SAVE \$100,000  
IN FIVE YEARS

Whitney Government Awards  
Contract for Printing to  
Methodist Book Room  
and E. H. Har-  
court & Co.

SAVE \$100,000

Old contract .....\$80,000  
New contract ..... 60,000  
Annual saving ..... 20,000  
Saving in five years .....100,000

Between \$20,000 and \$30,000 is the tidy sum which the Whitney government will save the people of the province on the new contract for the public printing, which was awarded yesterday to the Methodist Book Room and E. H. Harcourt & Co.

From this and other recent occurrences it would appear that this is a great year for the Methodists and also for the people, for on April 20 the government gave the contract for printing the new school readers to the T. Eaton Company, prominent Methodists, and made a saving to the people of the province estimated at \$50,000 for the first year, and \$125,000 for the remaining nine years of the contract.

For the past ten years the firm of Warwick Bros. & Rutter has done the government printing at a cost of \$80,000 to \$90,000 a year. The new contract is for \$60,000, so that, as it has five years to run, commencing on July 1 of this year, the Methodists will be the gainer by at least \$100,000 in that time.

It is understood that the tenders were remarkably close in the totals, the large divergences were shown in the figures for particular items. Six firms sent in tenders, but only one tendered for the whole contract.

The printing contract is divided into five sections, of which the first four are awarded to the Methodist Book Room and the fifth to E. H. Harcourt & Co.

The first section includes the printing of the orders of the day, votes and the binding of these.

In the second section are included the sessional reports, parliamentary returns and bulletins of these latter a great and ever-increasing number are issued every year, especially by the department of agriculture.

The third section is concerned with the printing of The Ontario Gazette.

Job work, departmental searches, departmental forms, etc., comprise the fourth section.

The fifth section is made up of the ruling, printing and binding of such blank books as are required by the several departments.

READ THIS, DIOGENES

And Then Go to St. Mary's, Ont. For Your Honest Man.

GALT, May 13.—(Special.)—An interesting bit of fire insurance history has just come to light in the official records of the Gore District Company of this town.

St. Mary's, Ont. has a loss by fire, for which the adjusters allowed \$25,000. At their next stock-taking the firm became convinced they really had not lost more than \$3750. Having confirmed this by a second stock-taking, they immediately returned the fire insurance companies \$2250, overpaid by them, the share of the Gore being \$288.43.

The explanatory letter was ordered in the company's minutes in full and a resolution, moved by R. S. Strong, seconded by W. K. McNaught, M.L.A., was passed, expressing the appreciation of the high-minded and honorable course pursued by the Messrs. Galt.

VERDICT NOT STRONG ENOUGH

Kinrade Juryman Appeals to Mr. Foy to Follow Up Case.

Attorney-General Foy received the following letter from R. B. Spera, foreman of the Kinrade jury:

"I see by the press that you are to take up the Kinrade case early this week with the members of the cabinet. This matter should be given the most searching enquiry in the interests of society. It is no doubt a difficult task, but I am sure that you will not be satisfied until you have reached the bottom of the matter. I hope I have not transgressed in taking the liberty of writing you, but I feel it is not a trifling matter."

ENGLISH CAPITAL FOR RUPERT

An Investment of Millions is Said to Be in Prospect.

VANCOUVER, B.C., May 13.—(Special.)—Moreton Frewen, a distinguished English capitalist, and representative of English capital, will become heavily interested in the Grand Trunk Pacific railway at Prince Rupert, B.C., in connection with the Grand Trunk Pacific railway, which is a large industrial undertaking at the Pacific terminus. Frewen is in a hurry, because he has to be back in Vancouver in time for the commencement of the Prince Rupert auction sale. Exactly what his plans are, he declares he is not prepared to state, but he has had another meeting with Hays. It is reported, however, that several millions of dollars are involved.

29TH YEAR

## DEPUTES HAVE A WILD SESSION

Afternoon of Disorder in French Chamber, Ending in the Strong Endorsement of Government Policy.

PARIS, May 13.—A turbulent session of the chamber of deputies to-day ended in another signal victory for Premier Clemenceau when the government's policy with regard to the postal strike was emphatically endorsed by a vote of 464 to 59, including also the government's insistence that the postal employees and other functionaries have no right to strike.

Immediately afterwards the chamber passed a vote of general confidence in the government, 365 to 159.

The strikers received the chamber's rebuke with a shrug of the shoulders, declaring that it only served to bind closer their forces, which soon would startle the country by a big increase in the postal rates.

On the other hand, it is estimated that the government has other plans in view to offset any serious growth of the strike.

Up to midnight there was no change in the situation. If anything, it was in the direction of the weakening of the strike sentiment. The general conviction is that if the movement does not make vast strides to-morrow, it is almost certain of complete failure.

M. Barthou, the minister of public works, roads and telegraphs, during the course of the debate, asserted that only 287 out of 24,205 postal employees in Paris and the department of the Seine are out, and the conditions in the provinces were even better.

