This petition, however, has been challenged by James Leach and the temperance people of the latter district, and so the Police Commissioners handed the petition to City Clerk Blevins to make a count as to whether or not there are thereon a third of the actual residents and a majority of the voters. The matter came up at Osgoode Hall yesterday by way of an application to prevent City Clerk Blevins from making the count, but the motion could not be reached, and a consent enlargement of the motion was made until Tuesday next.

That Proposed Belt Line. Editor World: Re Belt Line, Rosedale; referring to Ald. Lamb's motion in council referring to Ald. Lamb's motion in council for above, does he know what he is talking about when he proposed that Belt Line?

There are not a dozen of houses in the section east of Glen-road to be benefited by the line, and I am sure it would, if completed, not carry 20 passengers per day. There are lots of belt lines which could be started in the city and be of much more benefit to the city than the one moved for by Ald. Lamb, and what I am more surprised at seconded by Ald. Hallam.

Hoping the above aldermen will investigate this before they do any more in the matter.

Exemption From Taxation.

At a meeting of the advisory board concerning the erection of the new Massey Music Hall, held yesterday in the Mayor's chamber, there were present Messrs.

H. A. Massey, J. J. Withrow, Church, Prof. Torrington, Warden Massey and Ald. Saunders, Lynd, Leslie, Jolliffe, Orr and the Mayor.

The meeting was called by Mr. Massey in order that there might be a clear understanding between the city officials and himself concerning the refusal of the Legislature to grant the corporation power to exempt the music hall from taxation.

The Mayor and Ald. Saunders both assured Mr. Massey that he need not trouble himself in the least about the incident, as in case the Legislature was persistent in throwing out the bill next session after the erection of the hall that the city would make a grant to the extent of the taxation.

The city officials were notified by Caretaker Hughes and Commissioner MacLoghlin, accompanied by Constable Campaign, went down to investigate with the result that a summons was issued, against Titus and Thomas Lundy. New York, May 23.—The duiness in the stock market during the greater part of the day was intensified by a practical suspension of telegraphic communication with the west. Pricas ruled barely steady until the last half hour, when considerable weakness developed with more activity. London sold moderately early and there was not much support given to the market. The selling this afternoon seemed to be largely professional, but it was fully as good as the buying has been lately. The announcement of what is claimed to be the feature of the Richmond Terminal plan of reorganization was unfavorably received. One million gold goes Thursday. There was little news of importance. Money easy 2 to 3 per cent. Total sales, 166,000 shares.
