police.

A very handsome monument has been erected in the cemetery at Dochester to the memory of the late Lieut. Governor Chandler by his sons. It consists of a large granite, and is a beautiful piece of workmanship.

The Police Magistrate, we understand, has given orders to the policemen to arrest and lock up any person found intoxicated on the streets. This order, if carried out, will have the effect of preventing a good deal of rowdiness.

The ordinary course of growth was reversed this season in a potato field in Conn. Callahan's farm, Gordonville, Stanley, where potatoes grew on the stalks, instead of underground. Specimens of this extraordinary growth were sent to this office.

Mr. Thos. F. Barker of St. Mary's will leave here Nov. 1st, to take charge of the Provincial Stock Farm, and intends leaving his fine farm at St. Mary's. His removal will be much regretted in the community in which he lived.

Three small boys, the eldest not over ten, broke the Sabbath by breaking into Mr. McNichols' laundry and stealing two dollars' worth of goods. The boys were arrested by Mr. McLaughlin, Angus McDonald, and Frank McDonald. Marshall Woodward arrested two of them on Monday.

We had a call one day last week from Mr. Henry W. Barker, of the enterprising and popular firm of T. B. Barker & Son, who are now in the city, looking after the large business of his firm, which is fully advertised in our columns.

Three of the prisoners, who escaped from the lock-up on the 4th inst., gave themselves up to the Police Magistrate, when he imposed a fine of \$15 on a young man that stole the police, and on the other two, whose crimes were of a less serious nature, the police, \$10 and \$8 respectively.

"The old fashioned tea-meeting" given by the Ladies of the Baptist Church, was held in the Exhibition Building on Tuesday evening. There was a very large attendance of guests, and the well spread tables were nicely served with well prepared viands. The entertainment was furnished by the Fredericton Brass Band.

Among the students who are here this week for examination for the degree of Bachelor of Arts, are Messrs. Geo. W. Allen, from Dr. Barker's office, St. John, and Mr. L. B. Tweedie, of Borden & Atkinson's office, Montreal. The two young gentlemen were successful in their examination.

Mr. Ross, of Campbell Settlement, parish of Southport, who was charged with stealing money, was found guilty and sentenced to seven years in the Reformatory. His counsel, Mr. Lupton, has applied for his release on certain formalities in the trial, and the case is now being argued before the judges.

A new sewer is being constructed on Westmorland St., from King St. The Carleton St. sewer has been completed, and is pronounced an excellent job. These works are done under the immediate supervision of Ald. Burchill, the Chairman of the Road Committee, who has given nearly his whole time during the summer to the service of the city.

On Wednesday morning, a party including the Provincial Secretary, left the city for Stanley to attend "the Fair," a number of prominent citizens explored the necessity that kept them from joining the happy company, and enjoying the hospitality of the Society "the Ladies of the Baptist Church," happily, was most propitious for the trip, and very favorable for the show.

Colonel Baird, of St. John and Paymaster for New Brunswick, arrived in Fredericton on Monday evening, and put up at "the Barker House." He is employed as a plan of the Ordnance Land of which he has charge, showing how they are at present occupied, for the information of the Department. We heard it is the intention of the government to rent some of the buildings.

Another old resident, Mr. Thomas Paine, has gone the way of all fathers. He died at midnight on Friday, at the advanced age of 83. His remains were interred on Monday, and among the immediate mourners were his sons, Wm. Paine, Esq., of St. John, and Mr. C. H. Paine, Principal of St. John's Academy.

During the past ten years, the Messrs. Gill have made many improvements on the river farms. These include the stabling gear, fenders, purchase to raise the bridges, purchase to raise or lower the dumper from the wheel house, heating the cabins by steam, signal lights and large lanterns. The Messrs. Gill have been connected with the ferry service for eighteen years and are known to the travelling public as careful and obliging men.

We are glad to notice that Hon. B. Stevenson, Speaker of the House of Assembly, Grand Master of New Brunswick, has so far recovered from the painful accident that recently befell him, as to be able to remove the splints from his wounded arm. He is now moving freely about. On Monday, he with Mrs. Stevenson, and Hon. R. Robinson and Mrs. Robinson, and several other ladies, left for the North Shore. He will in his official capacity visit the Macdonalds of Campbellton, Newmarket, Moncton, Dorchester, Sackville, Sussex and Hampton.

The city will have an action for damages laid against it some day, if the authorities do not look out and compel the enforcement of the law against the cows running at large within the city bounds. Here is what one of these animals that feed so fat on the grass of Cathedral green, that they became fat and did the other day. She entered the gate of Mr. George's yard, just as that gentleman and his wife had alighted from their carriage, and so frightened the horse, that it upset the vehicle, which was damaged so much that \$30 will hardly repay it. Sopp of the residents in that quarter of the city complain bitterly of the nuisance of cows, and no wonder, when they commit such expensive freaks.

Mr. H. G. Winter, of the Customs, has we are happy to state, recovered from his recent illness, and is now attending to his duties.

Mr. Hugh O'Neill's mare "Sorilla" was defeated at the Sussex races on Tuesday by H. McLaughlin's mare "Iris Gray." The race was well contested. For the first half mile, in both heats, the horses were neck and neck, and the winner at the close of the first heat having only half a neck to spare, and on the second heat a large length.

One who subscribed, wants to know what the Sports Committee intend doing with the money they have in their hands? We understand that it is the intention of the Committee to make a statement to all who subscribed for the day's sport.

