

# Things Beautiful

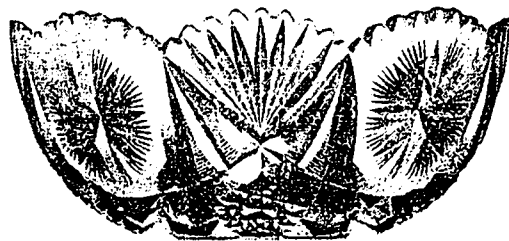

"A Thing of Beauty is a Joy forever."

Of cut glass there are all sorts and varieties, and it requires experience or direct comparison to discriminate between them. The one standard obtained at Birks is noted for its clear white glass and beautiful shapes, for its perfection and brilliancy of cutting. We stock the Libbey cut glass which holds unquestioned supremacy over all other makes.

Cut glass is the most popular wedding gift today. Do not fail to visit our crystal room when in Vancouver.

We illustrate in one catalogue a selected assortment of useful and ornamental pieces. Prices include transportation charges.
