new school suits. While the boys have been having a good time wearing out their clothes, we have been busy getting ready for their fall needs-such a grand display we have too for their use-twopiece Nerfolk suits in such prefusion as to make you think ours a wholesale stock instead of retail, but when you come to think of the vast army of boys we help to clothe, our stock is not too large.

Suits made from every kind of cloth that is worth putting into boys' clothes with prices just right.

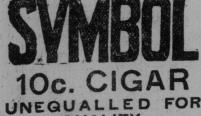

REPAIRING THE SCHOOLS.

Work is Being Harried Along in Preparation for Reopening.

This is a busy season in the office of the inspector of buildings for the hoard of education. There are only three weeks between now and the opening of the schools, and the department is in the middle of the summer repairs. There is the usual rush incidental to anything that has to be done in a limited time, but the officials and the contractors are confident that they will have the last board sawn, the last nail driven and the last daub of paint on when the young idea shows up reluctant but suspiciously clean on the morning of Sept. 6.

The three collegiates, Harbord in particular, are coming in for vigorous renovation and repair and some of the big public schools are in the hands of the alteration and repair artists. Of these latter, Dufferin school, Parks school, Bolton-avenue and King Edward schools are receiving attentions that are costing the city the most money.

There are four big building operations, one in progress and the other times.

Looks Bright for Settlement. The prospects of an early settlement of the bricklayers and masons trouble with the contractors appear to be president. The president of the Master Builders' Association was notified this afternoor that the union would meet be contractors to work by the contractors to the state of the state afternoon that the union would meet the contractors to-morrow. Both sides profess to be anxious for a settlement. When the trouble is settled it is probable that the contractors will find a great many of the men missing, for they have been leaving the city by scores for other places where they can get plenty of work. The contractors claim that their ranks remain unbroken, altho it was reported that two or three of them would start work to-day.

To Puild a Wing.

To Puild a Wing.

The heardful sovernors decided this

money.

There are four big building operations, one in progress and the other three to be started very shortly. The first, Jesse Ketchum school, is almost ready for the classes. Hamilton-street school, which was also burned last winter, is to be replaced by a handsome structure on Broadview, but it will not be ready until next fall. In the meanwhile the pupils will remain in the temporary class rooms rented by the board.

Additions will also be made to Cottingham-street and Huron-street schools. The other work in the build
An Unexpected Deliverance.

An Unexpected Deliverance of Bird of During not the Stand, about 120 miles northwest of Dominica, in the Leeward group, by the British warship Tribune, which is now denied from London. The department will make careful inquiry, altho there is not the silghtest idea that the integrity of the Monroe Doctrine may be involved.

It is understo

Additions will also be made to Cottingham-street and Huron-street schools. The other work in the buildings department consists chiefly of renewing planking in the yards, mending fences, painting and repairing the plumbing and drainage.

Ottawa Children's Excursion.

Alfred Wood of The Ottawa Free Press conceived and carried out the biggest children's entertainment ever given in America. After securing the co-operation of the Ottawa Electric Railway he issued an invitation thru the columns of The Free Press to every boy and girl in Ottawa to come out with him to Britannia on the Bay, and spend the day at that now famous summer resort.

The day after the invitation thru tingham are at the back of it. The company has natural gas wells near Grimsby, and it wants to bring gas for power, light, and heat. The company will undertake to lay pipes by May 1, and to lay ten miles of pipe, and be ready to supply gas within six months. It offers to let the city fix the rates at a much lower figure than the Hamilton Gaslight Company exacts. The rate offered is 45 cents per thousand feet for power and manufacturing purposes, and 65 cents for light and heat. For manufactured gas the company will charge 95 cents a 1000 less than the old company. There will be a further discount on all the rates of 5 per cent. for prompt payment.

Judge's Husy Day.

Judge Snider dealt with criminal cases to dealt with criminal cases to dealt with criminal cases to dealt with criminal cases.

Judge Snider dealt with criminal cases summer resort.

The first day after the invitation was issued some 10,000 children called at The Free Press office, and during the next two days 5000 more children called and received railway and resolution resolution.

Judge Snider dealt with criminal cases to-day. Jake Burgess, arrested in Toronto for stealing a watch from an Indian named Peter Schuler, was sent to Kingston Penitentiary for two years. William Dayey, who stole a pair of boots from Thomas Appleton will do called and received railway and refreshment tickets.

The whole affair was well conducted and magnificently carried out. Mr. Wood was the idol of the Ottawa young folks.

GUELPH REAPS A PROFIT

Continued From Page 1.

easure and satisfaction to those in-rested in the welfare of Guelph. Espe-ally must this be the case with re-James Shields, Who Was With Kane,

Explains, But There is Still

Some Mystery.

