SEPARATION ALMOST AN ASSURED FACT

Interviews With Bishop of Toronto re Tomorden Church.

DUST SIX INCHES DEEP

Don Road Residents Protest—Want Highway Oiled at Once.

It will not be long before members of the Anglican community in Tomorden will know what the separation of St. Andrew's Church from the Parish of Chester will be effected. In a conversation with The World last night the Right Rev. Bishop Sweeney stated that the petition had been handed on to the boundaries commission, and he thought that their decision would be arrived at some time during the month. He also intimated that the separation was likely to take place, although he was not in a position to state anything definite in this connection. The committee in charge of the canvass which took place in the district to raise the \$800 which it is necessary to raise for a rector's stipend stated that the subscription list was sent in to the Bishop of Toronto with a total amount pledged of \$316, and since that time other subscriptions have been promised. The attendance at the services since the canvass was commenced has increased considerably, last Sunday nearly 250 persons attending the morning and evening services.

Traffic Diverted.
Storms of protest were forthcoming yesterday from Tomorden residents at the way the sidewalk on the west side of Page avenue, in the township, was cut up thru the traffic on the road being diverted on to the walk. A frame house, which was being moved from Logan avenue to Bee street, was the cause of the trouble, the building taking up the whole of the road and making it necessary for other vehicles to use the sidewalk. From Dalton avenue to Gowen avenue, the path was churned up and walking made very difficult.

Don Road Church.
Great success is being met with by the trustees of the Don Mills Road Methodist Church in their efforts to raise sufficient money to build a parsonage on the corner of the church by Mrs. Henderson on the Rivercourt subdivision. The subscription to the parsonage is being called in this week, and it has been learned that a large amount has been subscribed, including several sums of \$200 and \$250. A meeting of the board of trustees will be held next week when plans for the building will be formulated.

Residents on the Don road are still wondering whether the road is to be oiled this spring. At present the dust is nearly half a foot thick on Gowen avenue, and the people are determined not to suffer in this connection like they did last summer.

TOWNSHIP DAIRIES TO BE INSPECTED

Residents Complain That Milk Supply is Not Up to Standard.

The board of health decided yesterday to have the sanitary inspector visit all the dairies supplying milk in York Township and to report as to their sanitary condition and the quality of the milk supplied. A large number of the residents outside the city limits complain that the milk supplied to them is of such quality that it would not be passed by the medical health department.

Permit Necessary.
The matter was brought to the attention of the board of health by the township clerk, who pointed to the clause in the Public Health Act that demands a penalty of \$20 for any dairy selling milk in a municipality without first being inspected and obtaining a permit from the medical health officer. The inspector was instructed to see that all dairies in the township comply with this section of the act.

Should Burn Refuse.
Dr. C. A. Warren, M.O.H., reported 14 cases of scarlet fever and six of diphtheria in the township since the last meeting of the board. In the matter of refuse, the board is of opinion that the residents would help greatly by burning all refuse of a combustible nature, but leaving the question of collection to the township council.

NEW TORONTO COUNCIL DISCUSS WATERWORKS

Public School Supplied Direct From Lake—Water is Quite Pure.

The New Toronto Council, at its meeting in the school house on Monday evening, cancelled the contract with W. A. Slaney for the removal of garbage. Mr. Slaney, it was brought out, had never worked according to his contract, and there had been great dissatisfaction among the residents.

Special Meeting.
It is a feeling that it will be better for the council to purchase a horse and rig and employ a man to haul the work of garbage to be done round the village to fill in his spare time.

Dog By-Law.
The dog by-law, calling for the registration of all dogs before May 1st, has been determined by the council. The by-law is to be enforced by the city analyst's department, and a mechanical filtration plant will be installed in the city.

TO BUILD SCHOOL AT LAMBTON PARK

Ratepayers' Association Met in Ball's Store Last Night.

APPROVE ARBITRATION

Division of School Section Negotiated—Reeve Syme's Address.

The Lambton Park Ratepayers' Association held its regular meeting last night in Ball's store, corner Scarlett road and Eileen avenue. President J. Ball occupied the chair. The award of the arbitrators, separating school section 24, in York Township, from school section 3 in the Township of Etobicoke, was brought up for discussion. A motion was carried that the association accept the decision of the arbitrators and that the secretary, H. Hickson, be instructed to ask the township clerk to call a meeting for the election of trustees for section 24, and that the building of a two-room school for the smaller children of Lambton Park district might at once be arranged.

Reeve's Advice.
In reply to a question from President Ball, Reeve Syme, who presided at the meeting, advised them to take no action until the statutory 30 days in which motions to the award would be heard had expired. He considered that there was some dissatisfaction in the southern portion of the section, and that some protest would in all probability be made. He questioned very much whether the board of arbitration had the power to dissolve two sections and form two others. He stated that the southern section would pass a resolution of acceptance of the award made, but when it met in June, would appoint arbitrators who had to interview the sections affected, and in that case they would be in duty bound to abide by the decision.

Two-Roomed School.
The president stated that there were in the Lambton Park district about 70 children of school age, or just approaching it, and that the present school building, which was built on the site of a graded school, but the present proposal was to build a two-room school which could be added to as occasion demanded.

Reeve's Advice.
The president, in addressing the meeting, said that it was a pleasure to see the section growing up so rapidly. He stated that it was a pleasure to see the section growing up so rapidly. He stated that it was a pleasure to see the section growing up so rapidly. He stated that it was a pleasure to see the section growing up so rapidly.

Dead-End Street.
Mr. Hickson desired that Eileen avenue, instead of being a dead-end street, be a belt line, should be carried thru to Jane street. Mr. Syme recommended the taking of this matter before the township council.

