When you are about to purchase a solid gold or silver watch, see that the case is stamped with a "Maltese Cross," thus . If you are buying a "gold-filled" watch, make sure that the case bears the stamp of a "Winged Wheel," thus .

If you purchase a case which bears either of the above trade-marks, you will have something you can depend upon as being of the quality stamped upon it, because every case bearing one of these trade-marks is fully guaranteed by The American Watch Case Co. of Toronto, one of the largest and most reliable watch companies in America. These goods are equal in quality to any made in the world, and you can save the entire duty by buying them.

Toronto's commercial stability is reflected in its great banking institutions. The history of the Dominion Bank during the past quarter century is a history of the progress of many of the city's largest and strongest commercial institutions. At the 25th annual meeting, held yesterday, the shareholders of the Dominion Bank received the report of the past year's business. It was most gratifying. The report shows a net yearly profit of \$189,862.12. The president and officers of the bank were tendered a hearty vote of thanks. The shareholders further voiced their esteem by a prompt re-election of the Board of Directors. Mr. James Austin was re-elected president by the Board, with Sir Frank Smith as Vice-President.
