Too Much Gold Kills Business In Switzerland

President of Swiss Bank Says Conditions Are Becoming Worse. Geneva, May 25.—Switzerland is being buried beneath a golden avalanche, according to the president of the Swiss Bank. He says the gold stored in Swiss banks has no outlet in Europe, that many industries are at a standstill, and the situation is becoming worse. The hotel industry is nearly ruined. Mr. Sarasin declares, largely because the adverse exchange is keeping away tourists. CHIROPRACTIC A. W. Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified coconut oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get mulsified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

The HOVER IT BEATS... AS IT SWEEPS AS IT CLEANS. Renting a vacuum cleaner in the spring is a makeshift, unsatisfactory method of attacking dirt accumulations. Ripping up of carpets and the slavery of beating them is even worse. Neither plan will keep your home perpetually clean and sanitary. Work till your back aches every day with the dust-throwing old corn broom, and, in spite of you, wearing grit grinds into and under the carpets or rugs, discoloring them, breaking down the nap, and shortening their life.
