

LIGHT

Daylight costs nothing. Luxfer Prisms bring it into dark places.

The saving you make is worth the trouble of getting our booklet and learning how to discard artificial light.

The booklet is free.

Heat vs. Leak

The Radiator that doesn't leak—
heats! The Safford Radiator (for
Steam or Hot Water heating) heats.
All other Radiators whose joints are
packed and connected with bolts or
rods must leak, sooner or later.
Where there's a leak there's less
heat, of course.

As originators of the Screwed Nipple
Connection for Radiators, we have
developed the largest business of the
kind under the British Flag—natu-
rally we are proud of it—but we are
not above taking small orders; our
success hasn't gone to our head.

Toronto's City Hall and Court House are fitted throughout
with **SAFFORD RADIATORS**
