INCREASE IN THE CIRCULATION OF THE "RECORDER."

In accordance with the TERMS for additional copies, as found on our LAST PAGE, many Branches have favored us with orders. We printed in January, 1870, five thousand; in January, 1871, six thousand. We find, however, that we will be under the necessity of publishing seven thousand of the present number. We are thankful for this encouragement, and hope that its distribution may fully accomplish the end contemplated in its origin. Any more orders, which will be cordially welcomed, should be sent in immediately.

THE MAY NUMBER OF THE "RECORDER."

The "double number"—48 pages—will contain the annual report, the report of speeches delivered at the annual meeting, &c., &c. Some Branches last year ordered additional copies of this number ONLY. Such orders should be mailed us in due time, as we do not wish to print in excess of the demand. The May RECORDER will contain "a summary of receipts from Branches and Auxiliaries;" we will also commence the *Lists of Subscribers*, and if all the lists are furnished in season, we will endeavour to include all in this number. The summary of last year's receipts did not appear until January, 1871. The cause of this apparent remissness was the opinion that it was hardly necessary to present such summary after each remittance had been duly acknowledged in the number of the RECORDER first published after it was received. But our judgment favored the repetition. We are convinced it will give satisfaction, although some may think there is too much space occupied with mere figures.

REPORTS FROM BRANCHES.

We are in receipt of reports from the Brantford, Elora, and Malton Branches. Brantford yet abounds in her gifts. The free contributions from Brantford this year are eleven hundred dollars. To the U. C. B. Society \$100; to the Parent Society \$1,000.

As we were going to press a copy of the Report of the St. Mary's Branch was received, giving details of a most interesting Anniversary Meeting.