An Exciting Uproar.

M. Sembat and Jaures warmly defended the stand taken by the strikers and the latter charged that for years past a parliamentary majority had encouraged "syndicalism," and he pointed out that the Swedish Government had just concluded a five year contract with the employees of the state-controlled railroads.

Suddenly M. Clemenceau, Radical Republican, intervened and virtually charged the Socialists with being the tools of the reactionaries. He declared specifically that the Socialists owed his seat to the Duke D'Uzes.

Instantly Bedlam broke loose. M. Morel tried in vain to make himself heard above the clamor, and M. Brisson, president of the chamber, clapped his hat on his head as a sign that the session was closed. The tumult, however, continued.

The Socialists began singing the "Internationale," to which M. Raoul D'Asson and his royal colleagues, standing on chairs, responded by singing "Long Live Henry IV."

Finally the public and the press galleries were cleared out and the tribune was left to the strikers and the government. Outside in the corridors several persons who raised the cry of "Long live the King," were also heard.

Premier Clemenceau and the ministers remained on their benches. At first they were amused, but later they grew indignant, and summoned the sergeant-at-arms, who ejected M. Baudry D'Asson. After an hour's intermission the session was resumed.

M. Baudry D'Asson mounted the tribune to make a personal explanation, but the Socialists soon were on the verge of a riot, and the speaker was forced to leave.

The Choice.

Premier Clemenceau closed the session with the declaration that it was merely a case where France must choose between revolution on the one hand and progressive evolution on the other, or between work under Republican law and order, and a spirit of anarchy which would disorganize and rend the republic.

HOME OFFICES NOT MOVED

O.R.C. Decide to Continue Them at Cedar Rapids.

BOSTON, Mass., May 13.—(Special.)—Canadian delegates to the 32nd Grand Division of the Order of Railway Conductors of America combined business and pleasure in a busy day. In the morning they went on an excursion down the harbor and along the north and south shores of Cape Cod as guests of the Brotherhood of Locomotive Firemen.

It was decided to-day by an almost vote to one to let the home offices remain at Cedar Rapids. The Canadian delegates supported the administration in this matter.

To-night the entire Canadian representation are attending the complimentary ball in the main hall of the Mechanics' Building. The Canadians will to-morrow be taken on a special train as guests of the New York, New Haven and Hartford Railroad to Crescent Park, Providence. There they will be met by a clamor by Providence division. To-morrow night the women will be the guests of the Boston lodges of the Brotherhood of Railroad Trainmen at a theatre party, and the men are invited to a smoke talk in Payne Memorial Hall. All the Canadians are well.

GOT OFF WITH FINE

But Italian Colony is to Be Disarmed.

BRANTFORD, May 13.—(Special.)—H. Nyagarias, one of the Blue Lake Italians implicated in the charge of deserting live stock and indiscriminate shooting, was fined \$10 by Mayor Patterson of Paris to-day, who ordered that the Italians be deprived of all firearms in their possession.

One witness said the Sabbath proceedings among the colony have been a continuous roar on a battlefield. The Italians claimed they were merely shooting birds.

## COMING UP

Mr. Maclean: "I sowed the seeds early."

## HAMILTON BUSINESS MAN ENDS LIFE IN THE WATER

Note Found on Beach Indicated That A. W. Maguire Committed Suicide.

HAMILTON, May 13.—(Special.)—The discovery was made this evening that A. W. Maguire, 13 South West-avenue, a well-known flour and feed merchant, who had conducted a business at 188 West King-street, for many years, had committed suicide because of business troubles, supposed to have been caused by losses on the wheat market.

His body was found floating in the harbor, and a party who were plying on the eastern arm of Van Wagner's Beach, found some clothing and a watch on the beach, with a note written on a pad, and which Mr. Maguire took orders, addressed to his son, William.

He said that it was the result of a long and painful struggle, and that he had found it impossible to carry on his business.

He expressed sorrow for the dead body, and said that he was sure that the body would be found in the lake. He further expressed sorrow for any mistakes he might have made in a business way.

His son was notified promptly and a search was begun for the body, which had not been located till a late hour to-night.

The note was dated May 11.

## CHILD BADLY BURNED

Was Playing With Matches and Set Fire to House.

The two-year-old daughter of E. E. Lawson, 71 Soran-avenue, was seriously burned about the head and arms yesterday afternoon in a fire caused by the child playing with matches.

His son was notified promptly and a search was begun for the body, which had not been located till a late hour to-night.

Fire in the home of William Fraser, 262 Robert-street, caused by the explosion of a pot of varnish which was being boiled upon a stove, damaged those premises to the extent of \$75 yesterday afternoon at 6 o'clock.

## Slide of Rock Wrecks Engine On Precipice

Passengers on Train in Wild Section of C.P.R. Branch Line Have a Narrow Escape.

NORTH BAY, May 13.—(Special.)—A serious accident occurred on the Kippen branch of the C.P.R. between Mattawa and Kippewa. That no casualties occurred is almost miraculous.

