## Notice to Contractors

Sealed Tenders addressed to the undersigned, and endorsed "Tender for Coal, Public Buildings," will be received until **MONDAY, THE 10th OF AUGUST NEXT,** for Coal Supply for all or any of the Dominion Public Buildings.

Specifications, form of Tender, and all necessary information can be obtained at this Department on and after Monday, the 13th instant.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted bank cheque, made payable to the order of the Honorable the Minister of Public Works, equal to Five per cent of the amount of the tender, which will be forfeited if the party declining to enter into a contract when called on to do so, or if he fail to complete the work contracted for. If the tender be not accepted this cheque will be returned.

The Department will not be bound to accept the lowest or any tender. By order.

A. GOHEIL,  
Secretary.

Department of Public Works,  
Ottawa, 13th July, 1885.

## INTERNATIONAL AND COLONIAL EXHIBITIONS.

ANTWERP IN 1885.

LONDON IN 1886.

It is the intention to have a Canadian representation at the INTERNATIONAL EXHIBITION at Antwerp, commencing in May, 1885, and also at the COLONIAL and INDIAN EXHIBITION in London in 1886.

The Government will defray the cost of freight in conveying Canadian Exhibits to Antwerp, and from Antwerp to London, and also of returning them to Canada in the event of their not being sold.

All Exhibits for Antwerp should be ready for shipment not later than the first week in March next.

These Exhibitions, it is believed, will afford favourable opportunity for making known the natural capabilities and manufacturing and industrial progress of the Dominion.

Circulars and forms containing more particular information may be obtained by letter (post free) addressed to the Department of Agriculture, Ottawa.

By order,

JOHN LOWE,  
Secy., Dept. of Agric.

### Opinions of the Press.

Perhaps the most extraordinary success that has been achieved in modern science has been attained by the Dixon treatment for catarrh. Out of 2000 patients treated during the past six months, fully ninety per cent. have been cured of this stubborn malady. This is none the less startling when it is remembered that not five per cent. of the patients presenting themselves to the regular practitioner are benefited, while the patent medicines and other advertised cures never record a cure at all. Starting with the claim now generally believed by the most scientific men that the disease is due to the presence of living parasites in the tissues, Mr. Dixon at once adapted his cure to their extermination; this accomplished, the catarrh is practically cured, and the permanency is unquestioned. Cures effected by him six years ago, are cures still. No one else has ever attempted to cure catarrh in this manner, and no other treatment has ever cured catarrh. The application of the remedy is simple and can be done at home, and the present season of the year is the most favorable for a speedy and permanent cure, the majority of cases being cured at one treatment. Sufferers should correspond with Messrs. A. H. DIXON & SON, 305 King street west, Toronto, Canada, and enclose stamp for their treatise on catarrh.—*Montreal Star.*

**OBSERVE—Our remedy is applied — it is used only once in twelve days, and its application does not interfere with business or ordinary duties. We give every case our special attention.**
