The Vernoy Electro-Medical Sanatorium.

ESTABLISHED IN 1876.

OFFICE : 231 JARVIS ST.

SANATORIUM : 190-194 JARVIS ST. TORONTO.

JENNIE GRAY, M.D., C.M. Medical Superintendent.
PROF. S. VERNOY, Electro-Therapeutist.

This Institution is located on the finest street in Toronto, with large shade trees and beautiful lawn in front; fine fruit orchard in rear now in full bloom; rooms large, airy and comodius; dining room capable of seating fifty guests; everything homelike and suitable for care, comfort and skilful treatment of invalids, and rest for the weary; but the greatest consideration is the treatment by Electricity of that class of

diseases that resist all other means, as the numerous testimonials given prove beyond a doubt, such as the following :—

A PHYSICIAN'S EXPERIENCE WITH ELECTRICITY.

DR. CLOSSEN TELLS HOW HE WAS CURED OF NERVOUS EXHAUSTION, ETC.—A LOSS OF FORTY POUNDS OF FLESH.

S. VERNOY : DEAR SIR,—I consider it my duty to you and to the public generally to give a short history of my case. I found myself gradually failing physically, although my mental powers, so far as I or my friends could judge, remained intact and undisturbed. Soon I began to realize the alarming fact that I was gradually sinking into the grave, having lost forty pounds of flesh in 4 months. I suffered severe neuralgia in one or both temples, shooting down into the shoulders occasionally, of the most excruciating character, accompanied by morbid sensations in my extremities. After other means had failed I thought I would try electricity, knowing it was a powerful remedial agent when cautiously and skilfully applied, and having ascertained that you were the most successful electro-therapeutist in Ontario, I thought I would, if possible, obtain your services, and you very kindly and promptly visited me, and proved on that occasion your complete mastery of nervous diseases. Through your instructions as to the application of the battery, and from several treatments received at your office after I was able to visit Toronto, I am now in very good health.

I remain, as ever, thankfully your,

Malvern P. O., Sept. 10, 1886.

A WELL-KNOWN CLERGYMAN SPEAKS.

REV. MR. MILLIGAN, PASTOR OLD ST. ANDREW'S PRESBYTERIAN CHURCH, TORONTO, TELLS WHAT ELECTRIC TREATMENT DID FOR HIM.

PROF. VERNOY,

DEAR SIR,—By taking your treatment last fall I am happy to tell you that I began last winter's work well. I have not slept so soundly for years as I have done since the treatment, and never have I done my work with such comfort and energy as during the past year. The tonic and alterative effects of the electrical applications have been of so great benefit to me that I believe every person, whatever his health may be, would find himself benefited by a greater or less use of electricity. It is indispensable to the health of the nerves.

Very faithfully and truly yours,

GEO. M. MILLIGAN.