Conn. Club of Gibson completed a fine new building, nearly opposite his place of business. Its dimensions are 70 ft. x 30 ft., with two stories. The lower flat, which is the full size of the building, is used for a storehouse, and the upper flat, 30 ft. x 30 ft., for a Hall, at present used by the Gibson Branch of the Royal Arcanum. The frame and covering were put up by James Johnson of Robinson, and the Hall was finished by James White.

On Thanksgiving night, Thursday the 20th inst., the Fredericton Social Club will hold a dance in the Exhibition Building. A large attendance may be anticipated, as all previous dancing assemblies under the auspices of the Club, have been exceedingly pleasant and successful. The best of good order we have no doubt will be enforced. Nothing will be allowed to mar the harmony of the evening. Music will be furnished by the Fredericton Brass Band.

We call attention to the advertisement of Messrs. Tennant, Davies & Co., who are now opening up a large importation of new goods, which has just arrived. The new firm has shown great promptitude in preparing for the demands of the Fall trade, as only three weeks have elapsed between their order and its arrival. Their long experience in the Dry Goods business in Fredericton, has enabled them to make such a selection as will suit all tastes and meet all wants.

Justice Steadon, Henry Fair, and Edgar Hanes, who have commenced an action against Fishery Inspector Venning for interfering with their rights to fish in the Miramichi as riparian owners, and prosecuting them in the Justice's Courts here a short time ago. The necessary documents for starting the suits have already been filed in the Clerk of the Peace's office. The damages in each case are set at \$5,000. In the case of Mr. Fair, damages for several fish included in the claim, Mr. Venning having it alleged laid hold of the plaintiff and presented a revolver at his person.

The annual meeting of the Fredericton Curling Club was held at the Waverly House on Tuesday evening, when the following officers were elected for the ensuing year:

A. F. Street, President.

Jas. S. Neill, Vice Presidents.

J. D. Hazen, Sec.-Treas.

Rev. A. J. Mowat, Chaplain.

Wm. Beckwith, Rep. Men.

T. G. Logie, Com. of Management.

A. F. Street, J. S. Neill, and T. G. Logie.

A committee of four was appointed to report at the next meeting, on the advisability of erecting a covered rink.

The Hampton Society Show

This Exhibition took place on Tuesday at the residence of the Farm of John Shipley, Esq. There was a grand exhibit of cattle, horses, sheep, etc., on the ground surrounding the house. The building was the usual display of farm and dairy produce, fruit, domestic manufactures and fancy work.

Mr. Barker, who has been in the city for several days, has been very successful in his business. He has been in the city for several days, and has been very successful in his business. He has been in the city for several days, and has been very successful in his business.

The awards were not all in, when we were obliged to leave to meet the boat, so that we cannot give the premium list until next week, when also the exhibition itself, shall have a more extended notice.

An Interesting Letter

A prominent gentleman in this city has received the following letter from an inmate of the County institution on Brunswick Street.

DEAR SIR, I am boarding at Long's Hotel, the "Ironside" I mean, I suppose you know it. I have been registered at it for some time, but I heard so much about "Long's," that I registered here for the reason that I was cheap when you pay in advance, and as my means are limited. I have a room 18 x 20, and I am walking thirty miles per day. The first of the month I am thinking of starting to make Woodstock in eight hours. I would like to start in a cab, but I have no money to do so. I am a hard worker, but I can't get it. I am a hard worker, but I can't get it. I am a hard worker, but I can't get it.

One of the most successful and benign combinations ever effected is that of the medicinal properties of the Electric Oil, composed. This matches compound not only possesses remedial efficacy of the highest order, but, inasmuch as it contains no alcohol, its influence is not weakened by evaporation, which is the case with a great many oils of doubtful efficacy, which have an alcohol basis. It is an incomparable specific for affections of the throat and lungs, remedying chronic bronchitis and influenza, and is a superb remedy for the rheumatism, neuralgia, and other diseases which can be effected by outward treatment, yield to its operation with greater promptitude and certainty than to that of any other remedy, and, when used inwardly, it is equally efficacious. Dysentery, diarrhoea, piles, excruciating aches are among the complaints which it eradicates. For ulcers, sores, burns, frost-bites, and contusions, it is immeasurably the best remedy in use. All medicine dealers sell it. Price, 25 cents.

Prepared only by HANINGTON BROS., Pharmaceutical Chemists, St. John, N. B., and for sale by Druggists and General Stores. Price \$1.00 per bottle; six bottles for \$5.00.

Dysentery, diarrhoea, piles, excruciating aches are among the complaints which it eradicates. For ulcers, sores, burns, frost-bites, and contusions, it is immeasurably the best remedy in use. All medicine dealers sell it. Price, 25 cents.

Prepared only by HANINGTON BROS., Pharmaceutical Chemists, St. John, N. B., and for sale by Druggists and General Stores. Price \$1.00 per bottle; six bottles for \$5.00.

One of the most successful and benign combinations ever effected is that of the medicinal properties of the Electric Oil, composed. This matches compound not only possesses remedial efficacy of the highest order, but, inasmuch as it contains no alcohol, its influence is not weakened by evaporation, which is the case with a great many oils of doubtful efficacy, which have an alcohol basis. It is an incomparable specific for affections of the throat and lungs, remedying chronic bronchitis and influenza, and is a superb remedy for the rheumatism, neuralgia, and other diseases which can be effected by outward treatment, yield to its operation with greater promptitude and certainty than to that of any other remedy, and, when used inwardly, it is equally efficacious. Dysentery, diarrhoea, piles, excruciating aches are among the complaints which it eradicates. For ulcers, sores, burns, frost-bites, and contusions, it is immeasurably the best remedy in use. All medicine dealers sell it. Price, 25 cents.
