The immense concourse then returned to Portsmouth, and each mourner on the flung her loaf full into the group of The grim of his health, which afterwards was reported as becoming worse. Miss O'Donnell, to whom he was engaged to be married, followed some weeks later to nurse him. The bride and

OUR ST. JOHN LETTER

The News and Gossin of the Commercial Metropolis.

(From our own Correspondent.) St. John, February 6th, 1888. Premising that what advances of St. John likely to benefit the rest of the Province let me touch briefy upon two acts of the city's representatives last week, which, carried into representatives last week, which, carried into effect, will bring about important civic and commercial changes. St. John proper is, as it were, enclosed by two arms of the Interolonial Railway, and an agitation to connect the ends of those arms by a line running from the Ballast Wharf along the front of the deep water wharves to the Intercolonial Station has been in progress for years, but without any perceptible result until last Wedneeday, when, upon the representations of a committee of the Trade Forwarding Compeny the Common Council granted the "the right of way" for the railway. Permission granted, the rest is easy when it is considered that the government builds the extension. Then and only then will St.

right belongs to her, that of western Canada.
When it can be arranged that the freighters of the Canadian Pacific can line our wharves along the whole front of the harbor and the TO RECEIVE OCEAN STEAMERS. and the cargoes of Europe can be exchanged for those of Canada, then the hopes of St. John people will be realized. The first step towards that realization has been taken. Another act and one not less important was that which referred to the appointment of a commission by the Local House to arrange a basis for the union of the cities of St. John and Portland. It does not seem

fitting that the two largest communities in Italy can put an army of 518,000 men in the province aituated side by side at the field in case war breaks out. Her forces

ITS MOST STRENOUS OPPONENTS but while the opposition has retarded the

the largest on record, reaching 428,528 tone, and now some 50 years later was invited to compared with 128,061 tens in 1878. compared with 128,061 tens in 1878.

Peter Carroll, a well known character, arrived at Amherst Wednesday, and entered upon an old time drunk. During the evening he visited a notorious den kept by Richofficers of the Institute not one was living. Brundage threw Carroll on the floor, and while Carroll was held down by another man, well of provincial men and affairs as Mr.

The new and affairs as Mr.

Well of provincial men and allairs as mr.
Fenety. Thirty years of active journalistic life in St. John, during a greater portion of which period as editor and proprietor of the I then Morning News he was an acknowledged leader of public opinion gave him opportupities to acquire a knowledge of public men subsequent annual expense, will be \$70,000,and affairs such as few men are fortunate to 000. and affairs such as few men are fortunate to possess, and with his unimpaired memory, an is simply a terrific sacrifice and it is incredible that it could be proposed, much less acluent, interesting and valuable addresses. A pretty good indication of how

BUSINESS MEN ARE STANDING the "hard times" may be had from the state-ment of a Bank of Montreal official that there were 250 heavy notes in their bank last Saturday to be met, and he has not seen last Saturday to be met, and he has not seen the merchants come to time so promptly for months. The suspensions and failures chronicled of late don't alarm anybody. Those first chance to strike. Reports received at the War Office from agents on the Polish sort and they surprised no person. The war once from agence of the sort and they surprised no person. The merfrontier intimate a renewal of activity among chants have just finished taking stock and are preparing for the spring trade. One firm of transporting the troops are being remedied, may be instanced as an example of scores.

Mayor Thorne, of the hardware firm of Clarke, Kerr and Thorne, Prince William Provinces of Volhynia and Podolia military street, informs me that they are rushed now making arrangements for the spring business, which they expect will increase this season kremnitz eight great, magazines are being as usual. For some time they have been built. They will be surrounded by fortifica-engaged buying direct from the travellers tions. At Dubuos accommodations have engaged buying direct from the travellers and agents of the manufacturers of Canada and the United States, and having made large contracts with them the firm have sent their own travellers out to supply all their former patrons and the increasing list of new would seem to increase an intention of invad-

etc. Mr. Alex. McInnis has gone to Nova Scotia in a similar capacity. It is a remark-able fact that the merchants of St. John take

orders in Nova Scotia under the noses of Halifax merchants while the latter do little if any business in New Brunswick. Halifax bankers on the contrary, have their branches in every New Brunswick city and town while I do not know of a single New Brunswick bank that has an agency in Nova Scotia. Mayor Thorne informed me that their business has increased largely the past year even under the adverse circumstances and he looked forward to larger gains in the future. Their store is one of the most complete and handsome establishments in St John. Much interest is taken in the case of Mag-
