

*Adjournment Debate*

Mr. Speaker, I could say more on the subject, but since I have only three minutes, I shall simply add that as far as technological development is concerned, I can assure you that the Government's commitment to investing in research and development is both substantial and sustained, and those must be my last words since my time has expired.

**The Acting Speaker (Mr. Herbert):** The motion to adjourn the House is now deemed to have been adopted. Accordingly, this House stands adjourned until tomorrow at 2 p.m., pursuant to Standing Order 2(1).

At 6.26 p.m., the House adjourned, without question put, pursuant to Standing Order.
