Sir

I am a Canadian Citizen I want too know the reason I could not get a Job in one of your Fraternity Houses when I know there is a Vacant. I put an application in since last May. I was promised up to now for the job at Cook. I applied to the Caterer to Day and he told me the job was gone. The Caterer is a Foreigner and a German. And he is running two Fraternity's Houses. My Husband is an Ex Service Man I dont see why one person can get everything. And ex Service Men and their family are Starving. I heard one of your Speeches And you said an Ex Service Men should never be in Want. Well We are in Want too Day my self and Family. We dont want Charity. I am just pleading for work. I would be much obliged If I could have an appointment to see you about this Matter.

I am Sir
Yours
Oblidgely
