

A LIGHT KEEPER'S STORY.

HIS WIFE WAS A FEARFUL SUFFERER FROM RHEUMATISM.

Her Joints Were Swollen and Distorted, Her Nights Almost Sleepless and Her Appetite Gone—Suffered for Several Years Before Relief Was Found.

From The Kingston News. Mr. Hugh McLaren, lighthouse keeper on Wolfe Island, is one of the best known men in this section, and to his vigilance in the performance of his duties is due the safety of the many craft sailing in that part of the St. Lawrence. Mrs. McLaren, his wife, has been an invalid for a number of years, and in conversation with a reporter recently, Mr. McLaren stated that she was rapidly regaining her old-time health since the use of the most marvelous of modern medicines—Dr. Williams' Pink Pills.

Asked if he had any objections to giving the particulars, Mr. McLaren replied that emphatically he had not if such publication was likely to benefit any other sufferer. He said: "A number of years ago my wife contracted rheumatism, and for a considerable time was a helpless invalid. Her joints were swollen and distorted, her nights were sleepless and her appetite poor and very fickle. During those years she experienced excruciating tortures, the pain never ceasing day or night. She had the benefit of skilled medical advice but the treatment afforded no relief, and we began to fear that her trouble had gone beyond human aid. On a number of occasions I had read in the papers cases of rheumatism being cured by the use of Dr. Williams' Pink Pills, and this at last determined us to give them a trial. She had used some three boxes before any improvement was noticed, and then we began to note that she slept better and that her appetite was improved. Then the pains gradually began to subside, and after using about a dozen boxes she was able to get up and walk about. She continued the use of the pills for a while longer, and although occasionally she feels twinges of the trouble in changeable weather, she now enjoys better health than she has done for years, and can sleep as soundly as ever she did in her life, and her appetite never was better. I look upon Dr. Williams' Pink Pills as a wonderful medicine, for I know they have done wonders in my wife's case, and I feel certain that if any who are afflicted as she was will give them a good trial, equally happy results will follow, and I therefore give this testimony freely, hoping that it will benefit some other sufferer."

Mr. McLaren's strong testimony proves the claim made that Dr. Williams' Pink Pills cure when other medicines fail, and that they deserve to rank as the greatest discovery of modern medical science. The public should always be on their guard against imitations and substitutes, which some unscrupulous dealers, for the sake of extra profit, urge upon purchasers. There is no other remedy that the same as "just as good" as Dr. Williams' Pink Pills for Pale People, which always have the full trade mark "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box.

Independent Order Foresters. Last week Bro. John A. McMillan, F.S., visited Court Iniquity, and delivered an address upon the progress of the Order, and on Monday evening last the Supreme Secretary, accompanied by Bros. E. Botterell, F.S.C.R., Mr. Choquette, M.P., Dr. Goldberg, M.P., addressed a large public gathering at Gaitheir Point, near Ottawa, held under the auspices of Court "St. Etienne Pasha" Tache.

On Thursday evening Court Bellevue at Weston held a very pleasant and interesting public gathering in the Home in Rowntree's Hall. The program was interspersed with songs, etc. Refreshments were served during the evening. The local Court at Oxford Centre held a very interesting and entertaining public gathering in the Methodist Church on Thursday evening. Bro. G. A. Harper, assistant Supreme Chief Ranger, and other prominent Foresters were present, who set forth the benefits of Forestry in a very lucid manner. After the concert a banquet was held in the court room. The growth of Forestry is well illustrated by the record for December, 1895, when the receipts were \$26,915.90. After paying out in benefits and expenses for the month, the sum of \$2,215 was carried over to the surplus fund.

The following new Courts have been formed: Courts "Best" at Milton; "Vigilant," at Cleveland; "Kismet," at Elgin, and "Canaan," at Hammond.

Young Men's Liberal Club. A very interesting meeting will be held by the Young Men's Liberal Club at their rooms, Richmond Hall, on Monday evening, when the committee is to report on the number of promises made to the electors by Sir Charles Tupper, and the number of those that have been carried out. A resolution calling upon the Government to strengthen Canadian defenses on the border, and to properly equip and arm our militia. An election for five members of the Executive will also be held.

The York Township contest. Of the eight candidates who originally stood for the vacancy among the deputy reeves of York Township, two, Mr. F. C. Miller and W. J. Moore, have retired. This leaves in the field R. J. Bull, R. Nimmo and J. Morgan. Monday, the election takes place on Monday, and the result will probably be announced at 3 p.m. at the Town Hall, Exinton.

A Short Road to health was opened to those suffering from chronic coughs, catarrhs, bronchitis, croup, asthma, pneumonia, excoriated throats, indigestion, and other ailments, by the introduction of the Electric Oil remedy, Dr. Thomas' Electric Oil.

Athletic Life for February. The February number of The Athletic Life is to hand, and contains an illustrated article on the history of the University of Toronto by James G. Merrick; also one on the Toronto Athletic Club, illustrated by the editor. Trout culture, by Mr. C. H. Riggs, is quite a feature of the number, also Hockey in Canada, by Mr. S. B. Flower. The current number is an excellent one, and should be in the hands of every lover of sport.

