Growing Prevalence of Bright's

Bright's Disease shows itself usually in depression of spirits. Life loses its zest. Effort brings on early fatigue. There is loss of appetite, listlessness, sleep fails to refresh. There may, or may not be pain in the region of the kidneys. It is not only astonishing, but alarming, the extent to which this disease is seizing the ablest men of the country. The deceptive nature of the trouble is almost akin to that of consumption. Our dearest friends are carried off with it before we are aware of the nature of their disease. The one salvation is to rid the system of the trouble at its inception. This is being most successfully accomplished by South American Kidney Cure, a medicine that will cure any case of Bright's disease that has not already signed the death warrant of its victim. It is a medicine that most completely rids the system of those elements that go to constitute this disease, working distinctively on the kidneys.

Ald. Lamp and Hallam opposed such a step, as it went beyond the instructions of the City Council. Ald. Leslie moved his motion and his only supporter was Ald. Allen.

The committee adopted the suggestion of the Mayor that whatever information the Georgian Bay people had they could present to the City Engineer and he should use as much of a she saw fit. Mr. Mansergh's propostition will go on to the Council and all details in Engineer Keating's hands will be presented to the expert on his arrival.

A Sample Man.

Did you hear of him? He is the man whose funeral we tallors would like to attend. He comes in and gets is to pull our whole stock to pieces and then meekly asks for a sample to show his wife and nine times out of ten he has not got one—no girl would have him—does not display enough ability to spend ten or twenty dollars, let alone keep a wife. But there is another kind of a man whose smiling countenance we are always pleased to see. That is the man who makes a fair comparison and buys where he can buy the best. To such a man we extend a hearty invitation to inspect out stock of winter woollens, compitising Scotch suitings, cheviot overceatings and all the nobbiest goods. If our prices please you and we think they will, we would like to fill your next order. Call at Watersch's, 126 Yonge-street, and examine for yourself.
