Special Winter **Victor** Shoes

WE have gone to great pains, and after much experiment have produced a special type of boots in the "**Victor**" Series for winter and rough weather. It is a new idea, and in no other **\$3.50** Shoe may it be procured. The uppers are of the best box calf, lined with fine felt instead of cotton, the insole consisting of pure white felt, $\frac{1}{4}$ of an inch in thickness, with an outer sole of the clos-

est heavy

German felt,

$\frac{1}{2}$ an inch in thickness.

A welt of leather ex-

tends between the outer and the inner sole for the full length of the boot, the heel being also one full thickness of solid felt. For all those whose business or pleasure calls them outdoors in the winter time—**driving or walking**, in the snow or on the ice—this is the Ideal Shoe. For **Curlers** it is the exact shoe—nothing else made in footwear so precisely filling the bill. For **Motormen, Cabmen, Teamsters, Policemen, Postmen, etc.**, this boot will give the fullest amount of warmth and comfort, with the maximum of neatness and style. **\$3.50 IS THE PRICE** of this style in the Victor. For anything resembling it in any other make of boot you pay \$5.00 and \$6.00.

\$3.50 is the Price—All Widths and Sizes
