THE CATHOLIC SAILORS' CLUB.

| WESTERN P & Top Ext. -TAK

Montreal is a city rich in philan-thropic and charitable institutions. Here are asylume for the treatment of evory disease which flesh is heir to : here are to be met with homes where the parga occasioned by poverty are to be mitigated. The latest addition to the benevolent institutions of Mon-treal is the "Catholic Sailors' Club." That such an institution was impera-tively necessary must be patent to the most casual observer. The vast com-merce of Montreal necessitated the employment of thousands of seamen. many of whom are Catholics, which rendered it of the first importance that some home of this character should be established. Like other great scaports, the beer saloon and whiskey shop lines the water's edge; and it is to care a capital state. and it is to guard against the influence of these bloodsuckers, who proy upon the poor eailors more than upon any other class, that certain benevolent ladies and gentlemen united together for the purpose of founding an institu tion where congenial associations can always be found during leisure hours, away from the influence of the "barrel house.

Accordingly the "Catholic Sailors' lub" was organized in April, 1898, with headquarters on the third floor

Club" was organized in April, 1898, with headquarters on the third floor of a bullding on St. Paul street, near the water froat. That its work has been eminently successful is attested by the fact that after three years a more commodiors building had to be secured, involving a large expenditure, for which outlay the work of collection has been energetically entered into and successfully carried out.

The last report of the Club, which is now before me, gives the list of officers, which is as follows:—President, Mrs. McNames; Second Vice-President, Mrs. McNames; Second Vice-President, Mrs. Casgrain; Secretary. Treasurer, Mrs. S. R. Thomson. Executive Committee—Mrs. McCarthy, Mrs. Moore, M.s. Smith, Miss Feron. Advisory Committee—Sir W.m. Hingston, Mr. F. B. McNames, Dr. J. J. Guerin, M.P.P., Mr. Henry Kavanagh, Mr. A. R. Macdonell, Mr. Joun Meagher, Mr. C. F. Smith, Mr. J. S. Doylo, Mr. Wm. E. Doran, Mr. Jas. O'Connor, Mr. Erank Hert, Mr. E. James, Mr. M. Hielss.

The foregoing list of names, many

Mr. M. Hicks.

The foregoing list of names, many of whom have been associated with other deeds of philanthropy in the city of Montreal, is a sufficient guarantee that the Oatholie Sailors' Club has before it a career of usofulness and permanency. Glancing at the report further down I find the following testimony borne to the zeal and generosity of an old friend—Mr. F. B. McNameo.

It is but fair to can that the Contract of the care that the contract of the care that the contract of the care that the c

ing testimony botto to this ceasing enerosity of an old friend—Mr. F. B. McNameo.

It is but fair to say that the Club owes its present satisfactory finencial condition, in a large measure, to the exertions of one member of the Advisory Committee—Mr. F. B. McNameo—whose energy in its behalf has been unitring.

Gitzens of Montreal will remember that the man to whom this certificate has been voluntarily tendered was obliged to enter the courts of the land to defend his good name against most villainous charges. It made very little difference to the man who deem dhim fit for social outlawy that the charges were carefully locked up for sixteen years in a malignant bosom, and were only brought before the public—of course, in the public inter-set—when private malevolence sought its own gratification. The poison of the slanderer was, however, wasted, and McNames came out of the ordeal unseathed, and to-day we find him grominent in deeds of benevolence, whilst those who plotted his ruin are nover heard of except in connection with some corrupt deal with the politicians.

That the "Catholic Sailors' Club" may prosper is the wish of the Rambler.

White Topaz.

Every day in the week and every hour in the day, one can see crowds around the show window of The Chicago Diamond Palaco, Chicago, Ill, The cause of it all is the new widely known White Topazor carbonated diamonds that have come to be recognized as the nearest thing on earth to Genuino Diamonds; so near indeed is it that the proprietors of The Diamond Palaco do not hesitate place real diamonds in their vindows amidst their display of White Topaz and allow the public to pick them out at the selling price of the Topaz.

The latter stones have all the lovely brilliancy of the diamonds, sparking steadily and with wonderful fire. The thousands of these stones in the windows form one of the most gorgeous displays, and has proven an attraction which is one of the features of Chicago. In order to find out the advertising medium best suited to their business, this enterprising concern offers to send a genuine White Topaz to all those who will cut out and soud them their advertisement, which appears of sewhere in this paper together with 250 in stamps.