The railway runs north from Mattawa to the foot of Lake Temiskaming, and winds its way thru the Laurentians, along narrow ledges far above the Ottawa River, and thru many high rock cuttings.

As the passenger train north, heavily laden, was passing thru a particularly dangerous section, where the road bed clings to the mountain side, with the river many feet below, a five-ton rock crashed down the declivity, wrecking the locomotive, but fortunately not forcing the train over the precipice. Passengers were severely shaken up by the sudden stop, but not seriously injured.

So tightly was the engine wedged by the immense rock that dynamite had to be utilized to clear the wreckage.

At Woman River, on the C.P.R., 300 miles west of North Bay, a freight train telescoped another freight standing at the station, smashing up several cars and seriously injuring Conductor Lavie of Chapeau, who was in his van when the crash came.

## MILK COMMISSION NAMED DR. A. R. PYNE CHAIRMAN

Dargavel, Macdiarmid and Nickle, M.L.A.'s, Other Members Appointed By the Government.

Dr. A. R. Pyne, brother of the minister of education, and an analyst of note, it is understood, has been selected by the Ontario Government as chairman of the new milk commission.

The personnel of the commission will include J. R. Dargavel, M.L.A., Finlay Macdiarmid, M.L.A., and W. F. Nickle, M.L.A. A secretary is yet to be appointed.

The commission will hold their meetings in different parts of the province, as may be convenient to the work in hand. It is understood that they will commence their duties about the end of the present month.

## CANNOT BEAT BASEBALL

Playground Association Votes It Healthy Sport For Boys.

PITTSBURGH, May 13.—Baseball is a healthy sport for boys and should be encouraged on the public playgrounds, decided the Playground Association of America at its third annual congress.

It was held by some that boys were permitted to begin the game too early, and by others that it took up too much room on the playgrounds.

Others advocated "shinny." Many were advocates of a new national game to take the place of baseball, but the vote disclosed a large majority for the present national game.

Athletics for girls was discussed, but occasioned no friction. Girls were urged to jump the rope, indulge in running games and play in groups.

## A NOD FOR A BET AT BELMONT PARK

Racing Season Under Hughes' Law Opens—With Less Than 10,000 to See Classic Event.

NEW YORK, May 13.—The long-deferred and anxiously awaited opening of the metropolitan racing season, which was coupled this year with the running of the classic Metropolitan Handicap, passed into history to-day with the winning of the blue ribbon event of the occasion by S. C. Hildreth's fleet colt King James, from a field of eleven starters.

The weather was perfect and served to bring out a fashionable crowd. In the grand stand the attendance was considerably thinner than on previous Metropolitan Handicap days, the entire number aggregating less than 10,000, but in view of the blue placed upon race track betting last year by the Hart-Agnew law, the falling off was not such as to create surprise.

The betting question looms large in the racing world and to-day's straits were awaited with much trepidation by those followers of the sport who have been wont to lay a wager on the chances of the various horses engaged.

The net results of the day were that under materially altered circumstances betting of a sort is tolerated. The new form, however, is a sad travesty of the practice flourishing in the days of the Berry-Gray law, the layers stood on the concourse in front of the grand stand and in whispers and by nods accepted wagers and gave odds. If the would-be better was known to the layer his bet was accepted with a muttered "You're on." No money was passed—the layer trusted the better to search him out after the race and pay him the amount of his wager if he lost, and the better on his part trusted the "bookmaker" to look him up in the same fashion and give him his winnings—if he won.

Some of the layers settled outside the grounds after the last race and others on the trains coming back, but most of them put off settling up until morning at appointed quarters in town.

The field stand, where thousands have assembled in former years, for a cheap admission, was closed to-day and this was one of the noticeable omissions of the usual race track features.

Racing will be resumed Saturday. There will be races but three days a week, Tuesdays, Thursdays and Saturdays.

## FALLS MILE IN MINE SHAFT IS PICKED UP CONSCIOUS

But Every Bone in Body Was Broken and Death Soon Ensued—Michigan Tragedy

DETROIT, Mich., May 13.—(Special.)—Three miners at the Whitewood shaft of the Calumet mine, met a fearful death this afternoon, when, thru the breaking of a cable, they were precipitated from the 600-foot level to the bottom of the shaft, a distance of over a mile.

The men were all foreigners. Sixty, one of them was perfectly conscious when picked up, although every bone in his body was broken, and he died within a few minutes.

## CONMEE BILL IN SENATE

Some Protests Are Made—Government and the Perks Proposal.

OTTAWA, May 13.—(Special.)—In the senate to-day, on motion by Senator Watson, for the suspension of the rules relating to the Ontario and Michigan Power Co., protests were made by Senator Landry, Sir Mackenzie Bowell, and Loughheed against it.

Senator Watson said the senate had been great objection to the bill in the Province of Ontario, and in the commons, it was noted.

Senator Watson said the senate had been great objection to the bill in the Province of Ontario, and in the commons, it was noted.