Only those who have had experience can tell the tortuous course. Pain with feet boots on, pain with them off—pain night and day; but relief is sure to those who use Holloway's Corn Cure.

FLOUR AND GRAIN SECTION.

The Reorganization of This Section Causes Some Bad Feelings.

After the usual call board yesterday it is announced that the section would be reorganized, and he called for nominations for the Executive Committee. The names proposed were Messrs. John Carrick, Thomas Flynn, James Carruthers, C. B. Watts and M. McLaughlin. These gentlemen were elected, with Mr. McLaughlin chairman.

There is a good deal of bad feeling expressed by members at the appointment of the new Executive Committee. The chief reason being that no large dealers in Manitoba were on the committee. It is also stated that members had no previous notification of the reorganization of this section, and many in consequence were absent.

The National Council of Women. At the meeting of the National Council of Women of Canada, held last night, a resolution was carried which pledges the council to plan, introduce and carry forward measures which will result in the appointment of qualified women physicians for all institutions in which women are detained either for crime, insanity or disease.

The council also endorsed the principle of arbitration for the settlement of all international disputes. The resolutions were ordered to be engrossed and forwarded to Lady Aberdeen. There will be a public meeting of the Toronto Local Council of Women, at St. George's Hall, Elm-street, on Monday afternoon at 3 o'clock.

St. John's Entertainment at Norway. The Executive Committee of St. John's Church, Norway, scored a decided success at East Toronto on Thursday evening with its "cup and saucer social."

The affair opened with a literary program, not too long, and made up of capital numbers supplied by Mrs. J. Fogg, the Misses N. Warningsley and J. Gunn, Mr. H. Jordan and the Trinity College Mandolin Club.

As part two of the entertainment, Miss Mabel Wallace and Messrs. F. Paget and W. Creighton gave a representation of "Box and Cox," which should be repeated in Toronto. The chairman, the Rev. G. L. Starr, then made a few appropriate remarks on the work of the Executive Committee, after which came the social proper and refreshments.

Protest Welch on "George Elliot." The public will be relieved to hear that the University Councils have been able to carry out their original intentions in respect to this afternoon's lecture, and that Provost Welch's address on "George Elliot" will be delivered according to the printed program, at 3 o'clock in the Students' Union Hall, Gymnasium building, Queen's Park.

The provost has only spent four months in Toronto, but has already a host of friends and admirers. It is to be hoped that he will do well to present himself at the Gymnasium building before 3 o'clock, inasmuch as the hall, though the largest the University possesses, will not seat more than 400 persons, and those who have heard Dr. Welch already will be the more anxious to hear him again.

The Knox College Conference. The fourth day's proceedings of the conference of Knox College Alumni Association were mainly of a devotional character. Only two papers were read and discussed. The gist of the first one, "Elements in the Development of the Church," was given by The World on Thursday, and that of Rev. Prof. McLaren on "Christo-Centric Theology," was referred to yesterday. In the afternoon Rev. Louis H. Jordan dealt at length with the significance and value of "The Brahmo-Samaj" in India. The conference adjourned until Monday.

Wise Women! Two Opinions Freely Given. Wise women always use Diamond Dyes when the work of home dyeing begins. The majority of women know that Diamond Dyes produce the richest, strongest and most brilliant colors. Two users of Diamond Dyes freely give their opinions.

Mrs. A. Chittick, Windsor, N. S., says: "Have used Diamond Dyes for over two years and find them ahead of all others; they are the best for producing clear and lovely colors."

Mrs. J. H. Conter, Neepawa, Man., says: "I have always much pleasure in using Diamond Dyes; I think they are grand, and always make odd things look like new."

Radam's Microbe Killer. Greatest Discovery in the World. For the cure of all diseases which are caused by germs. The blood is your life. Keep it pure and no disease can hold forth in your body. No drugs can purify the blood. There are no drugs in our remedy. It is chemically pure air and water combined, and fulfills nature's demands.

John Shaw. Yonge street Arcade, Agent for the William Radam Microbe Killer Co., Ltd., Toronto.

The The The Best. Rest. Test.

There are two kinds of sarsaparilla: The best—and the rest. The trouble is they look alike. And when the rest dress like the best, who's to tell them apart? Well, "the tree is known by its fruit." That's an old test and a safe one. And the taller the tree the deeper the root. That's another test. What's the root,—the record of these sarsaparillas? The one with the deepest root is Ayer's. The one with the richest fruit,—that, too, is Ayer's. Ayer's Sarsaparilla has a record of half a century of cures; a record of many medals and awards—culminating in the medal of the Chicago World's Fair, which, admitting Ayer's Sarsaparilla as the best, shut its doors against the rest. That was greater honor than the medal; to be the only Sarsaparilla admitted as an exhibit at the World's Fair. If you want to get the best sarsaparilla of your druggist here's an infallible rule: Ask for the best and you'll get Ayer's. Ask for Ayer's and you'll get the best.

Still have doubts? Send for the "Carebook." It kills doubts and cures doubters. J. C. Ayer Co., Lowell, Mass.

DOMINION BREWERY CO. (LIMITED) OUR RUSSES.
