

(c) Principles on the provision of food assistance:

- (i) target food assistance according to the food and nutrition needs of the most vulnerable populations;
- (ii) involve beneficiaries in the assessment of their needs and in the design, implementation, monitoring and evaluation of food assistance, as well as other relevant stakeholders, where appropriate;
- (iii) provide food assistance that meets applicable safety and quality standards, and that respects cultural and local dietary habits and the nutritional needs of the beneficiaries;
- (iv) uphold the dignity of beneficiaries of food assistance;

(d) Principles of food assistance accountability:

- (i) take specific and appropriate measures to strengthen the accountability and transparency of food assistance policies, programs, and operations;
- (ii) monitor, evaluate, and communicate, on a regular and transparent basis, the outcomes and the impact of food assistance activities in order to further develop best practices and maximise their effectiveness.
