LIMITED,

The following is the story of G. Willis, "The ship struck at 12.07 on the morn-ing of Tuesday, Jan, 22. I was on deck at the time smoking a cigar, and was looking at my watch when the first crash came. In an instant all was ex-citement, The vessel recked like is drunken man, slid over the rect and struck again. The command to back her off was given, and she went astern at full speed, but if was too late. The water was pooring in like a mill-race. The wind swung the vessel's stern to the beach and her head to the waves. This saved many lives, as she was then swept back to the shore and struck the thore of was given, and sho went astern the beach and her head to the sware. The wind swung the vessel's stern to the beach and her head to the sware. The wind swung the vessel's stern to the beach and her head to the sware. PAINTERS' BANQUET.

Ottawa, Jan. 25.—The tour of the Prince of Connaught in Canada will, as far as possible, be private, and in consequence, the number of addresses will be limited, and it is proposed to have but one in each place, that of the mayor and corporation. The Master Painters' and Decorators' Association held its fourth annual ball in the Temple last night. The ban-quet, which was served to about 200 guests, was followed by a musical pro-gram.

Yukon Not So Prosperous Railway Charges Too High

Explorer Tyrrell Proposes Rem- newspapers. The banks charge two cent, a month for money, and private individuals collect five per cent from their customers. Mr. McInnes, the new commissioner, is popular with the peoedy For Present Deterrent to Mining by Building Government Line Into Territory. Mr. Tyrrell did very well with his

mining proposition this year, and going back again in the spring. Joseph Tymell, the well-known traveler, explorer and mining engineer, was in the city yesterday. He returned to his home at Ottawa from the Yukon about three weeks ago. Mr.Tyrrell does not speak in very clu-

Mr. Tyrreil does not speak in very ch-couraging terms of the situation in the Yukon. He says the output of gold this year will be about \$7,000,000, as against \$10,000,000 last year. He also says that the output of gold is in the transition stage, its production by indi-viduals being supplanted by companies with large capital, employing systema-tic methods. But this latter process is not quite in sight, nor is it likely to be in sight. according to Mr. Tyr-rell, until the transportation charges made by the White Horse Pass Rull-way are reduced. These charges make the cost of living

From this point to the heart of the Yukon might require a road 1000 miles in length, but Mr. Tyrrell is of opin-ion that the country between the Grand Trunk Pacific and the Yukon is as promising as the Cobalt country in Ontario has proved, and, therefore, it would be a good investment for the government to immediately make the preparatory explorations. The popula-tion of the Canadian Yukon to-day is between 5000 and 6000, 2000 of which is. in Dawson City. Tou can now get a good meal in Daw-son City for \$1, a glass of whiskey for 25 cents. and a newspaper for the same amount. There are still two daily
