Mineral Wool Steam Pipe and Boiler Covering,
(Lamkin's Patent)

Water pipes covered with our Frost Proof Covering will not freeze no matter where exposed or how low the temperature. Mineral Wool for sale by the sack, ton, or car lots for decaying purposes.

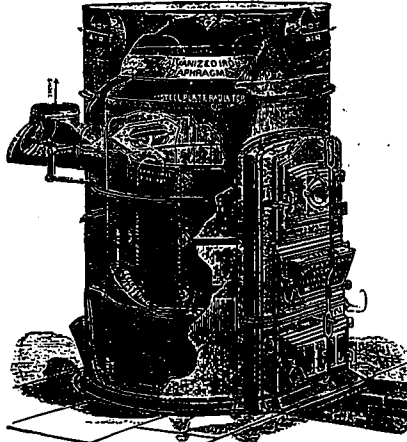

GAST & ATCHISON,

30 Adelaide Street West,

TORONTO.

THE ANTHONY STEEL PLATE FURNACE

**A SANITARY HEATER
WITH ONLY ONE JOINT.**

At this season of the year the owner of a furnace realizes the defects of the apparatus he has used through the winter, and now is the very best time for him to consider what he will use another season. We have aimed to make what has only been imperfectly made before, namely:

A strictly Sanitary Heater, which will produce in the house all the purity of the external atmosphere, at the proper temperature for respiration.

The construction and sanitary application of this furnace is fully described in our new 52-page book entitled, "Our Homes; How to Heat and Ventilate Them." This book will be furnished free of charge upon application.