How Best to Round Bloor and Lansdowne.
Ratepayers Will Present Good Scheme to Municipal Board of Works.

A well-attended meeting of the ratepayers in the Bloor-Lansdowne district was held at the Park Theatre last night. D. Lochrie occupied the chair. The meeting was for the purpose of deciding which was the best method of altering the dangerous corner at that point.

EBONY MINSTRELS SCORED SUCCESS
Versatile Program at Columbus Hall Pleased Large Audience Last Night.

The Ebony Minstrels gave a very pleasing concert at Columbus Hall last night before a large audience. The program was divided into three parts, the first, "In the Evening by the Moonlight," featuring some delightful singing.

DR. ANDERSON CHIEF OF MEDICINE ACADEMY

Succeeds Dr. H. Hamilton, Who Becomes Physician to Sir James Whitney.

At the annual meeting of the Toronto Academy of Medicine at the headquarters of the Park last night Dr. H. B. Anderson was elected president in the order of precedence by the company. Dr. Herbert Hamilton, who has retired from the office of president, has been elected to the position of physician to Sir James Whitney.

STORMY MEETING CALEDONIA B.I.A.

Many Members Resigned—Claim Association is Too Political.

NEWS OF EARLS COURT

Cigar Butt Found in Bottle of "Invalid" Port—Other News.

A meeting of the Caledonia Branch, B. I. A., was held last evening in Hughes' School, McRoberts avenue, to talk over the dissatisfaction among the members regarding the aims and objects of the association generally.

The following resolution was carried: "That the business of the B.I.A. be proceeded with, and afterwards those wishing to form a ratepayers' association remain at the close of the meeting."

That settled the uproar and made discussion possible. Secretary C. Riley stated that the organization was purely a political association. At its very commencement it took it as a stand against reciprocity, and was really inaugurated by Arthur Hawkes, no person known in politics would join the body.

Political Body.
Messrs. Thorne and Jenkins were also present in their declaration that the B. I. A. is a political organization, and a drawback in municipal matters, instead of being a help.

President Explains.
President Duffroy of the Central Branch, in answer to the various members, said that the B.I.A. was formed by H. Smith himself after breaking away from the Canada British Association, organized by Arthur Hawkes and others. He stated that the B.I.A. was formed at a meeting in Little's Hall.

Many Resigned.
President Warden, Secretary Riley and about one-fourth of the members present tender their resignations at the close of the proceedings.

W. K. McNaught, M.L.A., Discussed Gooderham Bill at North Toronto.
TORONTO SACRIFICED

Farmers in Legislature Did Not Understand City's Needs.

"I don't think it proper that any newspaper in the city should take on itself the duty of dictating to the people when they should vote on any matter pertaining to their interests." This was the chief note of the address by W. K. McNaught, M.L.A., when referring to the Gooderham Bill, which has been passed by the legislature.

Hotel Refurnished.
Fred F. Newton, the proprietor of the Fairbank Hotel, and formerly proprietor of the Tremont Hotel, Markham, has thoroughly refurnished and put in new furniture and fixtures, and has opened the hotel for business.

Water Power.
Water power was worth more than gold mines, as it was a power that would never fail. The Niagara River was very important to the people and the large amount of it was going to waste at the present time.

Lighting Rates.
Domestic Lighting. 4c per 100 square feet of floor area, plus a consumption charge of 3c per K.W.H.

STOUFFVILLE DISTRICT WANTS FAIR SHARE
Deputation Will See Road Commission Regarding This Year's Program.

A big deputation from Markham Township and Stouffville will attend the meeting of the York Highway Commission to-day at the City Hall, to see that the road between Markham and Whitton is improved.

ITALIAN INJURED BY PILE HAMMER

Was at Work in Excavation for Trunk Sewer on Keele Street.

NEWS OF WARD SEVEN

Collegiate Boys Get Half-Holiday for Baseball Opening.

While at work in the excavation for the new trunk sewer on Keele street, south of Dundas, yesterday afternoon, about five o'clock, an Italian, A. Soper, 564 Dovercourt road, employed by A. Orpen, contractor, was struck by the descending mallet of the pile driver and severely injured.

The heavy weight fell, striking his head and knocking him unconscious to the bottom of the trench. He was picked up and hurried to the surgeons of Dr. R. R. Hopkins, on Annetta street, where it was found necessary to operate.

Schools Held Holiday.
The congregational church, St. John's Church, in a lighting campaign, have raised the sum of \$275 for the grading and seeding of the grounds in the care of the division of Dundas street from St. John's road. A new fence is to be erected and the grounds will be utilized for tennis courts and a bowling green.

City Should Have Special Charter.
W. K. McNaught, M.L.A., Discussed Gooderham Bill at North Toronto.

THE MODERN METHOD OF TREATMENT FOR ALCOHOLISM

The Neal treatment affects alike the periodical, the habitual, the moderate or the excessive drinker, as well as the man who drinks to "steady his nerves." It takes away all inflammation, taste, craving and desire for liquor and the man who once takes the Neal treatment will have no struggle or the least difficulty thereafter to keep from drinking. Its administration is easy, and not attended with the slightest danger. No hypodermic injections are employed, and the medicine used is a harmless vegetable compound, absolutely guaranteed to be free from narcotic or hypnotic drugs. The Neal Institute is centrally located in Toronto at 52 College, and is equipped with all modern conveniences for the comfort of patients—physicians in attendance with lady graduate nurses at all times—absolute privacy is maintained and all business relations are strictly confidential. We shall be pleased to take this matter up personally with all who are interested, and go into the question of treating and when women who are addicted to alcoholism are treated by a method of treatment which is safe and absolutely reliable. For further information, booklets, etc., write, phone, call.
