

University of Toronto

TORONTO, CANADA

DEPARTMENT OF UNIVERSITY EXTENSION

DIRECTOR, W. J. DUNLOP, B.A.

SECRETARY, HARRIET M. LATTER, B.A.

December 7th, 1923.

Sir Arthur Currie,
Principal, McGill University,
Montreal, Quebec.

My dear Sir Arthur:-

Sir Robert Falconer has just recently received a letter from Mr. J.S. McKinnon, Director of Industrial Exhibits, British Empire Exhibition, asking whether the University of Toronto would unite with the Universities of Canada in taking space at the British Empire Exhibition. No doubt, you have received a similar letter. Sir Robert has asked me to take charge of this undertaking for the University of Toronto and I have been wondering what plan we could adopt so that all Universities that wish to be represented can occupy advantageously the space allotted for this purpose.

Apparently, the time is quite short, as I understand that exhibits must be shipped not later than December 15th. Possibly, however, a little extension of time might be secured.

Speaking for ourselves we are strongly of the opinion that there should be a Universities' Exhibit because it will show prospective immigrants from Great Britain that Canada possesses educational facilities of a high order, and settlers who are interested in education should be the best type of citizens