Hamilton, Aug. 16.—(Special.)—The jurors who were investigating the circumstances in connection with the death of Austin Kane decided to-night that Kane was killed by an eastbound T., H. and B. train, and his body was run over by a westbound train. At the conclusion of the proceedings Friday night it looked as tho there were grounds for a strong suspicion that Kane had been murdered. This evening the mysterious stranger who was seen with Kane turned up. He proverside in the welfare of Guelph, Especially must this be the case with regard to the light and power plant, regard to the light and power bank in the welfare of the light and power bank in the welfare to the light and power plant, regard to the light and power bank in the light and power plant, regard to the light and power bank in presented last night, duly audited, the profit for the first year of operation, recently closed, exceeds what was anticipated when it was taken over. This, too, is after a sufficient allowance has been made for deventable and the system presented last night, duly audited, the pr

ing the mysterious stranger who was seen with Kane turned up. He proved to be James Shields, 42 North Wentworth-street, and his story cleared up the mystery to the satisfaction of the jury, altho there are several strange circumstances still unexplained. Shields said that he left Kane some time after midnight last Tuesday in a ditch near Garth-street. Kane declared that he was too tired to walk home, and said he intended to pass the rest of the night where he was. In order to get where his body was found he must have climbed a steep embankment that would have been hard for a sober man to scale to get to the T., H. and B. tracks. How the body was moved where the first train is supposed to have struck him was not explained.

Looks Bright for Settlement.

The words and the system not made an aldermant football, there is no reason why this record cannot be kept up. Scarcely less gratifying is the report of the Gelph Junction Railway, so long heralded as a white elephant on the city's hands. It is hardly to be expected that every quarter of the year will show as handsome a balance on the right side, and hence we can't expect a total profit for the year of \$16,000, but the earnings promise to go beyond those of 1902. It will be remembered that last year the road paid over to the city the sum of \$10,000, being 5 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 6 per cent, on the sum of \$10,000, being 7 per cent, on the sum of \$10,000, being 7 per cent, on the sum o

on the whole, this city has no reason to regret the ventures so far made in municipal ownership, and, while it may be so slow for a year or

To Ruild a Wing.

The hospital governors decided this afternoon that it would be necessary to build another wing on the institution. It will likely be added to the west side of the present building, altho the board has none too much land for a safte. The governors will bring the matter before the finance committee, and it is probable that a bylaw to raise the necessary funds will be submitted to the ratepayers. The salary of Mrs. Buchanan was increased to \$40 a month. The governors agreed to get milk for the institution from the Pure Milk Company at 17c a gallon.

Press Beaten by "Ringers."

Altho the city hall baseball team played a lot of ringers, including an ex-National league man, a fireman, and a city league player they narrowly escaped defeat this afternoon at Brittania Park at the hands of the crack press team. The score was 12 to 17 in favor of the Tax-Eaters. Louis D. Jones was the umpire.

The 91st Highlanders have invited Lord Minto to present the colors to the corps on Sept. 17. The officers have also asked for two new companies.

Elijah Bacon was arrested this morning on the charge of stealing fat from the officer at the Bessey's restaurant.

'THE DEATH OF WOLFE"

Benjamin West's Masterpiece Loaned by His Majesty the King to the Canadian National

29th to Sept. 10th, 1904.

His Majesty King Edward VII. has loaned from his private collection in Kensington Palace, the great masterpiece of painting by Benjamin. West, entitled The Death of Wolfe," and this magnificent painting will be exhibited entirely without extra charge in the art gallery at the Canadian National Exhibition. Toronto, from Aug. to Sept. 10 next. This kindly remembrance of the Canadian people by His Majesty is another evidence of his interest in and affection for them. It is doubtful if anything which he could have sent to Canadian for use it the exhibition would have given so much pleasure to the tens of thousands of people who will riew Benjamin West's famous picture in the art gallery on the grounds.

If the art gallery, and if, indeed, the whole Canadian National Exhibition, had no other attraction than this single one. It would be well worth a visit, for the picture of the "Death of Wolfe," portraying, as it does, the most dramatic moment in the history of British North America, is one which cannot fall to thrill the heart of every Canadian citizen. The art gallery will, however, also contain in addition to its many usual attractions, three great pictures, which have been loaned to the association for this purpose by Sir George A. Drummond of Montreal. These pictures are as follows: "The Raising of Jairus" Daughter." "The Last of the Girondists" and "The Conqueror." They are acknowedged as among the great masterpleaces of the world, and their total value is more than \$150,000. These pictures will also be exhibited without extra charre during the entire continuance of the Canadian National Exhibition.

All business condenstal. D. R. McNaught & Co., 10 Lawlor-Building, 6 King West. SK FOR OUR RATES BEFORE BOR

BEFORE THE GRAND STAND.

There are, however, other famou attractions which will be seen at the ext bition, chief among which may, perhap be recorded the band of the "Black Watch Regiment, which is coming from Scotlan for the express purpose of performing of the grounds, and which will play three corcerts daily, one on the grounds in the morning, and also before the grand stan in the afternoon and evening of each day The "Black Watch" is perhaps the mos famous regiment in the British empire, and its bandsmen will receive the tremendou welcome from the visitors to the exhibition. The pipers of the Black Watch" are also coming, the men whose pipes have less the regiment to victory on many a hard won field, and these famous pipers will take a leading part in the presentation of the pyro-military spectacle, the "Relies of Lucknow," which will be given before the grand stand leach evening.

REDUCED FARES.

REDUCED FARES. REDUCED FARES.

It should not be forgotten that reduced fares can be obtained to Toronto for the exhibition from all points in Canada and the United States, particulars of which can be obtained from your incarest station agent, and that up to Aug. 27 a limited number of fickets of admission may be secured by application at the offices of the company, or to agents throughout the City of Toronto at the low rate of six tickets for one dollar. one dollar.

The Canadian National Exhibition of 1904 will be the greatest event of its kind ever seen in the Dominion, and will undoubtedly attract visitors from all over the Continent of America.
