Company/Product

Sentar Consultants Ltd. is a member of the Stanley Technology Group, with the head office in Edmonton, Alberta, and offices across Canada. Sentar employs approximately 100 professionals and offers a wide range of environmental services to clients in both the public and private sectors.

Sentar's environmental expertise includes environmental planning and sciences, contaminant management, environmental monitoring, and public participation. The firm specializes in impact assessments, environmental audits, resource inventories, predictive modelling, air, surface water, and groundwater studies, solid waste management, spill clean-ups, Geographic Information Systems (GIS), and wildlife and fisheries management. Sentar is one of the few firms providing comprehensive public participation programs to suit the specific needs of individual clients.
