## HAWTHORNE TRIAL IS STILL DRAGGING ON

NEW YORK, Dec. 30.—(Can. Press.)—The trial of Julian Hawthorne, Josiah Quincy, Dr. William J. Morton and Albert Freeman, accused of fraudulent use of the mails in promoting alleged worthless Canadian mining claims, entered upon its sixth week today with the government's case still being presented.

John McKinnon of Chicago, once secretary of the Hawthorne corporations, was the chief witness for the government today. McKinnon was indicted with the four men on trial and later agreed to turn state's evidence. It was brought out in his testimony that he continued to draw a salary from Freeman after being indicted, that he was occupied for a time in preparing the defence, and that it was Freeman who furnished the bail on which the witness is now at liberty.

Ward 1—Eliet A. E. Walton.  
**IN JAIL FORTY YEARS, SEEKS LIBERTY.**

BOSTON, Dec. 30.—(Can. Press.)—Jesse Pomeroy, whose crimes startled the country nearly forty years ago, attempted unsuccessfully to escape from the state prison at Charlestown today. Pomeroy is serving a life sentence for murdering two children to death when he was 13 years old.

Pomeroy, who is 53 years of age, was sentenced to be hanged in 1874 for the brutal murder of a small girl and boy, Katie Curran and H. H. Miller in South Boston. The sentence was commuted to life imprisonment in solitary confinement by Governor Rice. The convict attempted twice before to escape. Aided by his mother, he has petitioned nearly every governor of the state for thirty years to grant him a pardon.

It is believed that Mrs. Frank Chance is the power behind the throne, which caused the hitch in the arrangement by which the ex-Cub leader was to become manager of the New York American.

Mrs. Chance told a friend in Los Angeles recently that she did not want to see her husband back in the city for the rest of his days, and it was not necessary for her husband to play any more baseball and to do his job for the New York American forces.

**C. N. R. IN ALBERTA MAKES A RECORD**  
Accomplished Biggest Railroad Program Ever Completed in a Canadian Province.

The most colossal program of railway construction ever completed in a Canadian province in a single year has been accomplished in Alberta during the past year by the Canadian Northern Railway Co. This has involved the laying of 362 miles of track upon the main road to the coast, and 43 new branch lines, in addition to this, 432 miles have been graded ready for track laying this coming spring.

The C. N. R. has surveyed 845 miles. This work has given employment to 5000 men and 1700 teams.

**How to Cure Horse Distemper**  
An Experienced Horseman Sol- emnly Declares Nothing Is So Satisfactory as Nerviline.

Says Nerviline Is Fine Liniment  
"After fifty years' experience in raising horses I can safely testify that no remedy gives such good results for an ailment so prevalent as Nerviline." Thus opens the very earnest letter of J. J. Evanston, who lives near Wellington. "I had a very valuable horse that took distemper a month ago, and was unable to get him any better. His throat swelled and he had a terrible cough. I tried different remedies, but was unable to relieve my horse of his pain and suffering till I started to use Nerviline. I mixed a bottle of Nerviline and sweet oil and rubbed the mixture on the throat and chest three times a day, and you would scarcely believe the way that horse picked up. Nerviline cured him. I also have used Nerviline for colic in horses and cows, and earnestly recommend it to every man that is raising stock."

For strains, sprains, swelling, colic, distemper, coughs and colds, no liniment will prove so efficacious in the stable as "Nerviline"—it's good for man or beast, or internal or external use. Wherever there is pain, Nerviline will cure it. Refuse substitutes. Large size bottles, 50c; trial size, 25c, at all dealers, or the Cattaraugus Co., Buffalo, N. Y., and Kingston, Ont.

Out Goes the Coal Oil Lamp.  
No more will the use of coal oil be allowed in the county jails of the province. As a result of a fire which broke out because of an exploded lamp in an eastern county jail, endangering the lives of the inmates, an order was issued by the prisons branch of the provincial secretary's department yesterday, directing counties to install electric lighting in all buildings, even the homes of the turnkeys and jailers. The new regulations go into force immediately.
